SATURDAY, 10 CENTS

Lewis Orders Miners Back To Work

Return to Jobs Until March 31

WASHINGTON, (AP)—The soft coal strike was called off Saturday.

In a letter to members of the United Mine Workers, John L. Lewis said he was ordering the miners back to work at least until March 31 so that the supreme court could be free from "public pressure superinduced by the hysteria and frenzy of an economic crisis."

PITTSBURGH, (AP)—Industry in the United States Saturday braced itself for further unemployment inroads from the coal strike amid reports the tiny trickle of fuel coming from the pits was increasing slightly in West Virginia and Pennsylvania—the two biggest bituminous coal states.

With more than 290,000 workers affected, in addition to 400,000 miners, new and sharper setbacks were predicted on every hand as a result of the added freight ban. Total strike idle of 5,000,000 was forecast by year's end if the shutdown lasts that long.

In West Virginia, where 102,000 soft coal diggers normally work, Jesse V. Sullivan, secretary of the West Virginia Coal association, declared "daily increasingly defiant" miners have returned to work at scattered operations, "seemingly fearless" of possible union retaliation.

The navy coal mines administration said 441 mines were operating in Ohio, West Virginia and Pennsylvania, employing more than 13,000 union and non-union miners and producing an estimated 185,000 tons. That output represents 15 percent of the area's normal production. In the immediate Pittsburgh area of the solid fuels administration said 44,000 tons were now being dug daily by 3,000 miners in 96 strip mines after the recent increases.

Altoona, in the heart of the rich central Pennsylvania area, reported production and risen 26,000 tons a day to 40,000.

In Washington, the Civilian Production administration froze equipment—such as surplus power shovels and cranes—needed to strip mine coal and directed the war assets administration to sell only to holders of C.P.A. certificates.

Meanwhile, unemployment spread with steel and iron counting a total of more than 55,000 idle, railroads reporting 60,000 furloughed, and miscellaneous industries accounting for 171,000.

In Washington, the Association of American Railroads made an exception in the freight embargo of railroad traffic over lines which do not burn coal. As Office of Defence Transportation agent, the as-

Report Government to Move Maritimes Jobless to West

OTTAWA, (CP)—The government will finance a plan to transport Cape Breton's surplus labor to labor-short industries in western and central Canada, it was learned here Friday. The scheme is said to involve several thousand unemployed in Cape Breton.

(Alberta like the other eight provincial governments, reported Saturday it was "greatly interested" in the federal plan, but announced it had "no information, whatever" on a mass exodus of unemployed workers from Nova Scotia.)

The Ottawa report declared the plan had been under study for some time by the department of labor, and had been placed before the cabinet. Further action was being delayed pending settlement of the two-week-old strike of gold and copper miners at Noranda, Que.

The unemployed would be moved to the hard-rock mines of Ontario, Quebec, Manitoba and Yellowknife, and to lumbering and electrical power development industries in Ontario and Quebec.

More Europeans Sought

The cabinet also has been urged by private industry to arrange movement of men from Europe to help under-manned industries, along the lines of the migration of the 1,900 Poles, many of whom are now on Alberta farms. It was understood the cabinet is not favorable to such a project because of the view organized labor might take.

Latest survey figures show a shortage of 10,000 men in the lumber industry, 8,000 of these being needed in the Ontario woods. Gold and base metals mines right across the north say they could step up production if labor were available.

3,500 Registered

The majority of the men unemployed in Cape Breton and involved in the movement are veterans who joined the service directly out of school and never held jobs in their lives. Registered unemployed on Cape Breton island number 3,500 men mainly in the industrial towns of Sydney, Glace Bay and surrounding coal mining areas.

No men now mining coal in Cape Breton would be brought under the scheme.

Sentence of Death Commuted to 'Life'

OTTAWA, (CP)—The death sentence of Mrs. Marie Desmeules of Port Arthur has been commuted to life imprisonment, the state secretary's department announced Saturday.

Mrs. Desmeules was convicted at Port Arthur in the slaying of her landlady, Mrs. Thomas, and was sentenced to be hanged Nov. 28. Execution was stayed pending appeal.

The Weather

Forecast: Clear, occasionally cloudy. Becoming overcast with continuous snow late tomorrow afternoon. Light southerly winds shifting to north 20 m.p.h. tomorrow afternoon. Colder.

Estimated low tonight, 15 above. Estimated high tomorrow, 20 above.

At Edmonton Sunday, sun rises 8:36; sets 4:15; Monday sun rises 8:37; sets 4:15.

Yesterday's maximum, 27 above. Overnight low, 13 above.

Hope Is Abandoned For 25 Men on Sub

TOULON, France, (AP)—Hope was abandoned Saturday for 23 men trapped in the 250-ton French submarine 2326, believed sunk by a floating mine off Toulon, a spokesman for the ministry of marine said.

French naval authorities said three high-ranking officers were aboard the craft.

LONDON, (AP)—The Truant, an unnamed British submarine which had been sold for scrap, drifted off Eddystone light Saturday after being abandoned by a tug in rough weather. Regarded as a menace and danger to navigation, the admiralty sent naval vessels to search for it.

The Truant, built in 1939, sank the German cruiser Karlsruhe in Oslo Fjord in 1940 and gained a reputation as the "adventure ship" during a 2½-year cruise in which she sank more than 20 Axis ships.

To Study North As Testing Field

OTTAWA, (CP)—A group of Canadian army and air force officers is making a study of parts of the north country from several defence angles, a government official said Friday, but he described it merely as "a routine job, the type of which we are doing all the time."

Dr. O. M. Solandt, director-general of defence research, said he had spoken to the group before it left for Ottawa and had asked its members to study the territory they cover, among other things, from the long-range possibility that Canada might some day wish to enter the guided missile field.

However, he hastened to add, "I can say quite definitely that Canada has no present plans or commitments in the guided-missile field."

Expect Increase In Sugar Ration

OTTAWA, (CP) — Likelihood of an increase in Canada's sugar ration for 1947 was seen here Saturday after a Washington announcement that, barring "unpredictable disasters," the United States would get a five-pound increase.

Since both countries receive sugar from the world pool on an equal per capita basis, the same amount would be made available in Canada. But officials pointed out that Canada might not all go directly to the consumer since some of it could be diverted to manufacture.

Relief Shipment Is Sent to Alaska

PORTLAND, Ore., (AP)—A relief shipment of 17,000 pounds of food left by plane Friday for Anchorage, Alaska, where residents are awaiting supplies long delayed by the maritime strike. A relief ship for Alaska will begin loading here Monday.

Driver Escapes Injury in Accident at City Power Plant

Edmonton's power plant was the scene of a freak accident Friday. A three-ton truck, owned by the Poole construction company, went over the side of one of the ramps being used to remove old and broken concrete footings from the plant. A large crane, also being used on the cement footings, was used to lace the vehicle back on its wheels.

and came to rest on the end of the box. The driver escaped injury. The picture shows the truck a short time after the accident. W. L. McFarland, power plant superintendent, said the truck was

Today Anniversary Of Pearl Harbo

HONOLULU, (AP) — Five years ago Saturday, the Japanese navy immobilized a major portion of the United States Pacific fleet with its sneak attack on Pearl Harbor.

The army remembered with a formal ceremony re-raising the battle-scarred flag that flew over Hickam field that day.

The United States navy, however, virtually ignored the day.

"We want to forget—not remember—Pearl Harbor," one officer explained.

Stalin Is Reported As 'On Vacation'

By Eddy Gilmore

MOSCOW, (AP)—I am informed that Stalin is in Sochi and reports published in Turkey that Generalissimo Stalin is "seriously ill."

Stalin is taking a vacation just as he took a vacation at this time last year. He returned to Moscow last Dec. 17. Presumably he will do approximately the same thing this time.

(Two Turkish newspapers earlier this week reported that Stalin's health had "taken a dangerous course" and that his closest friends "are now near him." No source was given for these statements.

(On Nov. 7 Gilmore wrote—in a dispatch which was not transmitted from Moscow until 12 days later—that there was good reason to believe that Stalin was doing just as he had done in 1945, "taking a vacation far from Moscow."

(Gilmore said that the Generalissimo's absence from the Nov. 7 Moscow celebrations of the anniversary of the bolshevist revolution did not mean that "something untoward had happened."

(Sochi, a favorite Black sea coast resort of Soviet leaders, has been mentioned as the site of Stalin's holiday).

LONDON, (AP)—London newspapers Saturday carried speculative stories from Washington, Copenhagen and other capitals on Prime Minister Stalin's health and movements.

A new point raised here was a report that a deputy signed a new trade agreement with Finland this week on behalf of the minister of foreign trade, A.I. Mikoyan. It was said this might mean that the longtime associate of Stalin might be away from Moscow with the premier.

The Moscow radio reported the observance of the Soviet constitution anniversary without mentioning Stalin—the fifth anniversary of the counter-offensive which threw the Germans back from the gates of Moscow.

CUT BRITISH TRAINS

LONDON, (Reuters)—The number of passenger trains on British local and main lines is to be reduced as from Monday next, to release engines to haul coal and other essential freight traffic, Alfred Barnes, minister of transport, announced Friday.

17% Boost in Freight Rates Granted to U. S. Railroads

WASHINGTON, (AP) — Freight rate increases for United States railroads totaling scores of nearly $1,000,000,000 a year were authorized Friday by the Interstate Commerce commission.

It also permitted the railroads to make permanent a 10-percent raise in passenger fares granted Feb. 10, 1942. This increase was scheduled to expire six months after the legal termination of the war.

The average overall freight rate boost amounts to about 17.5 percent. For the eastern carriers the aggregate increase will approximate 17.3 percent on the basic rates compared with 17.4 percent for the remainder of the country. The new rates go into effect Jan. 1, 1947. They compare with an average 19.6 percent rate increase requested by the class one railroads on all traffic.

In applying for the increases, the carriers contended combination of pre-war freight rates and post-war costs would almost wipe out all net railway operating revenue and produce "an enormous deficit" in net income this year.

Both Canadian National and Canadian Pacific railways have made application to the board of transport commissioners for a 20-percent increase in freight rates. Hearings before the board will open next month.

Coast Youths Get Lashes for Holdup

VANCOUVER, (CP)—Lashes will be given two youths who Friday pleaded guilty to charges of armed robbery. They are William McPherson, 20, and Michael Burns, 21.

Magistrate Wood sentenced them to three years in penitentiary with 20 lashes each, to be given in two separate whippings of 10 lashes. The charge involved a holdup Nov. 21 at a drug store when a quantity of narcotics was stolen.

Pledges U.S. Sit in As Observer If Jews and Arabs Hold Parley

NEW YORK, (AP)—State Secretary Byrnes today pledged the United States to sit in on a "full and free" conference in an attempt to solve the Arab-Jewish Palestine question.

Michael McDermott, Mr. Byrnes' press attache, making public an exchange of corresponence between Anglo-American diplomatic chiefs, said that during the New York sessions of the foreign ministers' council, they had held several conversations on the Palestine question.

In his statement, Mr. Byrnes acknowledged for the first time publicly that the United States had turned down a bid to attend the London conversations recently on the issue.

But, Mr. Byrnes declared that the United States now "feels that the leaders of the Jews and the Arabs" should attend another conference and added, "if they do, the United States will accept an invitation to have an observer at that conference."

"After investigation," he said, "it is my opinion that a permanent solution of the very serious Palestine problem will be greatly facilitated if there is a free and full conference between the representatives of the British government and the Jewish and Arab leaders."

(Resumption of the Palestine conference in London on the Holy Land's future status has been postponed until late in January next, the British foreign office meanwhile announced.

Fire Loss $35,000 At St. Boniface

ST. BONIFACE, Man., (CP) — Handicapped by a lack of water, St. Boniface firemen were unable to check a blaze of unknown origin which destroyed Anderson Packers abbatoir here early Saturday. Loss was estimated at between $35,000 and $40,000.

It was the third large fire in St. Boniface within 10 days. Total estimated damage in the fires was $135,000. On Nov. 27, the Tache apartment was destroyed and Dec. 1 fire severely damaged a rawhide harness manufacturing plant.

Hit by Locomotive, Farmer Is Killed

John Waldner, 50-year-old farmer of the Clairmont district, 400 miles northwest of Edmonton, was fatally injured at 5:30 p.m. Friday, when struck by a Northern Alberta Railways freight locomotive in the Clairmont yards.

Grande Prairie R.C.M.P. detachment, investigating the fatality, said they believed the victim ran in front of the locomotive, which was passing through the town without stopping.

N.A.R. officials in Edmonton, and the R.C.M.P. headquarters here had no further details of the accident Saturday.

Say Party Rejects Indies Agreement

BATAVIA, (AP) — The Islamic party, largest political organization in Indonesia, was reported Friday to have rejected the Netherlands-Indonesian draft agreement for peace in the Indies.

Many Lead to Deaths As Flames Sweep Hotel

ATLANTA, (AP)—A mysterious pre-dawn fire which started in the upper floors Saturday turned the 15-storey Winecoff hotel in downtown Atlanta into a roaring inferno, killing at least 114 persons and injuring another 100. The death toll was the worst in United States history.

Several hours after the fire was brought under control at 7:00 a.m., firemen said they believed all bodies had been removed from the 194-room building located on Atlanta's famed Peachtree street in the heart of the theatre district.

There were indications the death toll among the 285 guests might mount with a complete check of emergency mortuaries.

Many of the guests leaped to their deaths from the flaming structure. Others were burned fatally or suffocated. A check of the building showed many rooms untouched by the flames, but others were charred. Firemen expressed belief many lives would have been saved had guests remained in these untouched rooms. The walls and floors of the building stood, but much of the woodwork and doors was charred.

Some partitions were destroyed. The building recently had been painted on the inside, and firemen expressed belief this might have aided the rapid spread of the flames.

Two Canadians, both from Toronto, were listed as registered at the hotel. One, Basil M. Wolf, was reported in hospital where authorities said he has suffered a sprained ankle. The other was listed in the hotel register as a Mr. Lishman.

Most of the guests were trapped above the third floor where the fire was believed to have started in the early morning hours. The brick and concrete building was constructed in 1913. It had no outside fire escapes. It was classed as fire resistant.

There was no estimate of monetary loss to the building which was sold in 1943 for approximately $650,000.

Mayor Hartsfield announced an investigation to determine the cause of the fire, the most costly in lives in the city's history, would begin immediately.

One fireman told of finding 16 persons caught on one upper floor. The rooms in which they were found were undamaged by the flames, and all apparently had died of suffocation. In one room were the bodies of five young girls, in another those of a woman and three children.

Emergency morgues were set up,

Major Hotel Fires In U. S. Are Listed

NEW YORK, (AP)—The following is a list of major hotel fires in the United States, and the toll in lives, during the past 13 years:

Sept. 7, 1933, Houston, Texas, 34.
Dec. 11, 1934, Kerna hotel, Lansing, Mich., 32.
Feb. 12, 1936, Victoria mansions, Lakewood, N.J., 16.
May 16, 1938, Terminal hotel, Atlanta, 35.
March 27, 1944, Amsterdam hotel, San Francisco, 22.
Jan. 16, 1945, General Clark hotel, Chicago, 14.
June 5, 1946, La Salle hotel, Chicago, 61.
June 9, 1946, Canfield hotel, Dubuque, Ia., 19.

China Reds Attack Upon Three Fronts

NANKING, (AP)—Chinese Communists loosed hard-hitting attacks Saturday on three fronts in western Shansi province, apparently to lift the pressure of government armies hemming in their capital at Yenan.

With hopes of a negotiated peace slumping again, press dispatches reported heavy fighting east of Yenan and asserted the Communist high command had perfected plans for a winter offensive.

(In Peiping, government officials charged that Communist Gen. Lin Piao would begin a winter offensive in Manchuria in a few days. They said he had massed 100,000 to 150,000 troops on the north bank of the Sungari river, poised to strike at Changchun, the Manchurian capital 65 miles south.

(Government sources said Gen. Tu Li-ming, the Manchurian sector commander, was prepared to meet the attack but Communists said his force had been reduced from eight armies to five by the diversion of troops to Jehol province.

Russia Opposing Iran Troop Moves

TEHERAN, (AP)— Authoritative circles said Saturday Russia was attempting to persuade the government of central government forces into semi-autonomous Azerbaijan province. Premier Ahmed Qavam of the Russian government would ignore such action.

Qavam had announced earlier troops would be sent to all Iranian provinces to protect the election, scheduled for two weeks beginning Sunday.

Azerbaijan, which last June recognized the central government's authority in return for a measure of autonomy, has declared that it is able to supervise its own polling and will fight against interference.

(The Russian news agency Tass reported Iran government troops had entered Azerbaijan and attacked Azerbaijan soldiers.)

Thugs Rob Man In Coast Home

VANCOUVER, (CP)—Using a new, more brazen approach, two armed bandits Friday night held up Grant Slossan in his home and escaped with his wallet containing about $100 and Slossan's ninth holdup case in eight days.

Slossan said he was entertaining three friends when someone knocked at the door. He was confronted by two men who first asked for a drink of water, then one produced a gun and said: "This is a stick up—turn it over."

After frisking Slossan, they forced him and his friends into a bedroom. No attempt was made to rob the others.

Slossan's $100 brought to more than $4,400 the loot in cash, jewelry and cheques from holdups here in the last eigh' days.

Shugar Is Freed Of 'Spy' Charges

OTTAWA, Dec. 7-(CP) — Dr. David Shugar, former naval and submarine expert, was acquitted Saturday by Judge McDougall of a charge of conspiracy to communicate secret and confidential information to the Soviet Union.

Trial of Shugar, stocky, 31-year-old native of Poland, had concluded a week ago.

He was the 13th defendant to go on trial as the result of Canada's espionage investigations.

Shugar categorically denied he had ever agreed to give confidential information to Russia or by Russia, or that he had ever given any such information.

Ottawa Will Study Hart's Proposals

OTTAWA, (CP) — Negotiations between British Columbia and the dominion for a new taxation agreement have been suspended while the federal government studies Premier Hart's alternative proposals, a member of the British Columbia delegation disclosed Saturday.

The member said no agreement had yet been signed and it probably would not be known before Tuesday whether agreement is possible.

Moslem-Hindu Talks Collapse; Hope of Agreement Said Slim

By Frank Swanson

LONDON.—Door leading to future agreement between the British government and India's two major political factions was almost—but not quite—shut Saturday by the collapse of talks here between Moslem and Hindu leaders and this nation's top-ranking statesmen.

In a statement issued by Prime Minister Attlee from No. 10 Downing st. after Friday night's final and only round table meeting between the two rival leaders, the Moslem league's Mohammed Ali Jinnah, Mr. Attlee declared that "constitution would be rammed down the Moslems' throats without their concurrence.

"Should a constitution come to be framed by a constituent assembly in which a large section of the Indian population has not been represented, His Majesty's government could not, of course, contemplate—as the Congress have stated they would not contemplate—forcing such a constitution on an unwilling part of country," said Mr. Attlee.

The statement shed a feeble ray of hope on prospects of eventual agreement between the Hindus and Moslems, and gave an opportunity to the Moslems to reconsider their stand before the constituent assembly sets down to the serious business of constitution-making.

Although the assembly meets Monday in Delhi without the benifit of the presence of Moslem representatives, the first meeting is a more or less organizational nature. The actual constitution-making will not be done until some time later, perhaps in a few months, at a second session of the assembly, by which time the Moslems may have seen their way to taking seats in the assembly.

It goes without saying that the failure of the London talks this week will not mark an end to His British government's efforts to heal the rift between the rival Hindu and Moslem. Rather, it is expected to intensify them, the object being to get the Moslems into the constituent assembly in time to assume their share of the burden of constitution-drafting.

With this elusive goal sparely in front, Britain's governments was confronted this week-end with one of most monumental tasks in its history. The failure to win eventual success, it knew, would inevitably lead to untold trouble and bloodshed throughout India.

N. Z. Labor Loses Another House Seat

AUCKLAND, N.Z., (CP)—In an official count in the New Zealand general election, the Labor government lost another seat to the National party, making the standing in the house of representatives—Labor 42, National party 38.

The labor lead is considered to be a razor-thin majority and the government will not be in an entirely satisfactory position. While cabinet members are overseas attending international conferences the government will have to rely heavily on the votes of the four Maori members in the house.

Bill Nationalizes Yugoslav Industry

BELGRADE, (AP) — A law nationalizing all private economic enterprises, public works and industries in Yugoslavia has been approved by both houses of the national assembly, under chairmanship of Premier Marshal Tito.

The official Yugoslav news agency, Tanjug, said the nationalization law includes "all movable and immovable property as well as all rights of ownership in the field of enterprise." It embraces 42 branches of the national economy, including all metallurgy, all industries processing natural products, food processing, beverages, building, transportation and all land, sea and air communications.

The law stipulates that no new enterprises may be started in the categories covered in the act may be founded in the future without express permission from the government.

Youth Is Accused Of Slaying Mother

LEAMINGTON, Ont., (CP) — William Jewitt, 17-year-old Leamington high school student, Saturday was charged with murder in connection with the slaying of his mother whose body was found Friday night in the kitchen of her home, the claw of a hammer buried in her skull.

He appeared before Magistrate Hanrahan in Windsor and was remanded until Thursday. Jewitt was not represented by counsel.

Mrs. Jewitt, about 50, wife of G. G. Jewitt, a dentist, returned home from a night show a few minutes before she was slain. Her son had been to a theatre, police said.

Jewitt's brother, Glen Gardner, Jack, discovered his mother's body. Less than an hour later Whitney Jewitt, in the home of Percy Burger, a mile west of Leamington. He is reported to have told Burger: "You'd better call the police."

Say Greek Troops Spy in South Iran

LONDON, (AP)—The Moscow radio, quoting the Iranian newspaper 'Zafar,'' said Friday night "large numbers of Greek troops" had arrived in the Anglo-Iranian Oil company's southern Iran oil fields and were "spying on the workers and spreading dissension among them."

The report lacked confirmation from other sources.

No authoritative British source was available for comment.

Greek Troops Spy in South Iran

LONDON, (AP)—The Moscow radio, quoting the Iranian newspaper 'Zafar,'' said Friday night "large numbers of Greek troops" had arrived in the Anglo-Iranian Oil company's southern Iran oil fields and were "spying on the workers and spreading dissension among them."

The report lacked confirmation from other sources.

No authoritative British source was available for comment.

Guerillas Driven Over Greek Border?

ATHENS, (AP)— Guerillas striking at Corymvon, Greece, 18 miles from the Turkish border, were said Saturday to have been "driven back across the Bulgarian border," to the north. Thirty Greek soldiers and two officers were reported missing in the 24-hour secsaw battle.

4 Families Seize Dwelling in Ottawa

OTTAWA, (CP) — Four families exercised a successful "squatter" manoeuvre into a vacant three-storey residence in east Ottawa Friday night.

The building, occupied for the last four years by an army reserve unit, had been vacated a week ago and was about to be returned to its owner.

Eleven persons, two of them ex-servicemen and one a permanent air force man, moved in Friday night. Entrance was made through forcing a bathroom window.

City police and C. M. P. an army official and the owner arrived shortly after the occupation began, but were made to evict the new tenants.

Belgians can obtain only one-half the prewar supply of milk.

114 Known Dead In Atlanta Fire

(Continued from Page 1)

and a count of the dead was difficult.

The municipal morgue reported it had 34 bodies and could take no more.

With the flames under control, firemen kept up a steady procession bringing the dead and injured from the building. Bodies from the upper floors were removed across a bridge which was built over an alleyway to an adjoining building.

Many Killed By Leaps

Police Chief M. A. Hornsby said "at least 25 or 30 persons were killed by leaping from windows."

Police Capt. L. J. Carroll said that, upon entering the building he found all elevators stalled.

With his partner, N. W. Smith, he said he fought his way by the stairs as far as the seventh floor, kicking out doors and arousing guests.

From the guests came stories of the stark terror which gripped them when the flames and smoke engulfed the building.

N. A. Herring, the hotel auditor, said he awoke in his room on the third floor at about 2:30 a.m.

Bodies Hurtled Past

"I never saw anything like it," he said. "Bodies were hurtling down past my window. My wife and I covered our heads with blankets and turned on the fans."

Red Cross workers set up an emergency first aid station near the hotel entrance, where guests were treated for minor shock and injuries. The more seriously injured were rushed to hospitals.

The Red Cross made a radio appeal for blood plasma.

One fireman was killed when a woman, leaping from a high window, crashed upon him as he was ascending an aerial ladder.

4th add many leap page one

At one time about 20 guests could be seen through the flames as they crouched along ledges at the 10, 11th and 12th floors. With several floors beneath them a raging, billowing mass of flames, their position appeared hopeless to firemen except for those who might to safety into firemen's nets.

Hopelessly trapped, the guests leaped from all sides of the burning structure.

Split in Lloydminster Causes Police Trouble

OTTAWA, (CP)—When members of the R.C.M.P. talk about Lloydminster, Sask., or Lloydminster, Alta., they refer to it as the "double trouble town."

Difficulties of keeping law and order in a town that is half in one province, half in the other, with the border right down the centre of the main street, is described in the latest issue of the force's quarterly magazine.

R.C.M.P. officers send reports on incidents in the one case to "F" division headquarters in North Battleford, Sask., and in the other to "K" division headquarters in Edmonton. It is not uncommon to have two men in custody, arrested perhaps only a few feet apart, one slated for jail in Alberta, the other Saskatchewan.

A person under the influence of liquor was liable on arrest to a minimum fine of $20 and costs in Alberta, but only $5 and costs in Saskatchewan. Citizens of the town rectified this difference by a local bylaw. Before it came into effect, it was said that a man tended to do his celebrating on the Saskatchewan side.

The post office is located in Saskatchewan, thus mail is addressed properly to Lloydminster, Sask., but the C.N.R. station is in Alberta, thus the town is known on railway tickets as Lloydminster, Alta.

There have been many cases of difficulties in summoning coroner's juries, of trying in Saskatchewan cases that happened in Alberta, and of juvenile arrests—a juvenile in Saskatchewan being 16 and in Alberta 18.

Watches Four Women Leap to Their Deaths

By Chick Hosch

ATLANTA, (AP)— I saw four women leap to their deaths from the burning Winecoff hotel in chill pre-dawn darkness Saturday.

I reached the scene of the inferno in less than 45 minutes after the fire was discovered. Flames were shooting from the fourth, fifth and sixth floors and through the smoke and blaze dozens of guests could be seen clinging to the ledges or leaning from windows.

Ropes made of sheets and other bed covers hung down the sides of the building. These fragile life lines to safety were buffeted by the winds and streams of water.

Body Hurtles Down

I crossed to the hotel entrance, barely reaching the doorway when a woman's body hurtled through the marquee and landed in the street at my feet.

I ran to the rear of the hotel. An elderly man sobbed hysterically at the side of a woman he was trying futilely to lift.

Of the 15 or 20 I saw jump into nets, none walked away. They hit the nets with such force that firemen couldn't hold them in most case, managing only to check their leaps.

City Detective E. B. Brooks told me of seeing one woman descend a sheet—from three floors to an extension ladder hoisted by firemen. As we stood talking, We watched a woman back over the ledge of a ninth floor window and start down a rope of twisted bed clothing.

Woman Loses Footing

Between floors she lost her footing against the water drenched building and her body started swaying and slowly turning in the light of flames lapping at her feet. We watched as she turned loose and hurtled down. flat against the walls, screaming.

Her body hit the marquee with a sickening thud.

As fast as the firemen could clear the net of a broken body, another would smash into it.

It chilled you to the depths of your soul.It left you sickened and weary.

One fireman after another stumbled blindly from the building, overcome by smoke. Some collapsed in the street. Ambulances from every city hospital and nearby towns and army posts shuttled through the night.

I saw no children among the trapped. Police with whom I talked said there was only one child, but did not know its fate. I saw no men leap from the ledges.

Four Seamen Win Sentence Appeal

VANCOUVER, (CP)—Four seamen of the SS. Weltemo, who came here in August to tell a story of a "terror voyage" from New Zealand, Friday had a three months' sentence suspended on appeal to Judge J. A. McGeer in county court. They were immediately released from custody.

The men had been sentenced for refusing to obey orders of their commanding officer at Auckland, N.Z., during a sitdown strike aboard the ship. It was chargeed that they were the ringleaders, Judge McGeer held they, as union delegates, had only acted as spokesmen for the crew. During the trial some weeks ago, 15 other crew members were given suspended sentences.

R.C.A.F. Reserve Changes Set-Up

OTTAWA, (CP) — The R.C.A.F. reserve, established toward the end of the war, is being reorganized and placed on a permanent and voluntary peacetime basis.

Under the present set-up, all discharged members of the R.C.A.F. become members of the reserve and are subject to mobilization in the event of another national emergency. This reserve is known in the service as "class E."

The new plan is to divide the reserve into five classes — "A", "B", "C", "D" and "E" — with the first four classes to become what might be called the "first line" reserve should a national emergency arise.

Members of the first four classes would be subject to call for annual training, although it would not be allowed to interfere with their civilian employment. They also likely would be paid during the training period. The fifth class would not be called for annual training.

Included in the first class will be officers and men subject to call for training as pilots, gunners, navigators and bombers. Also eligible will be civilians with commercial pilot licences.

The second class will comprise officers and men who are engineers, signallers and technical ground men while the third class will include former R.C.A.F. medical men and others with high professional qualifications.

The fourth class will be made up of men qualified for all the non-technical trades while the fifth class will be comprised of personnel not willing to be included in any of the first four groups.

Membership in the first four classes will be limited to 10,000 men while the fifth class will be unlimited in numbers.

R.C.A.F. spokesmen said letters were going out to discharged airmen across the dominion inviting them to apply for inclusion in the various reserve classes.

One of the greatest achievements of the 20th century can be the eradication of tuberculosis in Canada, according to Dr. A. H. Baker, President of the Canadian Tuberculosis Association. Christmas Seals help pay for this fight.

Coal Case Is Rushed To U.S. Supreme Court

WASHINGTON, (AP) — Tearing aside red tape, the U.S. government rushed the coal case to the supreme court Friday and asked it to suspend its rules in the "unbearable injury" being done by the strike.

If it does, it could announce by Monday noon whether it will act. Arguments could be heard next week, and a final decision delivered a week from Monday—if the matter were pushed to the utmost.

The dramatic moves by which the justice department snatched at John L. Lews' appeal and had messengers rush it from the federal district court through the circuit court of appeals and up to the highest tribunal in the land in a space of a few hours highlighted the day's developments.

What the government wants the supreme court to decide is whether Judge Goldsborough was on good legal ground in issuing his temporary restraining order against Mr. Lewis and the United Mine Workers on Nov. 18 in advance of the strike. It said that "only a determination of the issue by this court can authoritatively settle this question."

Meanwhile in Cleveland, president A. F. Whitney of the Brotherhood of Railroad Trainmen pledged participation in a conference of American labor union leaders urged by C.I.O. President Philip Murray.

The pledge was an acknowledgment of a letter from Mr. Murray calling on American labor to meet quickly and devise together "a common program of economic and legislative measures," Mr. Whitney said.

GLACE BAY, N.S. (CP)—Local 4718 of the United Mine Workers (C.I.O.) Friday night pledged in a telegram to John L. Lewis "our moral and financial assistance."

DETROIT, (AP)—The Ford Motor company, which laid off 20,000 production workers Thursday night because of the soft coal strike and railroad embargo, Friday delayed "at least temporarily" plans to release an additional 20,000 workers Friday night.

Atlantic-Pacific Speed Record Set

VANCOUVER, (CP)—An Atlantic-to-Pacific speed record was claimed Friday by the Bangor minesweeper Truro as she tied up here, completing a 6,570-mile voyage from Halifax in just 26 days at an averaged speed of 14 knots.

Out of navy service now, the Truro was purchased by a veteran-owned Vancouver coastal passenger firm and was skippered on her ocean-to-ocean voyage by an executive of the company, Capt. Roy Barry, former officer of the R.C.A.F. marine division. She had a civilian crew of 16.

Rents soared when Colombia recently lifted price controls.

Europe's food situation is considered the worst in 300 years.

Every cent raised through the sale of Christmas Seals is spent on the specific job of fighting tuberculosis. There is yet much work to be done.

Miners in U.S. Average $61 For Working 41.4-Hour Week

WASHINGTON, (CP) — Striking United States soft coal miners earned an average of $61 a week during September, the last full month for which the bureau of labor statistics received figures.

That month the miners worked an average of 41.4 hours a week out of a possible 54 hours a week which would have boosted weekly earnings to $75.25.

The wage-and-hour phase of the soft coal miners' contract is complicated and easily lends itself to differing interpretations.

This was evident when John L. Lewis, United Mine Workers' union leader told the federal district court Tuesday that "our miners work at the operators' option nine hours per day, six days per week."

Working Agreement

Here in brief is the working agreement of hours and wages, under which the soft coal mines have been operated, with government control, since the strike of last May:

The basic rate of pay is $1.18½ cents an hour for seven hours a day of the first five working days of the week. But the mine operates nine hours a day and the miners get time and a half or $1.77¾ cents an hour for the extra two hours.

The seven hours a day is for work at the actual scene of the digging or normal place of work within the mine. The extra two hours allows for and includes travel time from portal to place of work and back to the portal.

Miners working on piece work or tonnage basis, receive 1/9th of their daily earnings as extra payment to compensate them for travel time between portal and place of work.

As a wartime measure the mines were operated, generally, six days a week and the coal miner could work on the sixth day or not as he chose.

If he worked he would be payed time and a half or $1.77¾ an hour basic wage. That provision remains in effect.

The mine operator may or may not provide work on the sixth day and the miner may work or not as he chooses. It is optional both ways.

Thus the miner is required to work a nine-hour day, five days a week, for which he receives a minimum of $59.25. If work is available and he chooses to work the sixth day he makes an additional $16.00 bringing his total minimum earnings to $75.25.

In actual practice during recent months the miners have been working between 40 and 45 hours a week and received time and a half for the working time in excess of 35 hours a week.

Requests Removal Of Rent Controls

OTTAWA, (CP) — Gradual removal of rental controls was urged Friday night by W. J. LeClair of Ottawa, president of the Canadian Federation of Property Owners' associations, in a broadcast address.

In his speech Mr. LeClair proposed:

1. "Removal of the injustice (of rental regulations) by a reasonable upward adjustment in rents based on the change in the cost of living index since the date of fixation of rents."

2. "The opportunity of working out with government a system of gradual decontrol which will afford fair protection to the tenant and at the same time offer sufficient incentive to private enterprise to build houses."

Resort on Trial For Rehire Breach

CRYSTAL BEACH, Ont., (CP)— Believed to be the first case of its kind in Canada, the municipality of Crystal Beach, summer resort community near Port Erie, Ont., went on trial Friday on a charge of failing to reinstate Floyd Gerrard as chief of police on his return from army duty last April.

The charges were laid under the Veterans' Reinstatement act by the legal department of the national employment service.

Declaring he was challenging the act, Defence Counsel, A. L. Brooks, said the municipality did not come under the penalties of the act. But "perhaps the council would come under the penalty."

IT USED TO BE--
THE BAKER IS DEAD--
--FOR CERTAIN
Yes, the baker used to take the blame if anything went wrong. In Turkey, when bread went to famine prices, it was usual to hang a baker or two.
In primitive times the dough was kneaded on a flat stone (Fig. 1). The Egyptian sculpture of women kneading dough (Fig. 2), shows them being entertained at the same time by a flute player, just as a woman today might turn on the radio while she worked.
In the Middle Ages short weight in bread was a criminal offence, and bakers who were convicted were put in jail or stuck in the pillory (Fig. 3).

The Baker is Dead Certain

The divider delivers pieces of dough the exact size for a loaf.

Say South Africa Needs Immigrants

JOHANNESBURG, South Africa, (CP)—Fear that South Africa is falling behind in the race for immigrants is widely expressed by industrialists, commercial leaders and politicians.

Industry accuses government departments of lack of co-ordination and wants a round-table conference with commerce, mining, agriculture and the heads of government departments to evolve a central co-ordinating authority to control the whole immigration scheme.

Industrialists state that Canada and Australia receive 90,000 immigrants yearly to South Africa's 9,000 and that even neighboring Southern Rhodesia, with a white population of only 81,000 compared with the union's 2,300,000, is doing slightly better than South Africa.

The position in South Africa is that there is almost unlimited opportunity for industrial and commercial expansion and plenty of money to back it up but not nearly enough skilled workers to go around. The experts say that right now there is work for at least 10,000 skilled workers and that another 10,000 could be given work within a year.

About 30,000 persons eager to migrate from Great Britain are on the lists of shipping companies and thousands more are waiting to come to the Union from the continent. Because of a shortage of transportation only about 900 arrive here each month and some in desperation fly out in tiny unsuitable aircraft, drive 10,000 miles from England in trucks or sail out in 100-foot launches.

Injured Man Huddled in Wrecked Car

Albert Colle Franklin Square, N.Y. lies huddled in the overturned wreckage of his car after it collided with a truck on Hempstead Turnpike. At the right is an unidentified woman who, police said, was a nurse who volunteered to aid the injured man.

Hope to Reverse Decline in Hogs

OTTAWA, (CP) — The little pig that trotted merrily off to market in the peak year of 1944 is fast becoming just a shadow of his former self, much to the concern of the Canadian farmer.

This became apparent this week when the top men of Canadian agriculture held a three-day get-together here and let it be known they were worried about the welfare of the Canadian pig and they aim to put him back on his feet.

They are worried about his welfare, that is, right up to the point where the hog goes into the slaughter house. Then the concern becomes a dollar-and-cents matter of whether or not Canada can hold her place in the foreign bacon market.

Down by Quarter

Put down in statistics, the estimated hog production in Canada this year will be 28 percent lower than it was last year—from 5,861,505 hogs down to 4,350,000. These figures compare with the 1943-45 average of 7,291,264.

To the average Canadian, this means less bacon and, though it doesn't affect his pocket book directly, a chance that Canada will lose the British bacon market.

In 1943-45, Canadians consumed 322,392,000 pounds of bacon and pork yearly. In 1945 they ate only 272,696,000 and by the end of this year the total will have dropped to 243,979,000 pounds.

In 1944-45 Canada shipped an average of 610,742,000 pounds of bacon and pork overseas each year while in 1945-46 shipped 457,344,000 pounds and this year the amount will be 295,500,000.

Need Feed Grain

To remedy the situation, the agriculture men, attending the dominion-provincial agricultural conference, recommended Canadian hog production be boosted in 1947 to 5,175,000 Which should provide 269,304,000 pounds for domestic consumption and 365,000,000 pounds for export.

To Increase the production of needed feed grain, the conference decided to ask the government to make a payment of $5 to western Canada farmers for every acre they sow to barley.

Representative Joseph Martin Urges Income Tax Slash

Rep. Joseph W. Martin, Jr., left centre, tells newsmen in Washington he favors a 20 per-cent reduction in U.S. income taxes applicable to 1947 earnings. He held a conference as he appeared at the capitol for the first time since Republicans won control of the congress.

Attacks Control Of Grain Prices

WINNIPEG, (CP) — Whatever justification there was for the maintenance of rigid control of grain prices during the war, it is inconceivable that these controls should still be in effect on a basis that bears so heavily on grain producers, Stanley N. Jones, president of the Winnipeg Grain Exchange, said Friday. Mr. Jones was commenting on recommendations made at the dominion-provincial conference on agriculture in Ottawa this week.

He said the effect of prices being stabilized on a level far below real value is to saddle the western producer with losses arising out of Agriculture Minister Gardiner's bulk sales of farm products.

"Mr. Gardiner made heavy forward commitments on grain and other farm commodities without protecting the farmer against possible shrinkage in monetary values and increases in cost of production . . . As a speculator Mr. Gardiner has become the world's largest short seller and the farmer is paying the penalty," Mr. Jones declared.

"A year ago Mr. Gardiner advocated a sharp reduction in wheat acreage, yet the Canadian Wheat Board today is reported to be refusing to make sales on account of the fact it has not the supplies to fill these additional requirements, and only the good sense of the producer in refusing to take Mr. Gardiner's advice last year prevented the situation from being worse than it is . . . In spite of last year's experience, he continues to advocate a reduction of 10 percent in wheat acreage.

". . . Barley is now being sold in Canada at $1.25 a bushel less than prices obtainable in export markets . . . The domestic price of oats is 30 cents a bushel below export value."

PILOT REPORTED SAFE

VANCOUVER, (CP) — Pilot J. M. Cox of Fairbanks, Alaska, unreported earlier in the day, is safe at Hope, 100 miles east of here, Western Air Command, R.C.A.F., announced after a report from British Columbia provincial police.

'Union Head Guilty Of Inciting to Riot

MONTREAL, (CP)— D. Kent Rowley, Canadian district president of the United Textile Workers of America (A.F.L.), was convicted Friday by a court of King's bench jury of illegal assembly and inciting to riot. He will be sentenced Dec. 10.

Rowley was charged following demonstrations last August at the strike-bound Valleyfield, Que., plant of Montreal Cottons, Ltd. Another union official, Avellus Beauage, will be tried at the February assizes on similar charges.

Crown evidence was that Rowley was the leader of between 1,500 and 2,000 persons who hurled stones at the mill and at automobiles carrying special plant police. Damage was estimated at between $5,000 and $6,000 and a number of persons were injured. Rowley denied the charges.

Prince's Castle Reported Looted

LONDON,(AP)— Maj. George Cavaliho-Mitzic, uncle of the Prince of Ilesa and stepfather of Winston Churchill, said Friday he had received word that the prince's 12th century Furstenstein castle in Silesia had been looted of its treasures by Polish and Russian occupation forces.

"Even the family mausoleum has been broken into and the coffins torn open," the elderly retired officer said. "One of the coffins desecrated was that of my sister, Princess Daisy. Apparently those who did it hoped to find jewels hidden in the mausoleum."

The picturesque, 400- room castle stands near the Silesian-Czechoslovak border. It was a tourist attraction before the war. Its apartments were among the most magnificent in Europe.

Maj Cornwallis-West's first wife was Lady Churchill, widow of Lord Randolph Churchill and mother of the wartime prime minister.

Claims Light Jet For High Speeds

NEW YORK, (CP)—A rocket motor for planes that weighs only 210 pounds and develops 12,000 horsepower at the speed of sound was described to the American Rocket society by James H. Wyld of Reaction Motors, Inc., Dover, N.J.

The speed of sound at low altitudes is about 750 miles an hour. It is about 100 miles less at high altitudes. Mr. Wyld said the motor has several rocket tubes. Out of each comes a continuous "rush of flame, that pushes the plane forward. The fuels are liquid oxygen and alcohol.

He said that space ships will have to be driven by still faster rocket jets and predicted that this will be done with atomic energy rockets which he said may be possible in the present generation.

Powers Will Hold Parley on Pacific

CANBERRA, (AP)— Dr. H. V. Evatt, Australian external affairs minister announced Friday that a conference of powers with territorial interests in the Pacific on the welfare of native peoples would open in Canberra Jan. 28 or early in February. Britain, France, New Zealand and the the Netherlands have accepted invitations.

Eisenhower Plans 'Rest' in Hospital

WASHINGTON, (AP)— Gen. Eisenhower leaves Saturday for a month's stay at an army hospital at Miami, Fla., in what aides termed his first extended leave and rest in more than a decade.

He will take treatments for bursitis an inflammation which sometimes affects his left shoulder.

Canada Becomes Exporter of Toys

OTTAWA, (CP)— This Santa Claus may not have a white beard and seven reideer—but he does have a lot about toys.

Santa Claus—to you he's P. G. Jones of the export division of the foreign trade service—predicts Christmas this year will be "just like old times," with good variety of toys in the stores.

One favor at least the war did for Canada—it built this country into one of the leading toy manufacturing countries of the world. When Saint Nick calls down the chimney next month he'll be carrying Canadian-made toys into practically every home in the dominion, and into at least 54 other countries as well, from South Africa to Jamaica.

When the war sliced Canada's toy import trade down to a minimum, Canadian manufacturers saw their opportunity and today there are more than 250 toy industries in Canada, compared with 50 in 1939. Last year toy production totaled more than $18,000,000, and exports are running between seven and eight percent of production.

South Africa heads the list of large importers of Canadian toys. Other importers are Newfoundland, Sweden, Uruguay, the United States, and the United Kingdom.

Balloons, scooters, tricycles, dolls, Christmas-tree decorations, games and model aircraft, are included in items now being produced by Canadian industries.

Request Overhaul Of War Tax Acts

WINNIPEG, (CP) — The Manitoba Associated Boards of Trade have urged in a resolution that parliament take steps to overhaul the Income War Tax and Excess Profits Tax acts "in order to eliminate numerous judicial and quasi-judicial discretionary powers contained in the acts, and to return the taxing power to parliament where it rightfully belonged."

The Manitoba organization, at its annual convention here, urged at the same time that parliament establish a board of tax appeals as recommended by a senate committee, having power to review all assessments, including questions of fact, law and the exercise of ministerial discretion.

The convention also recommended that all rulings of the minister of national revenue and his officials be subject to review by the courts.

Balk at Controls, Refuse Net Fish

FLIN FLON, Man., (CP) — Northern fishermen are waiting in the streets of Flin Flon or trying to find other means of livelihood, because they refuse to fish on nearby Beaver lake at the prices set by the Saskatchewan government, it is reported.

The Fishing season opened Sunday but only two Indians are said to be fishing on Beaver lake in Saskatchewan where normally 60 men would be plying their trade.

Fishermen on government controlled lakes in this area must sell their catch to the Saskatchewan government fish agency.

Wage Agreements Grant Increases

WINNIPEG, (CP) — Agreements have been reached between locals of the United Steel Workers of America (C.I.O.) and two companies here, A. March, union field representative, said Friday.

He said an increase of eight cents an hour, retroactive to Sept. 19, had been granted. In an agreement signed between local 3,272 and Western Steel Products corporation, and a wage increase of 10 cents an hour was incorporated in an agreement signed between local 3,663 and Langley-Electric Manufacturing company.

Unions Must File Yearly Statements

BOSTON, (AP) — The so-called Barnes labor law, believed by state authorities to be the first of its type in the United States, has become effective in Massachusetts Thursday. The law requires unions to file annual public reports of financial receipts and expenditures and of their scale of dues, fees, fines and assessments and lists of names or all officers.

Robbed of $200 While Taking Bath

VANCOUVER, (CP)— Wanted, one waterproof money belt. Miss E. Golub of Vancouver was convinced Saturday that the only way to safeguard your money is keep it with you at all times. Miss Golub was robbed of her purse containing nearly $200 and personal papers while taking a bath.

Pool Would Buy Member Reserves

CALGARY, (CP) — The Alberta Wheat Pool will apply to the next session of the provincial legislature for the right to purchase from members $1,600,000 worth of reserves. This sum is part of the undistributed earnings from the operation of Pool elevators in the crop years 1941-42 to 1945-46, inclusive.

The balance of such earnings, $850,000, will be distributed as patronage dividends.

The convention laid down the regulations under which reserves are to be purchased. First, reserves in the estates of members who have died will be purchased; then purchases will be made from aged members who have ceased to farm or to hold any interest in land producing grain.

It was indicated considerable time must elapse before these purchases of reserves can be completed. If the consent of the legislature is obtained, a great deal of clerical work will be required to obtain information about the estates and the older members who will qualify for the sale of their reserves.

Christmas Seals save lives.

Horse Still Useful, Mounties Declare

OTTAWA, (CP)—Royal Canadian Mounted Police have risen in spirited defence of the horse.

Although he has been driven into the background by modern mechanism, the horse is far from being through, say the Mounties.

"Police forces everywhere have become mechanized. But while this supplanting process has advanced far, it is certain from the police viewpoint that a final blow to live horse-power never will be struck."

The R.C.M.P. Quarterly devoted its leading editorial and a photograph of one of its most famous horses—Billy—to support its argument.

Billy, registered No. 2036, surpassed in beauty, stamina intelligence and good disposition, with the possible exception of Black Peter, (Reg. No. 214)," was raised by Commissioner S. T. Wood and led the R.C.M.P. continent at the coronation of Their Majesties the King and Queen.

Billy was destroyed in 1944 at the age of 22.

Warmed to its subject, the Quarterly considered a Canadian Press story, which reported a survey had shown fewer than 200 mounts on the police forces—including the R.C.M.P.—of all Canada, and said, "that fine figure on horseback, the mounted policeman, has had his day."

The Quarterly disagreed.

"Though nearly ousted by the motor car, motorcycle and plane in the task pace set by modern law enforcement the horse still must take over on back concessions on those not infrequent occasions when nature holds the polished machine helpless in her grip.

"Since the force's inception in 1873 the horse has been a major factor in our history. In the future, too, he will have his special role, for he continues to reign supreme in some phases of police work."

Limit Dimensions Of Parcels to U. S.

OTTAWA, (CP)—The post office department announced a parcel mailed to points in the United States will be limited in size to 18 inches in length and 60 inches in length and girth combined as a result of transportation difficulties arising from the American coal strike.

Postmaster General Bertrand had announced the limit of weight for parcel post to the United States has been reduced to five pounds from the usual 15-pound limit due to the strike.

These items will be exempt: live day-old poultry; seds, plants and other nursery stock; eggs, butter and other perishable foods; and medicines, drugs, surgical instruments and surgical dressings.

Truckers May Ask For Rates Boost

WINNIPEG, (CP)— D. L. Mellian, member of the municipal and public utility board, said here that if the application of Canadian railroads for a 30 percent freight rate increase were granted, truckers might ask for a similar boost.

He told the annual convention of the Manitoba Associated Boards of Trade that approved rates must be adhered to by the trucking concerns and must not exceed the rail rate.

U. K. Fuel Ration To Hit Industry

LONDON, (CP)— Newspapers and businessmen here forecast that impending fuel cuts must decrease total production and increase unemployment at a time when the government is urging increased output to boost exports and home supplies.

Fuel ministry spokesmen argue that planned restriction now will ensure full production of all essential goods and avoid risk of overall dislocation later through lack of coal, gas and electricity.

Even this explanation by inference means cuts in some lines and continuation through the winter of civilian "austerity."

Under a fuel-saving plan drawn up by fuel Minister Emmanuel Shinwell and outlined in letters mailed to 45,000 industrial users, a voluntary five-per-cent reduction in the use of coal is sought and compulsory reduction of gas and electricity amounting to 2½ percent will be imposed for 12 weeks starting Dec. 30. The minister hinted that more drastic cuts may yet be required.

A fuel ministry spokesman quoted the example of one Lancashire factory as an illustration of what will probably happen. This plant saved five percent of its coal by shutting one unit and shooting the staff in other sections, with the result that essential production was boosted although its less vital output was curtailed.

Edmonton Bulletin

ALBERTA'S FIRST NEWSPAPER

Founded in 1880 by Hon. Frank Oliver

Published every afternoon except Sunday by the Alberta Free Press Limited, at The Bulletin Building, 9941 Jasper Avenue, Edmonton, Alberta, Canada.

CHARLES E. CAMPBELL
Owner and Publisher

Subscription price: Daily by carrier, 25 cents per week. Daily by mail in Canada, except airmail: one year, $7.00, 6 months, $4.00, 3 months, $2.25. Saturday only by mail in Canada, except airmail: $3.00 per year. Daily by mail to U.S.A., $12.00 per year.

Authorized as second class mail, Post Office Department, Ottawa.

Eastern Canada Advertising Representatives, Edwards & Finlay, 45 Richmond Street, W., Toronto, Ont.

Member of The Canadian Press: The Canadian Press is exclusively entitled to the use for republication of all news despatches credited to it or to The Associated Press in this paper, and also the local news published therein. All rights to republication of special dispatches herein are also reserved.

The Olive Branch

The outlook for a new taxation agreement or agreements—between the Dominion and all the provinces is obviously improved by the decision of the federal government to leave the taxing of gasoline exclusively to provincial authorities. This offer, made directly to Nova Scotia, extends automatically to the other provinces.

This concession no doubt was a factor in bringing about the tentative agreement that has been reached between the Dominion and British Columbia.

If the provinces increased their present levies by the three-cents-per-gallon which the Dominion now collects they would benefit by amounts varying with local consumption, without thereby making gasoline any dearer than it now is. Manitoba, it is estimated, would profit $1,000,000 per year; which supplies a basis for roughly calculating how much would be gained by other provinces.

The more populous provinces, Ontario and Quebec, would of course benefit most largely, because they are the largest users of gasoline. That should somewhat soften the obduracy of Premier Duplessis and Premier Drew. These are the provincial leaders who have been taking the John L Lewis' attitude toward the federal proposals.

The Dominion having thus conceded something substantial in order to bring about all-round agreement, are the provincial premiers prepared to follow the lead? If not, they will find the going tougher when they start to explain to their taxpayers why they impose double taxation on them as the wartime agreements expire.

Alberta Reactions

"It's an ill-wind" etc. Some Alberta coal is moving to points in Idaho and Washington states, because U.S. mines are shut down, and a consignment is under order for China, apparently for the same reason.

These of course are only emergency shipments and of course may be expected to end when the U. S. mines get back into production and have caught up with the shortage. If officials at Washinkton are correct in their forecast these mines are not likely to resume operations before March, in which case the demand for Alberta coal will continue all winter, and expand as shortages spread in the north-western states.

The embargo on lumber shipments to the United States has checked the movement of this commodity from Alberta and British Columbia. This should make supplies more plentiful in the home market, where they are urgently needed. There are said to be 15,000,000 board feet thus stalled in British Columbia mill yards, blue marked for export before the ban was imposed.

Lumber is exported under a quota arrangement, and it is suggested that this lumber may be held until the embargo is lifted and then sent across the line.

In the exceptional circumstances this would be a policy of folly No one knows how long the embargo will remain. Meanwhile, the home builders idle in coastal cities and on the prairies while lumber lay idle at the mills would do good to no one and harm to all concerned—including families who are waiting for the completion of partly built houses.

The Poseurs

A delightful story comes out of Hollywood, of all places, where there was recently held a solemn and pretentious exhibition of that wild fantasy politely caled "abstract art."

Abstractionists from all parts of the American West brought in their most obscure canvases, dizzy whorls of color and nightmares of line—each purporting to convey some profound meaning to those of the intellects and spirits are refined beyond those of the vulgar herd.

Hung among these triumphs of unfettered art was one canvas that excited much admiration. Short-haired ladies and long-haired gents baited before it with sighs of rapture. They goggled and admired and reverently tiptoed back to feast their bulging eyes again.

This masterpiece was entitled "Three Out of Five". Nobody knew what it meant. But it was wonderful — just wonderful.

At the conclusion of the exhibition, the secret was revealed. A practica ljoker who didn't know a gem from a pretzel, confessed that he had concocted the picture from nail polish, blue and yellow furniture paint, chalk, black ink and some clippings from magazines.

He just smeared on the nail polish and paint and ink with delicious abandon, any which way, scratched two fishes with chalk, pasted on two clippings of shapely ankles to give that soupcon of lewdness which is the basis of most exoticism and then, to lend the daub real class, squiggled in a leering portrait of Fred Allen with purple bags under the eyes.

This was the "masterpiece" that stole the show and set the customers away in ecstasy.

There is really no comment to make about this incident. There is nothing to say at all Except this;

God help art.

Is This Democracy?

Officials of the department of commerce at Washington say if the soft coal mines remain idle for a total of 90 days—which they rather expect—some of the results will be;—

Five million persons thrown out of employment;

A drop of $20,000,000,000 in the national income for the year;

A slash of 25 per cent in the year's production total.

An "unprecedented" transportation crisis.

No straining of imagination is needed to add another item, which cannot be reduced to figures nor expressed in language broad enough to cover the details. This is the inconvenience, hardships, worry, losses, and disappointment thrust upon millions of people by lack of fuel, failure of light and other utility services which depend upon coal, absence of the weekly pay envelope, rising prices of growingly scarce commodities, closing of schools, and innumerable other hindrances and handicaps directly traceable to the tie-up.

Ignoring the fact that these things are in prospect because of a strike, the list is surely impressive as illustrating what follows when a key industry ceases to function—for any cause at all. The results would be the same if the mines had been flooded, or bombed by enemy airmen, or set on fire by a mad-brained incendiarist.

In this modern world of ours people live, almost literally, from hand to mouth. Every person is dependent, day by day, upon hundreds or thousands of other persons carrying on their jobs, as usual. Whenever any essential factor in the infinitely complicated machinery of supply ceases to operate other units are thrown out of gear and the whole community suffers. If the interruption lasts long enough, misery and dread are spread clear across the nation—and harmful results may be caused even beyond its boundaries.

Surely in a situation of the kind intelligent people must see that continuous production is the first condition of personal and family security, the safety and welfare of the many is a proper objective of democracy, then democracy fails when the continuous production of any necessary commodity is halted by any forseeable and preventable occurrence.

Hon. Charles Stewart

Hon. Charles Stewart was one of the Liberal stalwarts in the early years of this province. A successful farmer at Killam, he was elected to the second legislative assembly in 1909, became successively minister of municipal affairs and minister of public works, and succeeded Premier Sifton in 1917 as head of the government.

Four years later he entered the Dominion government as minister of the interior, holding that post until 1930., excepting the short regime of the "shadow cabinet". In 1935 Mr. Stewart was appointed a member of the Canadian section of the International Waterways Commission and has served in that capacity since.

Though 25 years have thus passed since he resided in Alberta, thousands of personal and political friends remember all over the province, will join in regrets at the news of his death. None will share this feeling more keenly than those who fought him in many a hot election campaign. For "Charley" had human qualities which political differences did not circumscribe nor obscure. Those who differed with him liked him. He was that kind of a man.

An etiquette dictator prescribes that ladies may not blow smoke rings ostentatiously. Just as 50 years ago society was horrified if a woman rode alone with her escort in a hansome.

The American negro seems to have the stuff that can jest at himself. A propos of the immigration policy, The Negro Digest observes that the negroes in the South have all the white folks they can support right now.

Looking Backward

From The Bulletin Files

1886: 60 Years Ago

The annual St. Andrew's ball was held in the A. Macdonald and Company building. Messrs. Gurneau, Stiff and McMunn furnished the music and James Lawson was director.

At the present time arrangements for winding up the colonization companies are being carried into effect. None of them has fulfilled its contract. Few have attempted to do so. . . . To this class belongs the Edmonton and Saskatchewan Land company. Against none of them are the penalties for non-fulfilment being enforced.

1896: 50 Years Ago

A bazaar was held in the Robertson hall in aid of the Edmonton general hospital. Supper table was in charge of Mrs. Bridgeman, Mrs. Wisson, Mrs. Beck and Miss Stewart. Fancy work table—Mrs. Jellett, Mrs. H. C. Taylor, Mrs.. Dupleisis, Mrs. Edmiston, Miss Charbonneau, and the Misses McMinnimen: candy table—Mrs. Day, Miss Matheson and Miss Ray; fish pond—Mrs. Kinaird and Miss Gerard. Mrs. Larue supervised the raffle for a table cover and work box which fell to Father Tessier. Miss McNamara supervised a raffle for a zither, won by G. H. Graydon. S. Laurie and G. H. Gardiner assisted in the raffles. Arrangements were supervised by S. S. Taylor.

1906: 40 Years Ago

M. J. McLeod and Mrs. McLeod were passengers on the southbound train.

The new post office at Rice and McDougall was opened to the public.

New Liskeard (Ont.) Great excitement prevailed over the discovery of a vein of gold bearing ore on the claim of the Temiskaming and Hudson Bay Company.

1916: 30 Years Ago

Ottawa: Protests are being made here by organized labor against the importation of men from the U.S. on the ground that such is not necessary.

1926: 20 Years Ago

Hankow: A "Society for the Overthrow of the British" is being sponsored by the chiefs of the Cantonese army.

Washington: In his message to Congress, President Coolidge stressed the importance of a deep waterway from the Great Lakes to the Atlantic, either by way of the St. Lawrence river or as an all-American canal.

1936: 10 Years Ago

J. H. Tremblay, Liberal, was elected in the Grouard by-election, succeeding the late L. A. Giroux.

London: Rumor is that if the King abdicates he will take the title of Earl of Chester.

"Peel" Derbyshire was elected exalted ruler of Edmonton Elks lodge. Others: George Robinson, immediate past exalted ruler; B. P. Hobbs, leading knight; Percy Jones, loyal knight; Harry Bowman, lecturing knight; W. J. Purdy, secretary; Dal Hawkins, treasurer; Max Baader, inner guard; Fred Ruiter, outer guard; Roy Gardiner, W. Beck and W. McColg, trustees.

W. H. Aylett, manager of the Macdonald hotel, was appointed manager of the Chateau Laurier at Ottawa.

Following passed first aid examinations of the St. John Ambulance association; Vera Bolton, Viola Dubra, Blanche Bernier, Dorothy Edwards, Theresa Kerrosek, Florence Aitken, Mary Nystrom, Barbara Fox, May Hamilton, Mabel Sampson, Mabel Shantz, Kathleen Downey, Emith Hunsperger, Eleanor Miller, Mary Moran, Mrs. Margaret Pollock, Jean Kerosck, Connie Chapman, Agnes Willing, Mary Kubicka, Mrs. Grace Aikens, Ruth Zinkan, Ruth Woodsworth, Ruth Miller, Katherine Millar, Jeannette Home, Jo Fidler and Mrs. I. A. Bruce.

A meeting was summoned for the purpose of organizing a junior chamber of commerce.

Today's Text

All my bones shall say, Lord, who is like unto Thee, which deliverest the poor from him that is too strong for him, yea, the poor and the needy from him that spoileth him?—Psalms 35:10.

The Thrill That Comes Once in a Lifetime -:- -:- by Webster

Franco Must Go

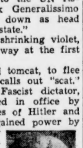
BY ELMORE PHILPOTT

There have been some grim jokes played on this generation. But surely one of the most ludicrous is the proposal, by senator Connolly, to the UN Assembly "to ask Generalissimo Franco to step down as head of the Spanish state."

Franco is no shrinking violet, who will wilt away at the first verbal breeze.

He is a tough tomcat, to flee when someone calls out "scat."

Franco is a Fascist dictator, bloodily installed in office by the armed forces of Hitler and Mussolini. He gained power by mass slaughter of his own people — and has kept it by exercise of ruthless force.



PHILPOTT

Franco supplied two full army divisions to fight against our side in the recent war. He continues to harbor Fascists, who are under sentence of death in their own countries. The most notorious of these is Degrelle of Belgium.

* * *

THE UN ASSEMBLY has long since passed a motion of condemnation of Franco. If mere words —even such formal words of international censure—could have led to the ousting of Franco, the dictator would already have gone. It will take more than such words to bring about the fall of Fascism in Spain.

But there are non-violent steps plainly laid down in the Charter of the United Nations to deal with such a case as this. The most obvious would be:

1. Rupture of all diplomatic relationships and of all commercial intercourse.

2. Recognition of a suitable democratic government-in-exile as the legitimate administration of Spain.

* * *

SPAIN IS ONE EXAMPLE of the basic weakness in the international policies of the western powers. So fearful are the British Foreign Office and the United States Department of the spread of Russian influence that they resort to all sorts of devices to maintain or put in power any political body that seems able to keep out all kinds of leftists.

The inevitable effects are twofold: The western democracies find themselves more and more compromised by being linked to the most reactionary forces in any such country; the tortured peoples of the world grow more yearning for the overthrow of the reactionary dictatorships — more and more are drawn toward the Communist-led underground.

* * *

WE SAW THAT work out in Italy—where the western Allies long supported the cunning little Fascist king who had put his royal seal of approval on Mussolini's criminal national and international acts for a whole generation. As soon as the Italian people got the chance, they booted out the whole discredited royal family. Yet, notwithstanding that lesson, the western powers are making precisely the same mistake all along the line—from Spain to Greece, Palestine and Egypt. They are linking their "lifeline" —not to life-buoys but to institutions which would speedily sink of their own deadweight if outside support were withdrawn.

As a concrete example, even the ultra-cautious, conservative-thinking Ross Munro of the Canadian Press reported a few days ago, after touring Greece, that the undemocratic Royalists regime there could not possibly survive six months if British forces were withdrawn.

* * *

THERE IS ONLY ONE way whereby the western democracies can surely checkmate what is now called factually miscalled) "Soviet expansionism." That is by filling the potential vacuums left by the fall of Fascism with vital democratic economies. If Britain and the U.S.A. have nothing to fear, on the score of international balance of power, from an overthrow of Fascism in Spain, or elsewhere, provided that THEY are the chief instruments or allies in that overthrow,

But it won't come about by reason of feeble and futile gestures such as Senator Connolly has made toward Franco.

America — At Home and Abroad

BY DOROTHY THOMPSON

It is impossible to penetrate the confusion of American policy at home and abroad. Yet one thing is certain. No nation can serve two masters, and domestic and foreign policies cannot be disentangled. The right hand must know what the left hand is doing.

Here there is alarm at the growing influence of Communism — that brutal, pitiless conspiracy to mount to absolute power, once achieved ,for the working men, and to use that power, once achhieved, for the liquidation and extermination of the middle classes in the interests of the commisar — state and Russian power.

Here the growing demand to "root out subversive elements" holds grave dangers, because too many persons are incapable of distinguishing between those who work out of patriotic zeal, for necessary and urgent reform, and those who would subvert reform movements for their own terrible ends. The nation can play into the hands of its would-be destroyers by confusion of its definitions and through abrogating the task of answering in a constructive, practical, and, if necessary, radical way. The problems of our industrial society. Change whether for good or evil, depends upon whether it is promoted by those who, loving their society, would preserve and improve it, or by those who hating it who would destroy it. Those who would destroy it do not promote its improvement. They hope, rather, to be the receivers of its bankruptcy. Those who would save our society have thus not only a negative task, but an affirmative one. The demonic dynamism of Communism must be opposed by another dynamism, appealing to the spirit of co-operation and love, instead of to hatred and class war.

THOMPSON

* * *

BUT ALTHOUGH we cannot fight the terrible iconoclasms of our age by a Maginot line of defence, neither is there any reason why we should directly aid our would-be destroyers Yet, that is what we are doing in Germany. The Russians, in their zone, make no pretense of neutrality, putting only Communists or Unity-Party (product of a shotgun Marxian marriage) in office; withholding paper from the opposition press; terrorizing opposition spokesmen and generally converting ex-Nazis to unconverted men of impeccable, reputation and character; and thus bringing about a "Gleichschaltung" by all-very methods. Americans in their zone, however, affect not neutrality but subservience. According to a recent despatch, they have just put at the head of a news agency co-operative of 41 newspapers, the Communist Rudolph Agricalo. They have suppressed in Germany publication of Schlabrendorff's "Men Against Hitler," part of which appeared in The Saturday Evening Post, and tells the story of the German resistance. They have suppressed Hermann Rauschning's "Revolution of Nihilism" and "Voice of Destruction" although they are among the most powerful denunciations of the mind and soul of Nazi demonism. The entire story of the German resistance is in fact suppressed in Germany, as it is largely suppressed in the United States. Neither there nor in America has anyone brought out "The Last Letters of Helmuth von Moltke," though they were published in Britain. In fact no one gallows, the very embodiment of young modern Christnian heroism.

* * *

ONE MAY ASK what interest have Americans in suppressing for Germans the fact that the most heroic anti-Nazi resisters were animated by a revolt against the de-humanizing materialistic demonism which is characteristic of both Nazism and Communism. Every military governor knows, as the Nazis knew, that the greatest resistance to their rule came from people with a living religious faith.

Those who understood the German malaise most profoundly, above all von Moltke, looked for the rebirth of Germany neither in their materialism nor militarism but through a spiritual awakening of conscience, not clerical nor exclusive, but looking to Christian principles as an absolutely practical and dynamic way of life. It was for this he died on the gallows, as many others died, being himself a personal rallying point.

And what he glimpsed, at least into the German soul is borne out. In Wuertemberg, parents of school children were polled on the question whether they wanted religious instructions in the schools, according to the faith of the parents, and 100 per cent replied affirmatively. But it was not granted. Why?

The Christian Union party, by no means reactionary, economically, has a majority. Yet it gets no more newsprint than the Communists who are a tiny minority in this province. Whereas the Russians flood their zone with Communist literature, no American, to this day, is able to send a scrap of printed matter to a German friend; The American churches cannot send printed material to their co-religionists, nor American teachers to German teachers. Yet the hunger for mental and spiritual contact is as great as for bread. Why?

Representatives of American trade unions who have visited Germany, and who understand Communist tactics better than anyone, are furious at the way American military government coddles German Communists. They, too, ask; Why?

At any rate American authorities in Germany and in the United States had better compare notes.

(Copyright, 1946 by the Bell Syndicate and The Edmonton Bulletin).

Don't Get Caught

This is what you will receive: "All you have to do is to get some cream and churn it your-

Our Debt to Railways

BY HARPER PROWSE, MLA

Nobody could live in Western Canada for any length of time without discovering that there are a great many people who believe the executives of the railway companies lie awake nights trying to figure out new ways of squeezing more dollars out of those of us who live and work in the prairie provinces. This belief has been reinforced in the minds of many by the recent application of the railways for a 30 percent increase in rates.

While there is no doubt that the executives of these companies are concerned with the problem of making income exceed expenditures we would be doing them a grave injustice if we did not stop for a moment to consider that they have problems of their own, and that we would be in a pretty pickle if there were no railways.

If it hadn't been for the railways the west would never have been opened up in the first place. If they ceased operating today we would be unable to get the wheat and other grains, the cattle, hogs, poultry and other produce of our farms to the markets of the world. The products of our mines and forests would be of use only to those who were within draying or trucking distance of our mills and pit-heads. In other words our transportation systems have contributed more than any other single factor to the development of our country and to our present high standard of living.

* * *

HOWEVER, it is not only the farmer who grows the grain or raises the livestock, nor the operator who owns the mine, nor the miner who digs the coal, nor the men employed in the lumber industry who benefit from the increase in the value of their products provided by the fact that we are able to send them to markets all over the world. Every citizen in Canada, in fact every citizen in the world profits from the services performed by our transportation systems.

Now a transportation system can operate in two ways. It can make a profit, or it can lose money. Except for the war years our transportation systems have operated at an overall loss. Their deficits have been met to some extent by government subsidies, loans and such things as mail contracts. Now, faced with increased costs in the post-war period the railways have announced that they need more income in order to meet increased expenditures. As we are always asking for improved services from the railways, supporting demand of employes for better wages and working conditions apparently we are all willing that the railways should spend more money. In order that they may do this we must be willing to permit them increased income.

However, an increase in freight rates would fall heavily on those of us who live and produce in the west, although the benefits are shared by all. That is why the western provinces oppose an increase in rates. Not because we do not want the railways to stay out of bankruptcy, but because we feel we will be called upon to pay an unfair share of the bill for the services which all will enjoy.

* * *

SO THE FIGHT against increased freight rates is not actually — at least it should not be—a straight knock-down, drag-out fight between the western farmer and railways. In fact it shouldn't be a fight at all. It should be a co-operative examination by all the citizens of Canada, or their representatives, to find out how much more income the railways need to provide the services we expect, and when we have decided this, to decide further how that money may be raised in the fairest way to the greatest number of people. But above all it is time we stop all this silly chatter about "fighting" the transportation companies. They are our greatest asset.

The Bulletin's Readers Say:

EDUCATION IN CHARACTER

Editor, The Bulletin: May I have a spot of your valued space in which to present an opinion of a couple of very interesting references in The Bulletin's news columns, which appealed to me?

In a report of an address by C. W. McCool (Saskatoon) secretary of the Canadian School Trustees' association at a meeting in Calgary, I see this paragraph: "He also stated that rural teachers should be as well paid as those in towns and cities, because rural children were just as important to the nation and deserved just as good an education."

I agree heartily—especially if we emphasize that term "education" as being far beyond the merely acquisitive aim of the market place; but rather, as teaching young people how to live as well as how to get going places and making money? In this connection I recall the assertion of a great American: "For every hundred North Americans of intellect, we grow only ten with character." This latter warning is, definitely, in alignment with the reported opinion of Dr. F. S. Morley, minister of Grace Presbyterian church, in that same news story; intimating that the old-school house was a stronger institution than the modern school and declaring that "it developed qualities of character and discipline not found in our larger units."

Agriculture is Canada's No. 1 industry with a capital investment almost balancing the investment in Canada's 28,000 manufacturing industries combined: i.e. $5,000,000,000) and needs leadership all along the line. We must be careful not to "educate" rural youth off the good earth?

The second item quotes R. H. M. Bailey (of the Clover Bar district), president of the Dairy Farmers of Canada as telling an Edmonton gathering that the annual income of the Canadian Federation of Agriculture was just $30,000 a year to be contrasted with the British National Farmer's Union of $2,000,000. As a certain valiant British leader might say, "that is SOME contrast!"

Hardware Section—Lower Main Floor

Connected With United Church

Chinese Women's Club Is Interesting Group

By HELEN FERRIS

One of the most interesting and gifted groups in Edmonton is the Chinese Women's Club of the United Church of Canada.

ORGANIZED several years ago by Miss Lavina Dickman, eldest daughter of the late Dr. Peng Dickman, minister of the Chinese United Church here, its purpose was to provide Christian Chinese women with some social life in the church, through friendly co-operation with Canadians of the same denomination.

Today there 25-30 members, about half of them Canadian women active in the missionary societies of Wesley and Central United churches. Most of the Chinese members are young, and Canadian-born, speaking fluent English.

Past president of the club is Miss Edith Mah. President is Mrs. Lee K. Yuen, wife of a talented artist, and daughter of Mr. Ho Lem of Calgary—the only Chinese elder in a Canadian church in Alberta (Knox United, Calgary). Secretary is Mrs. Lee Tak, proprietor of the Vanity Beauty Parlor.

OTHER MEMBERS are Mrs. Edward Mah, of the Mandarin Shoppe; Miss Amy Fung, a medical student at the University of Alberta, and Miss Vivian Suey, a geology student; Mrs. K. K. Wong and Mrs. Chan, teachers sent out from China to instruct in schools here; and three members recently returned from the Orient: Miss Alice Wong, a nurse at the Royal Alexandra hospital, Miss Eleanor Wong, a dressmaker, and Mrs. D. H. Lee (nee Toots Wong of Edmonton) who has spent 15 years in China and served with the American Red Cross during the war. Her husband, a medical doctor in Hong Kong, later served with the Canadian forces and is at present taking post-graduate courses at Harvard University, Boston, before returning to China early in the New Year.

Asked what she considered the most vital necessities in China today, that Canadians could help provide, Mrs. Lee answered, "Medical supplies and clothing—particularly woollen clothing, as the woollen mills in northern China were completely destroyed by the Japanese invasion, and so many sheep and goats were killed that the supply is exhausted."

DURING WORLD War II, the Chinese Woman's Club donated afghans and many other knitted articles "to the bundles for Britain" in addition to their Chinese relief work abroad. Now they are able to concentrate all their efforts on relieving some of the suffering occasioned by Mrs. Lee's last visit years, they sent funds to Madame Chiang Kai-Chek for the aid of her war orphanage, but more recently they have contributed to United Church mission hospitals for the same purpose.

One of the hospitals thus aided is the Kongmon Woman's hospital, of which Dr. Victoria Chung is superintendent. Dr. Chung, a Victoria-born Chinese girl, was educated by the Woman's Missionary Society, went out to China as a medical missionary in 1922-23, and later refunded the entire sum to the WMS for the education of another girl.

TO RAISE funds for its good work, the Chinese Women's Club undertake one big project a year, usually a chop suey tea, soliciting donations from all Chinese business firms in the city.

Their meetings are held on the third Wednesday of each month at members' homes, and follow a pattern similar to those of the WMS, with emphasis on the study of China. The December meeting will be held next week at the home of Mrs. C. P. Leung, whose husband is minister of the Chinese United Church in Edmonton. Arrangements will be made for the Sunday school Christmas party, sponsored annually by the club.

Church News

ON CKUA: The Rev. Dr. Willard Brewing of Toronto, who will broadcast over a Canada wide network Sunday on behalf of the British and Foreign Bible Society. His talk will be heard over station CKUA from 4.38 to 4.45 p.m.

At Metropolitan

The minister of Metropolitan United Church will preach two companion sermons on Sunday on "God has Spoken" in the morning and "The Human Answer" in the evening.

Gift to Church

At the twenty-fifth anniversary services of Delton Baptist Church recently, a gift of fluorescent lights were presented by Mr. and Mrs. Andrew Trainer. Portraits of the Rev. James Young, first minister of the church, and Mrs. Young, were presented by members of the family.

TODAY'S MESSAGE

HOCKEY AND RELIGION

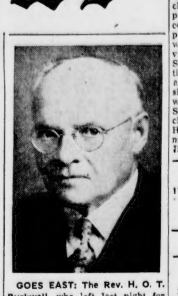
From hockey to religion may seem like a far cry, at first glance. But in reality it is not. The spirit of fair play which is the essence of hockey and of every other worthwhile sport is a direct outgrowth of the influence which our religious institutions have exerted on the national character of Canada.

Consider for a moment—What do we actually mean by fair play? Isn't it simply that our fellow men have a right to expect decent treatment from us? Isn't it simply that a spirit of kindness and helpfulness ought to govern our actions towards others, not only in sport, but in ordinary life as well?

Surely, then, it must be clear that fair play is simply a specific application of the great religious principles, embodied in the Golden Rule, "Do unto others as you would have others do unto you."

We in Canada may well be proud of our traditions of sportsmanship and fair play. We should be. But let us not forget the source from which these traditions stem: our religious and character-building institutions. If we are a nation of good sports and good citizens, it is in large part due to the influence of our churches, which throughout our history have ceaselessly held before us the finest spiritual ideals.

COME TO CHURCH THIS SUNDAY



GOES EAST: The Rev. H. O. T. Burkwall, who left last night for St. John, N. B., where he will serve as secretary of the British and Foreign Bible Society for three months. Fifty years ago this month, Mr. Burkwall arrived in China to begin 40 years of missionary work there, 36 years of which were spent in the service of the Bible society.

Evangelist Plans Continue Services

Glyn Evans of the Fuller Evangelistic Foundation will continue his ministry for one more week in the city at the Masonic Temple under the auspices of the Fundamental Baptist Church. Mr. Evans is an evangelist from the middle-western States and many have been blessed through his ministry of love. By his close walk with God, the sincerity shown in his messages manifest that he believes and lives what he preaches. Bob Devin, his partner, a musician who was a former jazz band orchestra player, has concentrated his talent wholly to gospel music. Many have been inspired and edified by this accomplished musician.

Other Churches

GEMS FROM SWEDENBORG:

"The Lord is with every man and leads him, and provides that whatever befalls him, whether sad or joyful, shall turn for his good. This is the Divine providence."

"Man is distressed in temptations by the evils and falsities that rise up into thought. So far as he then acknowledges his sins, regards himself as guilty, and prays for deliverance, so far the temptations are useful to him."—

REVELATION EXPLAINED

Swedenborg's writings, originally written in Latin two hundred years ago, supply the key of reason to the mysteries of religion. A non-denominational discussion group meets Friday evenings for reading. For information phone 26062.

Church Scout Troop Has Entertainment

The 28th Edmonton Scout Troop of Delton Baptist Church presented a variety entertainment in the church hall Monday evening for parents and friends. The program consisted of selections by a three-piece orchestra featuring Bill Stillwell, Dan McCoy, and Bud Holm, violin solos by Alan Bell, and two Skits by Roman Charmetaki entitled "The Ghoul" and "St. George and the Dragon." Movies were shown of Boy Scout and Girl Guide work, and of the Delton group at Skeleton Lake last summer. In charge of the pictures were Joe Holloway, provincial executive commissioner of Boy Scouts in Alberta, Jim Frost, assistant commissioner, and Jim Scott, assistant district commissioner.

Every cent raised through the sale of Christmas seals is spent on the specific job of fighting tuberculosis. There is yet much work to be done.

Church Social

Members of the senior and junior mission circles of Delton Baptist Church are sponsoring a social evening after the church service Sunday to welcome overseas brides into the congregation. Receiving will be Mrs. H. Flanagan and Mrs. M. V. G. Gilpin, presidents of the senior and junior groups respectively.

Rev. W. T. Young Resigns Position

Resignation due to ill-health of the Rev. Dr. W. T. Young, convener of home missions, was regretfully accepted by the Edmonton Presbytery, United Church of Canada at the November meeting. After a revision of the committee's personnel, the Rev. E. H. Birdsall was appointed chairman, the Rev. Wesley Bainbridge secretary, the Rev Elgin G. Turnbull vice-president responsible for church extension and the Rev. Angus J. MacQueen vice-chairman in charge of student missionaries.

Religious Pictures Will be Shown

"The Blind Beggar of Jerusalem" is the title of the moving picture to be shown at Strathcona Presbyterian Church on Sunday night at the Young People's Society, Fireside Hour. It is the story, from St. John, Chapter nine, of the beggar, blind from birth, who sat at the gate of the Temple.

THE FILM shows the growing hatred of Jesus by the religious leaders of His time and their methods to discredit his teaching and work.

In addition to the above picture, another film will show contemporary scenes in Jerusalem, Nazareth and Bethlehem. These pictures were taken by Mr. Don Lister, student Presbyterian minister, while serving with the RCAF in Palestine.

Christmas Concert

A Christmas concert will be presented by the Sunday school of Robertson United Church on Friday, Dec. 20, in the church hall. The program will feature the showing of a sound film entitled "The Child of Bethlehem," and several performances by members of the Sunday School, climaxed by a visit from Santa Claus.

Temporary Home For Congregation

The Rev. C. E. Rogers, pastor of Westmount United Church, announced this week that his congregation will be temporarily housed in the former Riverside United Church until their own sanctuary is completed. The building will be placed at the rear of the site on 124 street and 113 avenue, where the new edifice will stand.

RIVERSIDE church, which has been in disuse for some time, is at present situated half-way up Connors Road, and its roof will have to be removed before it can be brought across the low level bridge. Moving operations will commence as soon as the utilities board approves the chosen route. Meanwhile the lot is being prepared, by thawing and bulldozer, for the foundation.

Construction of the Westmount United church has been delayed through lack of cement for a foundation, though all other materials are on hand, and for the past several months Mr Rogers has been conducting regular Sunday services for his people in the community hall. When their new church is actually completed, it will serve a community extending from Camp 350 southward to 109th avenue, and a wide area from east to west.

THE REV. C. E. ROGERS

Bible Teacher For Tabernacle

Beulah Tabernacle is beginning a special service of Bible conference service with Dr. Herbert Lockyer of Liverpool, England, as special speaker. This conference begins Sunday, Dec. 8, with Dr. Lockyer speaking at 11.30 a.m. and 7.30 p.m. Both of these services will be held in the Beulah Tabernacle.

DR. LOCKYER was born in greater London and trained for a future stage career. As a stage struck youth he was contacted by the teaching of the Scriptures and as a result he put away forever his theatrical ambitions and plunged immediately into Christian service.

THE REV. H. LOCKYER

Mr. Lockyer has crossed the ocean 12 times and has served many denominations in this country and the British Isles in Bible conference ministry. Nearly 50 books have come from his prolific pen and he is known everywhere as the editor in chief of the Christian Digest, which is one of the most popular of American evangelical magazines.

HE HAS JUST returned now from a preaching tour of Europe and in his messages he will give first hand information regarding the situation abroad.

The special services with Dr Lockyer will continue through the week with services at 8 o'clock on Tuesday, Wednesday, Thursday and Friday evenings. Some of his subjects will be "Is Christ Coming Soon?", "What will happen when Jesus Comes?", "Are these the last days?", "Is the Lake of Fire consistent with a God of Love?"

THE PUBLIC will be interested in noticing the amazing similarity of physical appearance between Dr Lockyer and the late Prime Minister Neville Chamberlain. Truly a great opportunity awaits all Bible loving Christians as these services begin this coming Sunday. A special feature of the first day's ministry will be the 9.15 Sunday night youth rally in the Tabernacle when 25 University of Alberta students will present male trios, male quartettes, soloists, duets, and sacred readings along with vibrant testimonies of the Christian faith.

Church Calendar Issued for 1947

The Canadian Church Calendar issued by the Missionary Society of the Church of England in Canada, headquarters at Toronto, is in its twenty-sixth year of publication. The 1947 edition is now available.

THIS CALENDAR, which makes a pleasing Christmas gift, contains a great deal of interesting information about the missionary work of the Church of England in its Canadian and overseas fields, in addition to which are eight fine colored pictures, several of which are in natural color. The pages of photographs from the various fields of work are interesting, attractive and instructive. Under each date is a text for the day.

More than 90,000 copies were issued this year which is an all-time record. Already the record sales of the 1946 Calendar have been surpassed. Its popularity grows year by year.

Jewish Appeal Raises $102,000,000

Announcing that the United Jewish Appeal has raised $102,000,000 for refugees, overseas needs, and Palestine this year, William Rosenwald, chairman, paid tribute to Christian leaders for their support of the drive.

His report to the U. J. A. national conference pointed out that several million dollars were contributed to the fund by Christian committees in various parts of the country.

Rosenwald, revealed that 3,000,000 Jews in America contributed to the fund, and helped assure the survival of 1,500,000 Jews in Europe. Goal for the 1947 appeal will be $215,000,000, it was announced.

Nazarene Church Plans Anniversary

Anniversary services will be held in the Church of the Nazarene, South Side, corner of 99 street and Whyte avenue, on Dec. 8 at 11.30 a.m. and 7.30 p.m., with the Rev. Thomas Bell as guest speaker. Rev. Mr. Bell is the pioneer evangelist and preacher of the work of the Church of the Nazarene in the Alberta district.

MISS HILDA STEWART, head of the voice department of Canadian Nazarene College, in Red Deer, will be the guest soloist.

In the morning service new seating will be dedicated in memory of P. O. Emmett Kaechele, who gave his life overseas on March 5 1945.

In the evening service Rev. Tenove, former pastor, will bring a brief sketch of the work of the Church of the Nazarene on South Side.

Sun.—11 a.m.—CFRN St. Faith's, CJCA—First Presbyterian

Christian Science

"God the Only Cause and Creator." This theme will be developed in the lesson-sermon at Christian Science churches on Sunday. Following are significant passages which will be read: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning." (James 1:17). "All things are created spiritually. Mind not matter is the creator. Love, the divine Principle, is the Father and Mother of the universe, including man." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 256).

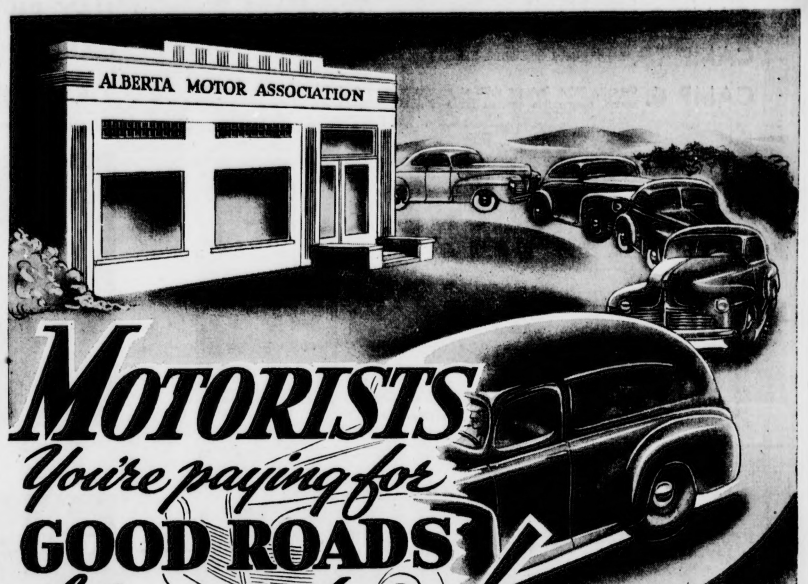
McLARENS HI-HO PUDDINGS



MOTORISTS
You're paying for
GOOD ROADS
Let's get them!

In Edmonton, our STREETS and ROADS are very "Sick," indeed, and unfortunately our Motorists must keep on paying, in increased operating and maintenance costs, more than sufficient to provide our City with "healthy" modern paved roads and streets.

No less an authority than Thomas H. MacDonald, when Commissioner of Public Roads for the United States, made this statement:- "The Public Pays for Adequate Highways Whether They Have Them or Not," and they pay less when they have Good Highways Than When They Do Not."

A survey of Costs on operating 293 Mail Cars on pavement, gravel and earth roads showed that the average cost of Gasoline, Oil, Tires and maintenance was 1.56 cents per vehicle mile on pavement, 2.59 cents on gravel, and 3.14 cents on earth roads.

In the City of Edmonton in 1945 there were 10,806 licenses issued to motor car owners and 3,435 licenses to owners of trucks.

Based on these registrations and results of this Survey it is conservatively estimated that car and truck owners in the City of Edmonton suffer to the extent of $470,000.00 annually because of the bad condition of the City's roads.

Our City Administration's $7,500,000.00 Ten Year Road Paving Program will go far in correcting this serious situation if it receives the wholehearted support of our citizens.

THE NEXT STEP IS UP TO US— The Citizens of Edmonton

To insure that every district and Community where improvements are needed will share in this Civic Betterment program, property owners are urged to join with their neighbors in completing the necessary petitions without delay.

Complete information and petition forms will be gladly furnished on request by the CITY ENGINEERING DEPARTMENT, Sixth Floor, Civic Block.

LET'S PILE PETITIONS ON THE DESK AT THE CITY HALL

This advertisement is contributed by the Alberta Motor Association in support of the Civic Betterment Program.

let's get things done NOW!

City Singer Carol Emcee

When 28 Edmonton choirs and glee clubs take the stage of McDougall Auditorium for "Christmas Carols of 1946," they'll be under the over-all guidance of a man long active in the city's musical circles. The emcee of the Rotary club's third annual community sing - song is Harold Fazackerly, who has a 20-odd year record as a singer and participant in dozens of Edmonton's musical enterprises. He'll be conducting the audience singing and guiding the programs in general each of the four nights, Dec. 17, 18, 19 and 20.

MR. FAZACKERLY was the first president of the Edmonton Civic Opera Society; has sung for service clubs, entertainments and special occasions during a period covering more than 20 years. He was tenor soloist with the Erskine United Choir for many years, and was recently associated with the Metropolitan United Choir. Mr. Fazackerly's genial personality, his knowledge of music, and love of singing have brought ready response from Christmas carol audiences in past years.

MR. FAZACKERLY counts his work with the Rotary club's community carols the most enjoyable he has ever done. "There is something about community singing, especially the grand old songs of Christmas, that brings a real thrill to a song leader," he said. The carol programs will commence each evening at 7:45, with the audience all joining in on good old-fashioned Christmas carols prior to the first special numbers by the choirs.

THE AUDIENCE will have much more singing to enjoy this year than in former years, since Mr. Fazackerly expects "the public to take just as active a part as the choirs." "You don't need to be a church member to enjoy these Christmas carol sing-songs," added Mr. Fazackerly, "the programs are open to everyone, are non-denominational and will feature traditional Yuletide songs as well as standard Christmas hymns."

FOOD AND WORK FOR ALL 17 MEMBERS OF THIS FARM FAMILY: Just about champions in the large-family class are the 17 Marentettes, who live on a Rochester township farm in the Windsor, Ont., district. Shown here are the 15 children and their parents: Back row, **Albertine, Laurette, Hector, Laura, Leonard, Paul, Lucille, Charlie.** Bottom, **Rose-Marie, Madeleine, Rachael, Mr. Marentette** with **Roger, Mrs. Marentette and Evelyn, Arthur, Louis.** A 13-pound roast and a peck of potatoes are just part of what it takes to provide the family with Sunday dinner. They eat at least seven loaves of bread in one day. Farm and household chores keep the big family of young folks busy.

Schoolboys Band Plays at Westglen

Before a large audience in the Westglen auditorium Friday evening, the Edmonton Schoolboys' Band appeared in concert. This was the 19th presentation of the band and will be repeated Saturday evening at 8:15 p.m.

THE PROGRAM was arranged in three sections, the first featuring the junior band, under the direction of bandmaster G. W. Murray, the second, the senior band under bandmaster T. V. Newlove, and the third consisted of selections by the massed bands.

Single baton twirling executed by junior band majorettes and double baton twirling by the senior band majorettes, won an appreciative round of applause from the audience.

Further highlights of the program included the presentation of Victor Herbert's The Three Solitaires, by the cornet trio, Bert Ward, Donald Tupper and Gordon Murray and a pianoforte duet given by Jean McLeod and Lois Archer.

Also included on the program was Mustol's overture to the Royal Highway; Sousa's march, Semper Fidelis, a modern band arrangement of Herbert's Gypsy Love Song and two hymn tunes Awake my Soul and All People That on Earth Do Dwell.

BOOK WOWS JAPS: Ernest Hoberecht, 29, United Press correspondent from Watonga, Okla., has hit the jackpot in Japan with a highly-spiced book called "Tokyo Romance." It is the story of a G.I. occupation soldier and a Japanese girl. Richard Ferguson, NEA-Acme photographer, caught this picture of Hoberecht looking like an author in Tokyo.

The usual dinner of a student at Yenching University in Peking consists of a few balls of bread, some corn meal loaves and watery soup.

The Angus shops of the Canadian Pacific Railway in Montreal have 30 miles of railway tracks "within the fence."

Govt. Contribution To Building Asked

University of Alberta Students' Union proposal to the provincial government to have the province contribute to the financing of the proposed Students' Union building was received favorably yesterday when Willard Pybus, varsity student president, met with Premier Manning.

Definite answer will not be given until next January, but it is hoped in student circles that the government will contribute dollar for dollar toward the half-million dollar structure, construction of which will begin as soon as building materials are available.

THE STUDENTS themselves will have raised $256,000 by the end of the present session.

The Union building will consist of three units: an executive section with students' offices, an auditorium with a capacity of over 1,600 people, and a physical education section with swimming pool and latest physical education facilities. First unit to be erected will be the students' executive, since the greatly increased enrolment at the university has greatly cramped the present union offices.

Fish, Game League To Elect Officers

Northern Alberta Fish and Game Protective League will hold a meeting in Garneau school auditorium at 8 p.m. Monday. Highlight of the meeting will be the nomination and election of officers for the 1947 term.

The meeting program will also include two nature moving pictures entitled "Bastille" and "Humming Bird Home Life". Reports will be given by Herb Tait and C. E. Brown.

1946-47 Convention Season Opens Next Week in Calgary

Important Farm Problems to be Dealt With

The 1946-47 convention season for Alberta farm organizations, opening next week, promises record-breaking scope for strong resolutions and extended debate in the light of events during the year which have had a direct bearing on the western farmer, and notably the months-long September farm produce withholding strike by the Alberta Farmers' Union which stirred varying reactions throughout Canada and in agricultural zones of the United States.

THE ALBERTA Federation of Agriculture, first of the province's major farm bodies to hold its annual convention this year, will meet Wednesday and Thursday in the Palliser hotel in Calgary.

Premier Ernest Manning will deliver the main address at the convention. He has not announced the topic he will chose for this address but it is expected he will deal with the still nebulous taxtransfer proposals between the province and the Dominion. He may hint also of bills which will come before the legislature when it reconvenes in February.

NUMBERED among other officials who will address the convention are H. H. Hannam, Ottawa, chairman of the Canadian Federation of Agriculture; T. C. Main, representative of Ducks Unlimited, who will speak on game conservation.

Ben S. Plumer, president of the Alberta Wheat Pool, will deliver a report on the conference of agricultural producers held this summer in London, England.

STORMY SESSIONS are predicted for the four-day Edmonton conference of the Alberta Farmers' Union, Jan. 7 to 11 in the Towers building. Observers feel the question of amalgamation with the United Farmers of Alberta and consolidation with the Alberta Federation of Agriculture will be aired at length by the AFU delegates, several of whom have expressed disapproval of the proposal since neither of the senior agricultural bodies gave official approval of the withholding strike conducted jointly by the AFU and the Saskatchewan section of the United Farmers of Canada last September.

There is a possibility, however, that there may be a greater degree of tolerance and mutual concession than the expressed and unexpressed indications prophesy.

ONE IN particular is the unanimous vote of aproval for consolidation adopted at the district convention of the Alberta Farmers' Union on Nov. 1 at Lethbridge.

Post-war increases in the costs of farm operation with no corresponding boost in returns is a subject which is bound to come before each of the three conventions.

Among other matters which the AFA has indicated it intends to protest is a proposed further increase in the cost of gasoline. Lew Hutchinson, chairman of the Alberta Federation of Agriculture, in a statement Thursday, said that the major portion of farms of the province are mechanically operated, and that a further increase in the price of gasoline would mean additional production costs, which, if the subsidy on fuel oils is removed, would have to be met somehow, and in the end would probably come out of the consumer of agricultural products.

ON THE MATTER of an increase of 30 per cent in freight rates sought by the Railways Association of Canada, all three farm organizations stand as firmly opposed. As a matter of fact some of them in former conventions have adopted resolutions demanding a reduction in the rates.

The present threat of increased freight rates was foreseen as early as last January by members of the United Farmers of Alberta, and a strong resolution of protest went out from their convention to the federal government.

The AFU's convention this year will be held Jan. 14 to 17 in the Palliser hotel in Calgary.

WITH PRELIMINARIES of amalgamation facing each organization one item high on the list of important matters to be discussed will be the draft constitution for the reorganization of the AFA, enabling it, if there is tripartite approval, to absorb the AFU and the UFA.

Before the Magistrate

MARY KMICIK said she had four glasses of beer and then wanted to take everything she saw. Consequently the woman got off to a good start by stealing two dresses and a skirt from three city department stores before she was apprehended. Friday morning she pleaded guilty and was fined $10 and costs or 14 days on each of the three charges.

• • •

STEVE FIGEL was fined $10 and costs or 14 days for assaulting his mother-in-law, Mrs. A. Bryndzak. He is reported to have struck the woman. He stated that he had come to see his child and his mother-in-law would not permit him to do so.

• • •

FREDERICK ISAAC pleaded guilty to a charge of dangerous driving and was fined $20 and costs or 30 days.

Launch Youth Group Movement

A new young people's movement to bring more Christians into public life and to have religious principles applied to everyday problems has been launched at Oxford University, according to the Rev. L. John Collins, dean of Oriel College.

FIFTY OXFORD undergraduates and young people are working with Dean Collins to organize a meeting, at which all political parties and denominations will be represented. Dr. George K. Bell, Anglican Bishop of Chichester, will preside, and speakers will include Sir Richard Acland (Anglican), Robert Wilson (Quaker), Miss Barbara Ward (Roman Catholic), and Victor Gollance (Jewish).

"Ex-service men and women are fed to the teeth because they think the church, as a church, is doing nothing in public life so far as Christian action is concerned," Dean Collins declared in explaining the origin of the movement.

Launch $500,000 Church Campaign

A campaign to raise $500,000 for the restoration of Church of Ireland property in Ulster destroyed by air raids during the war was launched in Belfast by the Rt. Rev. Charles Kilpatrick Irwin, Bishop of Connor, at a special meeting of the Diocesan Synod.

Warns Against Certain Abuses

Dr. Geoffrey Francis Fisher, Archbishop of Canterbury, has warned parish priests against "abuses" in the midnight celebration of Holy Communion at Christmas.

WRITING in Canterbury Diocesan Notes, he said that while the observance "has emotional appeal for some, for many others it is used chiefly as an easy attractive way of freeing Christmas Day itself of obligations."

The archbishop asserted that "there have been very undesirable incidents in connection with this service," and requested parish priests to "require notice beforehand of those who intend to com-

Score UN Sessions

Holding of Sunday sessions by United Nations committees was criticized by the Lord's Day Alliance of the United States at its 58th annual meeting. The group also deplored the custom followed by "nearly every European country" of holding elections on Sunday.

Denunciate and to take every possible step to avoid abuses.

"I am quite sure," he said, "that this practice is one that should be diminished rather than extended."

SPORTS BULLETIN

Captures 10-Round Decision

ĆERDAN WINS U. S. DEBUT BY TURNING BACK ABRAMS

NEW YORK, Dec. (AP) — Mareet Cerdan, the European middleweight champion, made his American bow a successful one last night by punching out a close decision over Georgie Abrams in a bloody 10-round brawl in Madison Square Garden. Cerdan weighed 159; Abrams 160½.

The rugged former sailor, winner of the inter-Allied Mediterranean service championship for two years during the war, had to put on a wild, slugging finish to win out by a narrow point margin only after the Washington wallaper, catching up from a slow start, took command through the middle heats.

THE DECISION WAS GREETED with mingled boos and cheers by the near sell-out crowd.

Referee Ruby Goldstein gave it to Cerdan by six rounds to two, with two even, but both judges called it five rounds apiece. Judge Marty Monroe made it seven points to five for Cerdan and judge Frank Forbes called it nine points to six for the Casablanca clouter. The Associated Press score card balloted for Cerdan, five rounds to four, with one even.

The attention Cerdan attracted during the war and since he has been here with his charge-in-and-swing style resulted in a surprising turnout of 16,971 cash customers who chipped to a gross gate of $83,859 to sit in the proceedings.

IT WAS A BLOOD-AND-THUNDER belting party from start to finish, with both fighting for a title shot at the winner of the middleweight championship bout between titleholder Tony Zale and Rocky Graziano next March.

Blood spilled from cuts of both before seven rounds were over, as Mareel fired three left hooks in the second heat to break open Georgie's right eye and Georgie came back with a ripping right that tore a gash alongside Cerdan's left eye in the seventh.

Time after time they stood toe to toe and slugged away for half a minute or more, neither giving ground and both apparently doing their best to blow the other out of the ring.

Losers Score Split Second After Full Time

CALGARY, Dec. 7 (CP) — Calgary Stampeders, battling to regain first place in the western Canada Senior Hockey League standings, topped Saskatoon Elks by the breadth of a kitten's whisker here last night, winning 3-2 over a Saskatchewan sextet that came within a split second of tying the score on the final thrust of the game.

Four Saskatoon forwards swept over the Calgary blueline as timer Herb Johnson had his finger on the electric bell push-button and the final bell was ringing as they rushed goalie Russ Dertell who went down under the melee with the puck bouncing in the net.

Although Elks protested hotly, the goal was disallowed with all officials unanimous full time had arrived as the Elk quartet swept a stride or two inside the blueline.

KEN "RED" HUNTER got back into the league individual scoring lead as he scored one goal and assisted in another, Tony Desmarais and Bob Brewridge snaring the other Calgary markers. Richardson and Buttrey counted for Saskatoon.

Held scoreless in the opening frame, Stamps stepped ahead 2-1 in the second and made it 3-1 in the third before Buttrey counted less than two minutes from the end as Elks cut loose with a powerful offensive in a desperate bid for at least a tie.

Although Stamps were somewhat below usual form, showing a "hot and cold" type of play throughout, the game as a whole was a fast, hard fought and cleanly played encounter with very little to choose between the clubs. Stamps had the edge up front, but Elks were strong on defence with goalie Billy Brennan playing a standout game in the nets.

A MISCONDUCT penalty to Shabaga, who used abusive language to the referee during a faceoff kept the Elks star off the ice for 10 minutes of the first period but neither team was shorthanded until Shoquist drew a high-sticking penalty. Elks couldn't get the power play going and Stamps were no better later when Dutchuk was banished for interferring with Michaluk.

With Don Menzies serving a hooking penalty, Calgary went one up as Art Michaluk grabbed the puck near his own goal, sent up a long pass to Ken Hunter who broke it past inside the red line then skated up centre for a 12-foot shot that clicked a corner of the net.

Shabaga missed the net after a clean break while Emery and J. Brennon were off for a minor roughing incident but when Stamps did come back Elks got clicking for a tying thrust. Jenkins took the puck from the goal, shot at Dertell who cleared with the puck bouncing three feet out, and Richardson drove in from right to rifle the rubber into a wide open net.

STAMPS got the point back two minutes later when Don Menzies slid to the right behind the goal boards and sent over a long, cross-the-goal pass to Tony Desmarais who slapped it behind Brennan from just outside the crease.

Almost from the third period faceoff the Hunter-Brownridge-Grant line swept behind the Saskatoon defence, slipped the puck to Brownridge on a double relay and scored when the latter banged it to the top of the net. The puck rebounded out and Elks protested it had never gone in but were overruled.

Elks were forcing the pace when Buttrey narrowed the margin less than two minutes from the end. J. Brennan set up the play, giving his mate a short pass across the goalmouth with Buttrey shooting from three feet out.

Stamps got 25 shots at Brennan during the game, Elks testing Dertel 19 time

VENISON COMES TO TOWN: Hunters drive down Chicago's Michigan Boulevard following invasion of Michigan woods. Each downed a deer, augmenting winter's food supply.

Seek Sixth Straight Win

MULLEN'S FLYERS ALL SET TO MEET STAMPS TONIGHT

Riley Mullen and his Edmonton Flyers came back to the city Friday, proud of their two overwhelming road victories at Saskatoon and Regina that lifted them to the top of the Western Canadian Senior Hockey League.

Now, the Mullenmen are all set to take on Calgary Stampeders at the Arena tonight at 8:30 o'clock in a league contest that has been shaping up as "the game" for the Flyers and Flyer fans. It'll be a battle for the coveted spot in the five-team loop.

COACH MULLEN WILL BE USING practically the same lineup as he did on the successful trip with the addition of Johnny Black, who will be returning from the injured list and either Don Stanley or Cy Thomas.

Elmer Kreller, Billy Maher and Bing Merluk will form one line and Ab Newsome, Stan Devieq and Alex Pringle will work together on another string.

THE TEAM IS REPORTED TO BE in good shape after a series of injuries and Coach Mullen says that Pringle's wrist, which was at first reported broken is in fairly good condition. "It is still a little weak, but it's not bothering him," stated the coach last night.

A victory tonight would be the sixth straight for the league leaders.

Two Technical KO's In Amateur Boxing

Two technical knockouts were scored, one by Jim Ego and the other by Jim McGregor in the first card of the Edmonton Amateur Boxing Association held at the Red Cross building last night.

Ego, who entered the ring at 135 pounds, floored Eddie MacDonald of the YMCA boxing club three times before referee Mickey McGuire stepped in to stop the bout at one minute, 10 seconds of the third round

In the other bout, Jim McGregor gave his opponent, Art Morley, a going over for two rounds and the latter was unable to come out for the third session.

Hugh McDonald, Alberta welterweight champion and Dave McMullen of the YMCA staged a three round exhibition to provide the 300 fans who attended with some of the best entertainment of the show.

Other outstanding bouts were the Dan Roberts-Alex Geoigelin and Jimmy Hayes-Stan Clayton battles.

Officials for the card were: referee- Mickey McGuire; timer- A. G. Shute; judges- Roy Haliburton, Alex Wynnychuk; Charlie Croft; recorder- Dr. C. H. Willis.

COMPLETE RESULTS

Maurice Legris (128), YMCA, def. Bob Spearhow (126), YMCA.

Gordon Merkel (118), Highlands C.L., def. Billy McKinley (110), Boyle street C.L.

Dick Thomas (77), Ritchie C.L. def. Jerry Barber (81), Ritchie C.L.

Jimmy Hayes (146), Boyle street C.L., def. Stan Clayton (136), Ritchie C.L.

Hugh McDonald (150), Alberta welterweight champion, fought Dave McMullen (155) YMCA, (exhibition).

Billy Dean (136), South Side Legion, def. Bill Spring (136), YMCA.

Dan Roberts (147), Edmonton Amateur Boxing club, def. Alex Geoigelin (146), YMCA.

Jim Ego (135), unattached, def. Eddie MacDonald, TKO, 1 min. 10 sec. third round, (135), YMCA.

Jim McGregor (130), Edmonton Amateur Boxing association, def. Art Morley (136), Boyle street C.L., TKO two rounds.

Marvin Dyer (155), South Side legion, fought Alec Huber (164), Edmonton Amateur Boxing Association, (exhibition).

Abel Janszoon Tasman, a navigator of the Dutch East India Company, discovered New Zealand in 1642.

Australian Wins In Tennis Match

MELBOURNE, Dec. 7 -(AP)- Australia's John Bromwich trounced Ted Schroeder of the United States today in the singles finals of the Victorian Tennis Championships 8-6, 2-6, 6-4. A crowd of 12,000 saw the match.

The only time Schroeder was ahead was when he led 6-5, in the opening set.

THROUGHOUT the match Bromwich carefully dropped his second ball behind the baseline giving Schroeder no cause for complaint. Bromwich's bouncing ball tactics yesterday caused Walter Pate, non-playing captain of the American Davis Cup Team, to indicate that he intends to bring the matter to a head before the challenge round matches begin on Dec. 16.

Gardnar Mulloy and Billy Talbert curling yesterday's doubles match with Bromwich and Colin Long complained of Bromwich's habit of dropping his second ball in mid court after putting his first service into play.

MULLOY and Talbert, who were beaten by the Australian team in the championship finals, said the bouncing ball disconcerted them and destroyed their concentration. The umpire said there was nothing in the rules to cover the case and permitted Bromwich to continue.

Canadian Juniors Practice Sunday

The Canadian Athletic Club entry in the City Junior Hockey League, will hold a practice on Sunday morning from 9 to 11 at the Varsity rink.

Coach Bob Gillies will be on hand to put the players through their paces and asks a full turnout. He will also welcome any others wishing a tryout.

Junior Hockey Opens on Monday

The City Junior Hockey League, which will operate this season at the Varsity rink under the direction of Bill Huff, will swing open the doors on Monday night when Canadians meet Edmonton Athletic club.

Other entries in the four-team loop are Maple Leafs and South Side. These two clubs meet on Wednesday.

All games this year will be played on Monday, Wednesday and Friday nights and starting time is 8 o'clock.

All four teams have been holding regular workouts since ice was available in the Varsity rink and are fast rounding into shape.

Hunter Now Tops Senior Scoring

Ken "Red" Hunter, winner of the Western Canada Senior Hockey League scoring honors last year, picked up two points as the Stampeders beat Saskatoon Elks 3-2 last night to climb into first place in the close scoring race.

He now holds a one-point lead over Edmonton's Elmer Kreller and is two points ahead of Billy Merluk of the Flyers and Dunc Grant of Calgary, who are tied in their place with 21.

The leaders:

Coal Strike May Hit National Hockey Loop

TORONTO, Dec. 7 (CP) — Andy Lytle, writing in the Toronto Star Friday said president Clarence Campbell of the National Hockey League, is busily drafting plans calculated to offset at least in hockey's case the paralyzing effects of the coal strike.

Lytle's story said it is already reported from Washington that the possibility of all stadia and sports arenas in the nation being asked to curtail activities to the extent of going indoors and lighting only the tie-up endures, confronts these promotions.

HIS STORY continued: "In that case, what happens to hockey enterprises?

Campbell is working on several plans or alibis which he will put out at once in case the shutdown in the states becomes mandatory.

One plan is to move the American teams (Four Clubs) into the cities of Toronto and Montreal.

"Another is to distribute American club games in the cities of Ottawa, Windsor and Quebec.

"Still another is to cut the play scheduled from its current 30 home games, back to 25."

KILPATRICK HAS NO OFFICIAL INFORMATION

NEW YORK, Dec. 7 -(CP)- Brig.-Gen. John Reed Kilpatrick, president of Madison Square Garden corporation said Friday he has no official information concerning published forecasts that "all sports and amusements" in New York may be closed by Jan. 1 because of the United States soft coal strike.

(New York newspapers Friday quoted Consolidated Edison Company as forecasting that all "amusements" in the New York area probably would be forced to shut down by the end of the year.)

NEW YORK RANGERS have been in touch with Clarence Campbell, president of the National Hockey League, regarding the possibility of switching Ranger home games to Canadian cities, but Gen. Kilpatrick said he feels the proposal "impracticable."

Gen. Kilpatrick said Madison Square Garden is "standing pat" because it has received no official notification concerning the forecast blackout of the entertainment world locally.

He said Madison Square Garden does not use coal and is able to handle its electrical requirement through a special diesel plant, but whether we will be allowed to use the facilities is another question."

OTHER SPORTS authorities said the coal strike appeared unlikely to have immediate widespread effects on the sporting picture elsewhere in the United States, because activities now are in "a sort of holiday lull" with the football season virtually completed except for post-season games.

WOULD PLAY GAMES IN TORONTO, MONTREAL

TORONTO, Dec. 7 -(CP)- Conn Smythe, managing director of the Toronto Maple Leafs of the National Hockey League, proposed to NHL president Clarence Campbell last night that Toronto's Maple Leaf Gardens and Montreal forum be made available for all league games if United States arenas are closed by government order as a result of the coal strike.

"We should reduce the schedule by five games and make provisions for the four teams in the United States to play their games in Montreal and Toronto," Smythe proposed. "That should take care of the situation for the next month and by that time the strike may be over."

NEW ALUMINUM ROOFING

MELBOURNE, Australia (CP)— Corrugated aluminum roofing, claimed to be ruseless, non-toxic and requiring no painting or maintenance, now is being sold on the Australian market. Initial cost of the product is about double that of iron roofing, but it is more durable and can be carried by lighter roof frames.

Golden Bear Cagers Cop Fourth Straight

University Golden Bears took over sole possession of first place in the Edmonton Senior Men's Basketball League Friday night when they defeated their fellow-students, the Bear Cats, 58-33 in the second half of an exciting double-header. Central-teens shaded the first game.

Don Blue and Jim Macrae paced the Golden Bears to their triumph, their fourth straight in league play. Blue counting 13 points and Macrae sinking 10.

THE WINNERS WENT all out in right from the start and out-scored the Cats 13-6 in the initial quarter and 14-9 in the second to build up a neat 27-15 margin by half time.

The Golden Bears increased their lead even more in the third by adding 19 to the losers' six to make it 46-21 at the three quarter-mark. Both clubs added 12 in the last 10 minute stretch.

Sam Steckter turned in a sparkling effort for the Bear Cats and collected 14 points, but his performance was overshadowed by the team-work of the victors.

THE JUNIOR GAME was one of the closest, if not the closest, local basketball contest of the season. The Varsity Cubs were ahead by a single point, 52-51, with less than a minute to go, but Gordon Pearce popped in a field goal in the dying seconds to put the Central-teens ahead 53-52.

Pearce led the Centrals attack in their fourth straight triumph by gathering in a grand total of 20 points while Bob Fleming with 14, Steve Mendryk with 10 and Dunc Stockwell with eight were the other main sparks in the attack.

GORDON GREENWOOD and Doug Toole were the big guns for the Varsity hoopsters, Greenwood counting 17 and Toole 14.

The students took a slim 16-12 edge in the first quarter and the Centrals cut it to just two points by half time when the Cubs led 24-22.

The Centrals staged a strong attack in the third frame that netted them 21 points to build up a 43-37 margin by the end of the third quarter, but the Cubs came back to take the lead for a short spell, only to lose out in the final seconds.

SENIOR GAME

Golden Bears: Pryde (5), Macrae (10), Bernofsner, (6), Proctor (9), Steed (3), Blue (13), Savage (2), Rich (3), Erickson (4), Strother (1), Geddes. Total — 58.

Bear Cats: Nishio (6), Larson (3), Brewerton (1), Allen (7), Dumont, Strother (14), Sherwood (2), Eberts, Leavitt. Total — 33.

Officials — Ed Tomick and Ron Keeler.

JUNIOR GAME

Varsity Cubs: McDermid (9), Greenwood (17), N. Barnes (2), D. Barnes (2), McDermott, Harvie (2), Robinson (0), McLeod, O'Toole (14), Saunderson, Forbes.

Central-teens: Fleming (14), Mendryk (10), Stockwell (8), Pearce (20), Urushka, Purkiss (1), Polyniuk, Medychuk, Mayson. Total — 83.

Goldham and Meeker Are Out of Action

TORONTO, Dec. 7 (CP) — As though it wasn't enough to consider use of aircraft for travel due to the United States coal strike and wage war on gambling activities, manager Conn Smythe Friday received medical reports on two ace players which dampened hopes of his Toronto Maple Leafs clinging to their second-place National Hockey League spot.

When the Leafs entertain Boston Bruins here Saturday night they will be minus the services of defenceman Bob Goldham and Howie Meeker, starry rookie winger. Goldham suffered a double fracture of the left forearm and Meeker received a torn right shoulder muscle when the Leafs held the Bruins to a 2-2 tie in Boston Wednesday night.

CLUB PHYSICIANS Friday reported Goldham will be missing to the ends until March of the next year, while Meeker will be sidelined for two weeks. Goldham's injury came in the fair check by Boston's Pat Egan while Meeker skated into durable Babe Pratt with his head down.

While Smythe pondered ways to bolster his club, he also announced he was tired of listening to just complaints about gambling by rookies in Maple Leaf Gardens and Saturday will mark a renewal of a drive started last season to break up the "Bull Ring."

WHEN THE showdown comes Saturday night you will probably still be able to make out bets but not quite so openly. When the "law" cracked down on the "bull ring" last year the bookies, who operate openly behind the blue-seat section of the stadium, were driven temporarily to cover.

After a few weeks of taking bets by sleight and signs they blossomed forth into the open again and now if any time before NHL games or between periods you can name your favorite and take the prevailing odd. Odds change as the game progresses and if you happen to win you'll always find your bookie after the game, ready to pay off.

Say O.C. Horses Need More Food

LONDON, Dec. 7 -(AP)- British thoroughbred breeders Friday studied a declining birthrate and bad racing record — among their world-famous bloodstock and almost unanimously shouted for more food for their horses.

More oats, they said in effect, is all that can restore the birthrate and save the British horses from the humiliating beatings they took from French runners in the classic races of 1946.

Like all British food consumers, horses have their food rationed. The current oat menu for yearlings and two year olds is 8½ pounds daily and two pounds for barren mares and foals.

Breeders want the extraction rate of flour for rationing bread is so high that there is little bran left for the horses.

Told of the horses' problems, a food ministry official said: "Let them eat hay."

Blaik is Named "Coach of Year"

NEW YORK, Dec. 7 -(AP)—Earl (Red) Blaik, mentor of the famed Army grid squad that went unbeaten for the last three seasons, yesterday was named "Coach of the Year" in the poll of coaches conducted by the New York World-Telegram and Scripps-Howard newspapers.

Runner-up for the honor in 1944 and 1945, Blaik received 112 first place votes out of 207 ballots cast in this 12th annual poll. He succeeds Alvin (Bo) McMillin of Indiana, who was awarded the laurel in '45.

Yankees, Indians In Player Trade

LOS ANGELES, Dec. 7-(AP)- New York Yankees yesterday traded two pitchers and Outfielder Hal Peck to the Cleveland Indians for Second Baseman Ray Mack and a catcher in the biggest deal so far of the winter baseball meetings.

The Yanks gave up Peck, formerly of the Athletics, and who batted .247 in 86 games this year, and Al Gettel, right - hander who won 6 and lost 7 this year, and Gene Bearden, southpaw who was with Oakland, Calif., in the 1946 season.

IN EXCHANGE, the Indians sent to New York Mack, who hit .205 in 61 games this year and Catcher Aaron Robinson, who was batting champion of the International League in 1945. This year Robinson is in 28 games for the Indians, then was optioned to Baltimore where he hit for a .242 average.

Canadian Pee-wee Midget Practices

All midget and pee-wees wishing to try out for places in Canada-Wide competitive teams are asked to note the following list of practices.

Monarchs Decline CAHA Invitation

WINNIPEG, Dec. 7 -(CP)- Officials of Winnipeg Monarchs, 1946 Canadian junior hockey champions, said last night that they had decided "with regret" to decline an invitation from the Canadian Amateur Hockey Association to represent Canada at the European Hockey championships at Prague in February.

While they believed they could ice a team which would be worthy representatives of the Dominion, they said they felt that they owed an allegiance to the Manitoba Junior A Hockey Association which could not be overlooked and withdrawal of the Monarchs from the league at this stage might result in wrecking the circuit.

CANADIANS PLAY CAMROSE TONIGHT

Edmonton Canadians, co-leaders of the City Hockey League, will journey to Camrose to meet Camrose Maroons of the Central Alberta Hockey League tonight.

Coach Ken Doherty will be taking his full lineup of players with the exception of "Red" Hammond, who is unable to make the trip.

Offer $150,000 For Slaughter

PHILADELPHIA, Dec. 7-(AP)- The Philadelphia Inquirer revealed yesterday it has learned that Philadelphia Phillies have offered $150,000 for Enos Slaughter, star outfielder of the world's champion St. Louis Cardinals.

THE NEWSPAPER said President Bob Carpenter of the resurgent Phillies has offered Sam Breadon, president of the Cardinals, either a straight cash deal or one involving cash and Phils' outfielder Don Padgett.

Both Carpenter and Breadon are attending the major - minor confab at Los Angeles.

New Record Set Newmarket Sales

NEWMARKET, England, Dec 7. —(AP)— A record of more than £2,000,000 ($8,000,000) spent this year for British blood stock was set Friday as the Newmarket December sales ended. The previous record of £1,000,000 ($4,000,000) was set in 1928.

Bidders bought 92 horses Friday for 31,535 guineas ($152,447 , bringing total sales for the week to 865 guineas ($3,576,168) — a December sales record.

Notre Dame Wins Over Black Hawks

REGINA, Dec. 7 —(CP)— Notre Dame Hounds staged a five-goal third period spurt to overcome Prince Albert Black Hawks 7-5 and moved into third place in the Saskatchewan Junior Hockey League before a crowd of 500 here last night.

Waitresses
Ward Maids
Wool Spotter

DO YOU WANT SOMEONE TO MIND YOUR CHILDREN? OR DO YOU WANT TO MIND CHILDREN YOURSELF? The answer to both these problems may be found through NATIONAL EMPLOYMENT SERVICE

Make full use of the Local Office of National Employment Service. It is there to serve your needs, and those of your Community.

DOMINION LABOUR DEPARTMENT

Humphrey Mitchell, MINISTER OF LABOUR
A. MacNamara, DEPUTY MINISTER

What to do about **Colds**

In these days when so much is to be done and so few to do it, the loss of time caused by colds becomes more serious than ever. Isn't it about time we considered colds seriously and did something about them?

Here are some timely suggestions which, we believe, will help you to escape having colds or to check them and save valuable time.

Prevent

1. The cold germ gets you when your general health is under par or when you are tired out by overwork or worry. You can largely avoid this condition and often escape colds by using **Dr. Chase's Nerve Food** to help build up your health to high water mark. Rich red blood is the greatest of germicides and Dr. Chase's Nerve Food supplies the food minerals and Vitamin B-1 which make the blood rich and nourishing.

Check

2. If you do feel a cold coming on, act quickly and you may check it entirely or at least shorten its course. Try this: Take **Dr. Chase's Paradol**, a good drink of hot lemonade or ginger tea, and rest in bed. Repeat this treatment if necessary. Paradol does not disappoint.

Relieve

3. Should you be so unfortunate as to have a cold in its later stages, with coughing and irritation of the throat and bronchial tubes, use **Dr. Chase's Syrup of Linseed and Turpentine.** This treatment has been a great favourite in many thousands of homes for over half a century. It is pleasant to take and remarkably effective in helping to relieve coughs, colds, croup and bronchitis.

Don't Neglect

Instead of neglecting colds, plan ahead by having these medicines in your home. Some one is sure to need them. The wise course is to prevent colds by keeping the health at high water mark. Let Dr. Chase's Nerve Food help you to do this.

EXPENSIVE ITEMS STOLEN FROM STARS RECOVERED IN HOLLYWOOD

"WORLD FRIENDSHIP" AWARD GIVEN POSTHUMOUSLY TO PRES. ROOSEVELT

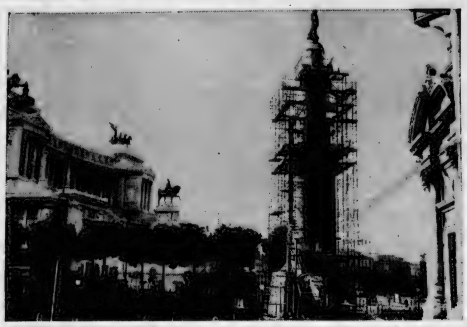
Copyright, 1946, by Acme Newspictures, Inc.

HOLLYWOOD LOOT RECOVERED—Detective Lt. Duane Beckwith, left, and Sgts. J. D. Alcorn and Ray Borders, right, examine furs, jewels and expensive knickknacks which were recovered in Hollywood with the arrest of a youthful ex-convict and two women.

"FRIENDSHIP" DINNER—During the first World Friendship Dinner for delegates of the United Nations Council, Meyer Lieberman, right, who represented the one million New York City school children, presents a World Friendship "Passport" to Mrs. Roosevelt as a posthumous award to her husband. Mrs. Helen Gahagan Douglas watches the presentation.

"A DOLL, AND CARRIAGE, AND SKATES, AND . . ."—Judith Eleanor Mader, three, of Scotch Plains, N.J., anxiously tells a New York City department store Santa Claus what she will be expecting under her tree this Christmas.

AFTER A LONG VISIT in Europe, Mrs. Henri Laveset, the former Madelaine Carrol, Hollywood film star, smilingly waits for customs officials to inspect her baggage as she arrived in N.Y.



MONUMENT LEAVES SHELTER—Coming out of its war-time brick shell is this Roman Monument, the Trajan Column. One of the last to be uncovered, and erected approximately 80 A.D., by Emperor Trajan Marcus, it depicts the story of the "Iliad" by Homer.

THE ANSWER—Seven-year-old Michelle Etoheverry, right, of New York City, here shows more interest in global problems than dolls. Little Michelle, whose daddy died as an infantry private in Luxembourg, wrote to Sec. of State Byrnes, giving her plan for settlement of the Trieste issue.

WAITING FOR THE BIG SNOW—Darby McGinty, 10, of Mt. Carroll, Ill., catches some shuteye with this shorthorn, Snowball, 825-pounds, while waiting for the International Livestock Show to open in Chicago. Darby entered Snowball in the lightweight class.

THE RIGHT WAY—Potatoes, according to the U.S. Department of Agriculture, should be stored as the ones shown above: in a cool basement, at 30 to 60 degrees F. for the best texture. Here these youngsters gather a pawful for dinner.

UNHAPPY MOOD—Twice a world champion in cat shows, "Glenn Echo Septemb-her Sunshine of Dunesk," above, is not in a playful mood as she tries for another prize at annual dog and cat show in Philadelphia.

THE DARLANS—Alain Darlan, son of the late French admiral, smiles in Atlanta, Ga., with his American bride, the former Mrs. Phyllis Kellum, a physiotherapist at the Warm Springs Foundation. The couple met while Darlan was a patient there.

AFTERNOON OFF—Alfred Wallenstein, conductor of the Los Angeles Philharmonic Orchestra, relaxes with his wife, Virginia, in the patio of their Beverly Hills home as their dog, Punch, enjoys a rare afternoon with his owners.

NIGHT OUT FOR THE MACARTHURS—General and Mrs. Douglas MacArthur are caught in a happy mood by the photograpiier as they attended a party at the Russian Embassy in Tokyo, marking the anniversary of the Russian Revolution.

By DOROTHY DIX

Affairs Ended Early Avoid Misery Later

DEAR MISS DIX: I have gone with a girl for three years. During this time we became engaged. Recently she broke off with me and it took the light out of my life. Since then I have not been able to do a darn thing. I have tried going with other girls, but cannot have a pleasant time. I can't even have any fun when I go out with a bunch of boys. I can't keep my mind on my work.

WHAT DO YOU think of a girl who will go with a fellow for that long and then drop him?

BORED

ANSWER: Well, I wouldn't think you would be bored with all of that trouble on your mind. I should think you have plenty to worry over. There is nothing like a fickle sweetheart to keep a chap on his toes in trying to figure out what she is going to do next and which way the cat is going to jump.

But, see here, son, you know that sometimes a trouble is a blessing in disguise, and the things that happen to us that seem at the time to be a great misfortune turns out to be the very things that make us.

And this is particularly true of love affairs, especially boy and girl romances.

Apply this to your own case. You have been going with Mary Jane, or whatever her name is, for three years and you were engaged to her. No doubt at first she loved you, but in three years a bobby-soxer grows up and develops into being a woman. Her tastes change in boys just as they do in hats or dresses. She gets emotionally mature just as she does bodily. And, without her intending it or wishing it, she finds that she no longer loves you, and she does the only honest and honorable thing in the circumstances. She breaks off the engagement.

Of course, you are wounded in your heart and in your vanity, but think how much worse you would be hurt if all this happened after marriage and you found that you had a wife who had ceased to love you. You would have trouble for sure then, and after you had stood it for a while you would probably get a divorce, and maybe there would be a little child for you to have to give up, and that would be a heartbreak.

I THINK that any man and woman who find out that they no longer love the person they are engaged to should call the wedding off, even if they are on the very steps of the church.

You can keep yourself from thinking about this girl, who is really doing you a kindness instead of a wrong, if you will only use some will-power. Concentrate on your work. Work is the best remedy for any sort of trouble.

DEAR MISS DIX: I have a sister 20 years old who hates all housework and will never do a lick of it if she can help herself. She is considering marrying a widower who has two children, 3 and 4 years old, and before she does it I want her to realize that a job she is assuming in undertaking to do the cooking, washing and ironing for such a household.

I fear she will be very unhappy.

OLDER SISTER

ANSWER: Unless wearing, works some miracle in her that changes her tastes and habits, she certainly will not only be unhappy but tired, and so will her husband and the poor little children. No girl of 20, especially one who is allergic to housework, should marry a man with a ready-made family because she is not fitted for the responsibility she assumes.

Little children are not the pin-feathered angels that they are represented as being in song and story. They are noisy, mischievous, dirty, fighting, howling little bundles of energy that require incessant care and that would try the patience of Job himself. Only a mother's love can make the task of rearing them anything but a life of slavery, and no young girl should undertake it.

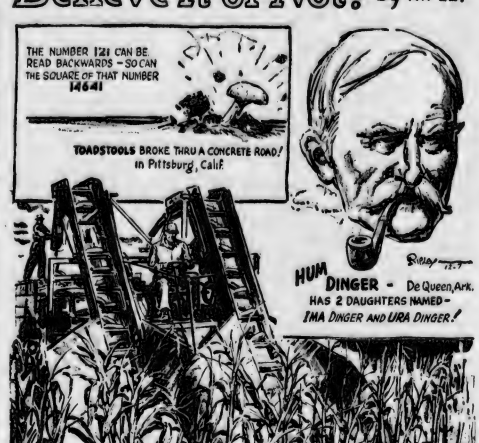
DEAR DOROTHY DIX: I am a young man recently discharged from the air force. Have obtained a job as boss in a canning factory. I have fallen in love with one of the girls who works there, but I have a wife who has always been good to me, and a small daughter. I love very much. Because of this I am unable to decide whether or not to obtain a divorce.

What should I do?

DEAN S.

ANSWER: My advice to you is to can your romance and stick to your good wife and little daughter. You will be happier living with a clean, faithful woman who has been true to you than you will be if you start out to be a wolf who pursues every skirt that flutters across your path.

Believe It or Not! by RIPLEY



Elizabeth Woodward Says . . .

Dear Miss Woodward: "We're a group of high school girls who have always chummed with boys from our own school. We have had lots of fun until lately, when our boys began going around with girls from another school. Now they either ignore us or make fun of us. They don't want anything to do with us. How can we get our gang back together again?"

You're feeling mighty possessive about the boys in your school are you not? It goes very much against the grain to have them interested in girls from outside your group. You feel that those boys are your special property. And it isn't like that. They wouldn't ignore you if you had as much to offer as that foreign talent has. But since they do . . . its up to you girls to wander afield yourselves. There are other boys to date right in your own school. There are loads of other boys who go to loads of other schools. Take a look around. Then put your heads together to cook up a lot of excitement. Invite the old gang occasionally, but devote most of your steam to enlarging your list of boys. The old gang may never get together again. But at least your new social life will have plenty of pepper and spice!

• • •

Dear Miss Woodward: "I'm fifteen years old and a sophomore in high school. Our class, as usual is having a hayride. Am I too young to go on a hayride with the rest of my class?"

Your class is having Latin period, your class is going to assembly, your class is having a meeting . . . your class is also having a hay ride. Why shouldn't you go along with your class? It's a class activity . . . everybody else is going. . . lots of sophomores are fifteen. I hope you have fun on that hayride.

• • •

Dear Miss Woodward: "About a month ago a boy asked me for a date . . . a boy I know only slightly. . . . I had to refuse because my parents say I'm too young for dates at the present time. Now, he thinks I said "no" because I didn't like him. He thinks I'm mad at him. Should I just forget about him, or do you think I should try to fix things up between us?"

I can't see much point in worrying about this boy, since there's not a chance of your having a date with him anyway. If he chooses to misinterpret your reason for turning down his date, that's just too bad. If you tried to fix things up. . . he'd undoubtedly ask you for another date. And the way things are, you'd have to turn that down too. So why bother about it until your parents think dates are all right for you? In the meantime just be friendly and pleasant to all boys . . . so when the time comes you may have dates . . . you CAN have them.

Dear Miss Woodward: "I have a boy friend who's in the Navy. But I go out a lot with another boy. . . and he always wants to kiss me goodnight. I tell him "no" because I don't like to be kissed by any other boy than my sailor. He insists . . . I keep saying "no". What should I do?"

If you like the boy well enough to go out with him often . . . a little kiss goodnight oughtn't to be too hard to take. But if you just can't bear the thought of it, stick to your guns, and keep on saying "no".

Your Baby And Mine

By MYRTLE MEYER ELDRED

Oh, these non-eating children! And how inevitably they seem to belong to families which serve good foods and are conscientious about proper diets for the children.

MRS. M. M. has a daughter of 4½ years who is the cause of much worry and aggravation to her. The mother has tried every method to get the child to eat. Also, she resorts to yelling and slapping her when her patience is exhausted.

"If she asks for what she likes and gets it," the mother writes, "then she decides she doesn't want that but something else. If not asked it is the same story, she says she isn't hungry, or is too tired to eat, or must go to the toilet.

"She plays and toys with her food until it is stone cold, and letting her go without food doesn't help, either, as she acts this way all day long."

I BELIEVE YOU that she doesn't eat—but surely she drinks lots of milk, doesn't she? That is often the factor which takes the edge from a child's appetite and gives her the opportunity to put on these annoying antics for your benefit. You must take into account that children like to be noticed and often the one way they can satisfy this desire is to act up when the family is all looking at them at the table.

I should like you to keep accurate account for a week of every bite the child takes, at or between meals and every mouthful of milk. You may be surprised at the amount she consumes in a day, though not in the completely orthodox way at the table.

SEE THAT SHE HAS only three meals a day, and nothing but water or fruit juice between. Give her one cup of milk after she has eaten her dinner, being satisfied with a tablespoon of each food served. Have her come in from play one-half hour before a meal and lie down, or play quietly. See that she goes to the toilet and washes her hands before each meal.

Give her some form of vitamin B, which is a stimulant to the appetite and regular doses of vitamin D.

LEAFLET NO. 35 "Poor Appetites," may be had by sending a stamped, self-addressed envelope with this request to Myrtle Meyer Eldred in care of **The Edmonton Bulletin.**

Bridge

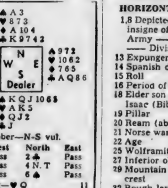
BY WILLIAM E. McKENNEY

A player who always plays second hand low, or always covers an honor with an honor would have let the declarer make his contract on today's hand. North and South used the Blackwood convention to arrive at a rather ambitious slam bid. But declarer came within an eyelash of making the slam, being beaten only by a fine defensive play.

South took the opening lead with the ace of hearts and led the jack of clubs, which rode to the queen. Another heart came back, knocking out the king and baring the heart loser.

South cashed the king of trumps and followed with a small trump to the ace. He now had to guess whether to play for the ace or the ten of clubs to fall in three leads. He guessed right, and so led the king from dummy—East being marked for the ace. The ace went up and South trumped.

He pulled the last trump, and then had to decide whether to play his queen of diamonds and hope that West would cover, or play a small diamond and finesse the ten. If he played the queen and West covered with the king, he could make his contract by ruffing another club and establishing the nine of clubs for discarding the five of hearts.



Rubber—N-S vul.

South	West	North	East
1♣	Pass	2♣	Pass
2♠	Pass	4 N.T.	Pass
5♦	Pass	6♣	Pass
Opening—♥Q			11

However, South decided he might have a better chance by playing the deuce of diamonds, in the hope that West would play second hand low. But West wisely ignored the rule and went up with the king, thus blocking off the diamond suit.

• • •

Bridge is not a game of "always" and "never". It is well to know all the bidding and playing conventions, but it is well also, to know when to break these rules.

Why Grow Old?

You'll miss a satisfying form of self-expression if you neglect trying the daring hats — perhaps like the ostrich feather cocktail hat worn by Actress **Nina Foch,** above.

BY JOSEPHINE LOWMAN

Hats are extremely amusing things, both because of their variety and their puckish expression of personality. The type of hat worn in different countries often reflects the materials at hand and the requirements of the climate. In very cold or hot climates the style is almost entirely dictated by the weather. The Eskimo wears a fur hood because of the cold while the Mexican has his sombrero for protection against the sun.

HATS HAVE also been used as an expression of inner thoughts and psychology. Our Puritan forebearers rebuked the fancy Cavaliers of the day with their severe high crowned chapeaux. In the Roman Catholic Church headgear distinguishes the different orders of the clergy. In Sweden during the eighteenth century one political party was known as The Hats (nobles), while another was called The Caps (common people). The hat was their badge of party affiliation.

In temperate climates hats are planned almost entirely for ornamentation and self-expression. In recent years many, feminine hats have covered only a small portion of the head, affording no protection or warmth, and many a woman has rebuked her enemy with a new hat rather than a shrug of her shoulders or a sharp word.

WE SOMETIMES think that modern hats for women are the craziest ones on record but they seem rather sane when compared to the dunce hat which was worn during the fourteenth and fifteenth century. These sometimes extended as high as three feet in the air and were accompanied by veils reaching to the hemline.

A woman shouldn't take her hat too much for granted. If she does she is missing a satisfying form of self-expression. Personally, I like crazy hats and think that most women wear them well. They make mistakes only when they buy a gay hat in order to look more youthful rather than because they feel a liking for it and find it an natural complement to their personality.

THERE ARE a few things to remember when buying a hat. The length and breadth of the face should be taken into consideration just as it is hairstyling. A change of coiffure can often make a hat wearable and becoming, when it would not otherwise be. Hair and hat must harmonize.

Big hats make small people look mashed down. A hat with some height, but little brim, is usually becoming. A short fat person must beware however of a hat which is too small because it may look like a peanut on her head. The breadth of the face at the temples is almost as important as the length of the face. If this measurement is broad your hat must also have enough width even if it is brimless. All views are important but from view is the one to concentrate on.

There is always enough variation in style to allow for both eliteness and becomingness. I for one do not hold with the idea of sacrificing beauty to style because I think there is always a middle road which is more attractive. Most women can look pretty and up to date at the same time. Look your hat over carefully before you buy it because it can do an awful lot to build you up or tear you down, internally and externally.

IF YOU WISH to have my leaflet No. 54 "Planning Clothes to Suit Your Figure and Personality" send a stamped, self-addressed envelope with your request to Josephine Lowman in care of **The Edmonton Bulletin.**

Major and Minor Notes

By John Oliver

Twenty-eight choirs will take part in the third annual Christmas Carol festival sponsored by the Edmonton Rotary club, at McDougall United church on the evenings of Dec. 17 to 20 inclusive. Seven choral groups will appear each night. Two years ago the Rotary club tried out the festival as an experiment. It was successful and was repeated last year. With new choruses taking part, the event this year promises to be "bigger and better than ever." In any case the committee in charge is determined to spare no effort to insure that singing will be of a high order; the carols will be varied and repetition will be reduced to a low point. Some of the participating choristers have been hard at work for some time and latest reports are that all are approaching the final polishing-up stage.

John Oliver

Officials are confident that this year's festival will be a greater attraction than before and they are satisfied that it will be an annual institution for many years to come.

The school choruses, church choirs and other groups scheduled to take part are as follows:

Concordia college; Eastwood high school; Knox United church; St. David's Male chorus; Wesley United church; C.N.R.A. Glee club; Central United church; Edmonton Pentecostal choir; Metropolitan United church; McDonald Baptist church; Oranim school; Sacred Heart school boys; St. Joseph's cathedral; Robertson United church juniors; Robertson United church seniors; Cavendish choir; Christ church; Woodcroft's Choral society; Eastwood United church girls; Royal Alexandra Hospital nurses; Lyric Musical and Dramatic club; Spruce avenue intermediates; King Edward school intermediates; Westmount intermediates; First Baptist church; First Presbyterian church; Holy Trinity church; McDougall United church.

• • •

Prof. John Reymes-King, organist and choirmaster of Robertson United church will appear in an organ recital at that church next Friday at 8:30 p.m. He will be assisted by his senior and junior choirs; Mrs. J. C. Nattress, soprano; Cathryn Zender, soprano and William Smith, tenor.

The program is as follows: Organ concerto No.2 in B Flat, Handel; My Heart Ever Faithful, Bach; The Birds, Czech carol; Whence is that Goodly Fragrance Flowing, French carol. As December's Rose Adorn, Pyrenees carol, sung by the junior choir; organ solos, Noel No. 1 in D, Daquin; D'Aquin; Pastorale on O Come All Ye Faithful, arranged by Thomas Adams; Pastorale from the Prologue de Jesus, arranged by Clokey; vocal solos, Sing Ye a Joyful Song, Dvorak; Rejoice Greatly O Daughter of Zion from "The Messiah," Handel; Hear What Bright News We Bring, Czech carol, sung by Mrs. Nattress;

Christmas Day, a fantasia, including The Victoria Musical Art society. His program included works by Handel, Bach, Haydn, Schubert, Vaughan Williams, Ireland, Bevan, Mugorsky and Gretchaninoff.

The Victoria Daily Colonist in its review, stated that the concert was "of definite artistic appeal." Further it said "his intelligent approach to all his work, coupled with an unusually artistic presentation marked him as outstanding among local artists brought to this city by the local society." He was accompanied by Glen Geary, also a former Edmontonian.

Mr. Docherty has been bass soloist at St. James Anglican church in Vancouver and has appeared on several programs with the C.B.C. Singers, heard on the airwaves from Vancouver. This group, by the way, will be heard in excerpts from "The Messiah" on Christmas Day.

While here, Mr. Docherty, as a member of the Heintzman and Company staff and as a concert artist, made many friends, all of whom will hope that he successfully rehabilitates himself in musical circles after a lengthy period in war work.

• • •

Five Edmonton music pupils have been awarded the A.T.C.M. from the Toronto Conservatory of Music, University of Toronto. One boy, John M. C. Henry, was included in the

Prof. John Reymes-King, organist and choirmaster of Robertson United church, who will give a Christmas recital at that church at 8:30 p.m. next Friday. He will be assisted by Mrs. J. C. Nattress and Cathryn Zender, sopranos, William Smith, tenor and the church's senior and junior choirs.

W. J. Angus, chairman of the newly-formed Canadian National Recreation Association Glee Club, which is preparing for its first public appearance early in the new year. He is one of this city's most popular baritones.

ing In Dulci Jubilo, God Rest You Merry, Gentlemen, the First Nowell and a Breton Carol, by the senior choir with Miss Zender and Mr. Smith as soloists; Six Short Choral Preludes on In Dulci Jubilo, by Buxtehude, Bach, Buck, Schroeder and Karg-Elert; singing by the audience of In Dulci Jubilo, Hymn 61; Four Carols, arranged by Prof. Reymes-King, Hark the Angels Sweetly Singing, French; In a Stable, In His Cradle, Polish; I Heard an Infant Weeping, German and King Jesus Hath a Garden, Dutch, by the Robertson senior choir;

Organ solos, Air and Variations from Symphony in D, Haydn and Variations on King Jesus Hath a Garden, Flor Peters.

• • •

The November meeting of the Edmonton Music Forum was held at the home of the past-president, Avenir Nizoff when a recital featuring works by Viennese classicists was given. The program was as follows: piano duets, Andante with variations, Mozart; Minuetto from Symphony in E Flat, Mozart and Andante from Symphony No. 8 by Beethoven, played by Sarah Spencer and Marjorie Willis; vocal solos, Within These Sacred Bowers from "The Magic Flute," Mozart; In Questa Tomba, Beethoven, sung by Prof. Alexander Nizoff, bass; piano solos, Sonata opus 19 and Sonata opus 101 by Beethoven played by Velma Owren, pianist; violin and piano duet, Sonata No. 8 for violin and piano, Haydn, played by E. B. Swindlehurst and Vera Sheasi; piano solos, Sonata in B Flat, Mozart and Sonata No. 1 in E Flat, Haydn, played by Avenir Nizoff.

• • •

Tabulation of votes for the request program by the Edmonton Philharmonic orchestra at the Strand theatre on Jan. 12, has been completed and Abe Pratter, the conductor, has announced the following program: Finlandia, Sibelius; "Unfinished" Symphony, Schubert; Hungarian Dances Nos. 5 and 6, Brahms; Jolly Fellows waltz, Vollstedt; Nola Staccato, Dinicu-Heifetz; Pizzicato Polka, Strauss and the overture to "The Barber of Seville," Rossini.

Noreen Bristow, soprano will be the soloist. She will sing the aria Pace, Pace, Mio Dio, from "The Force of Destiny," by Verdi and Peter de Rose's song I Heard a Forest Praying.

• • •

Rehearsals soon will be intensified for the presentation of Handel's "Messiah" at McDougall United church on Tuesday and Wednesday, Jan. 21 and 22 by the choir of McDougall church, specially augmented for the occasion, and the Philharmonic orchestra, the whole to be under the direction of W. J. Hendra. The augmentations are proving a power of strength and are being artistically integrated with the basic McDougall choir, according to reports filtering out of the rehearsal hall.

• • •

Students of Harold J. Skidmore appeared in their autumn recital recently at the T.O.F. hall, corner of 95 street and 112 avenue. Mr. Skidmore was assisted by Terrence Wispinski as accompanist of the student orchestra; Mrs. Violet McNaughton, accompanist and William Akin, master of ceremonies.

In addition to members of the violin and guitar ensemble the following soloists took part: Walter Yakemchuk, Marie Breslawski, Joyce E. Field, Alex Olifkowich, Wayne Haffie, Adeline Terplyweiz, Michael Gafiuk, Ronald Jeffels, Jeannette Terplyweiz, Michael Gafiuk, Ernest Korchinsky, Raymond Field, Walter Dmytruk, Allan Price, Bernard Yourelowich.

• • •

Ian Docherty, bass-baritone and former resident of this city, but now of Vancouver has re-entered the concert field after four years spent in a coast project serving the war effort. On Wednesday, Nov. 27 he appeared in recital at the Empress hotel, Victoria under the auspices of

New Prima Donna Voted Top Singer

Patrice Munsel, young Metropolitan Opera soprano, has been voted the most popular classical singing star on the air according to a nationwide poll in the U.S. She replaces Gladys Swarthout who held the title for several years.

Miss Swarthout now is tied for third place with Marian Anderson, contralto. Lily Pons rated second in the poll.

In the class of classical male vocalists James Melton, tenor, was first; John Charles Thomas, baritone, second; and Christopher Lynch, a new Irish tenor and protege of the late John McCormack, tied for third place with baritone Nelson Eddy.

Bing Crosby again topped the popular male vocalists, with Perry Como second and Dick Haymes third. Frank Sinatra dropped right out of the running. Dinah Shore, Jo Stafford and Ginny Simms placed in that order in the female popular vocalist.

The New York Philharmonic orchestra was first in the symphony orchestra class, with the Boston Symphony and the N.B.C. Symphony second and third respectively.

Arturo Toscanini was voted the top symphonic conductor with Serge Koussevitsky and Frank Black next in line.

successful city candidates. Others winning the degree were Beryl Bisset, Lorna M. Kennedy, Evelyn H. Stanley, Jessie Stanton and Audrey M. Wilson.

• • •

"New Music in Grades I to VI" was the subject of Mrs. E. H. Rose when she addressed the Edmonton Music Teachers association. Mrs. Rose, who is head of the sheet music department at a city music store, spoke of new publications and impressed on teachers that it pleased both pupils and parents when a child is given familiar music.

"Home sing songs and hymn-sones on a Sunday afternoon or evening after church are a lost enjoyment," she said, and thought the establishment of this wholesome use of music would aid in the fight against juvenile delinquency.

Miss E. Saito reported on several Sunday concerts sponsored by the Allegro section of the club. Nominations for new officers will take place at the next meeting in the public library Dec. 12.

MacKinnon Says Canadians In Best Wheat-Price Position

By H. R. Hardy

OTTAWA—Canadian wheat producers are in a more favorable price position than the wheat growers of any other country, Hon. James A. MacKinnon, minister of trade and commerce, said Friday, commenting on international wheat price comparisons published recently in western Canada.

These comparisons when brought up to date indicate the following range: Argentia, 02.84; United States, $2.20; Australia, $2.18 per bushel, basis F.O.B. ocean ports. To the Fort William prices of $1.55 Canadian wheat to the United Kingdom and $2.19 to other destinations should be added 15 cents to cover the average freight and other charges to east coast ports, bringing these prices to $1.70 and $2.34 respectively, in order to compare them with the ocean-port prices of other countries.

But, said the minister, the real consideration is not export prices, but rather the actual price basis to the producers in the countries.

Return To Farmers Less

In Argentina the export price of $2.84 is received by the government, which pays a fixed and final price to producers of $1.35 only. After the first 300 tons delivered by each producer, the price is reduced to $1.20. These prices are guaranteed on deliveries during 1947 only. Government profits on export sales are used in financing various government projects, and are not returned to producers.

The export price in Australia is likewise not fully reflected back to producers. Last June the Australian government established a five-year wheat stabilization plan which set a minimum basic price to producer of 83 cents per bushel, F.O.B. ocean ports, including bagging costs.

Australia Builds Fund

All domestic sales of wheat are made at this basic price. The profits on the export sale at $2.18 over the basic price of 83 cents to producers are split fifty-fifty between producers and the stabilization fund.

This fund is to be used to underwrite the basic price in the event of the export prices going below that level in the future. Based on the present export price, Australian producers should receive an average of $1.14 per bushel on 1947 deliveries.

Only in the United States are current export prices reflected directly back to the producers. In the United States, however, price support guarantees are extended more than one full crop year in advance.

Long-Term Guarantee

"It has been contended" Mr. MacKinnon added, "Canadian producers should either receive the full export price now, or at least to a similar advance than the $1.35 which has been guaranteed to July 31, 1950. Fundamental to our wheat policy is the expressed desire of producer organizations not to take advantage of high export prices temporarily, only to be confronted with much lower prices when wheat is again in surplus. As an initial step in providing price stability, the Canadian government has concluded with the United Kingdom a four-year contract.

"While the contract did not provide a complete guarantee of prices and markets within this period the Canadian government at some risk to the treasury established the initial advance of $1.55, continuing to July 31,1950. No other government has assured its producers so high a price advance for so long.

"In addition, some producer organizations have since concluded the British contract be broadened into an international wheat agreement. The Canadian government has been giving active international leadership in this direction."

Escaped Germans Will Miss Boat

OTTAWA, (CP) — A handful of escaped German prisoners of war, still hunted by Canadian police forces, will be left in Canada when the last batch of departing prisoners, numbering about 2,000, leaves Halifax en route home Dec. 22.

At the moment the number of escaped Nazis stands at 22, most of whom have fled their camps within the last few months.

Most of the escapes have been from farms, many of them in Ontario, where the prisoners have worked for their keep and a few cents a day.

Some of those who have fled custody in recent months—the last was Nov. 4—are believed to have done so because they prefer to remain in Canada rather than return to Germany.

RUSSO-FINNISH PACT

LONDON, (AP) — A Russian-Finnish trade agreement for two years replacing the former short-term agreement for the mutual delivery of goods was signed in Moscow Thursday, the Moscow radio said Friday.

RE-ELECT VICTORIA MAYOR

VICTORIA, (CP)— Mayor Percy E. George was re-elected by acclamation Thursday when nominations closed for the Dec. 12 civic election. He will head the city's government for the third successive year.

Abandon Efforts To Save Warship

HALIFAX, (CP)—Naval authorities have abandoned the idea of trying to refloat the minesweeper Middlesex, aground on Half Island Point, 15 miles from here, it was learned reliably.

It was learned the ship is being stripped of all valuable equipment and immovable secret radar and signal devices have been destroyed.

The Algerine-type sweeper which saw hard service in the war piled aground in thick weather Monday as she was speeding in response to a distress signal from the Boston fish dragger Ohio. The dragger since has been towed to port by the R.C.M.P. cutter French.

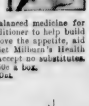
All but a maintenance crew were brought ashore from Middlesex in a breeches buoy which also has served as a gangway for her valuable equipment.

Middlesex was built in Port Arthur in 1943.

AIDED NAZIS, GETS LIFE

PARIS, (AP) — Bernard Fay, French writer known for his bibliography of Benjamin Franklin, was sentenced Friday to prison for life at hard labor after a high purge court found him guilty of aiding the Germans during the occupation.

Rush And Strain Hard On Nerves



The hurry, rush and strain of our way of life taxes the nervous system to the limit. Often keyed up nerves cause restlessness, irritability and even nervousness. If you suffer from keyed-up nerves then Milburn's Health and Nerve Pills may be of help.

Milburn's Health and Nerve Pills are a well balanced medicine for those who are run down and may need a general conditioner to help build up the system. They stimulate the nerve cells, improve the appetite, aid digestion and thus help promote refreshing rest. Get Milburn's Health and Nerve Pills at your nearest drug store today. Accept no substitutes. Look for the trade mark the "Red Heart". Price 50c a box.

Dreams Often Become Realities At Christmas Time

Imagine the Thrill of a

Russian Seal Coat

(Dyed Rabbit)

219.00 and 235.00

With Christmas only sixteen shopping days away many women will be wondering whether their dreams of a new Fur Coat for Christmas is going to materialize! And many a big-hearted husband or father will thank us for this gentle reminder.

Imagine the thrill of a RUSSIAN SEAL Coat . . . the most talked of fur in the 1947 fur fashion story! Black as an Arctic night . . . luxurious, lustrous and long lasting! The finest grade of soft rabbit pelts—an exceedingly supple fur which permits highest styling of its soft velvety pelts . . . makes the most of full-swing boxy backs . . . show-off shoulders . . . sleeves with wide deep cuffs and push-up sleeves.

Look for the tag designating genuine Russian Seal. It is not a newcomer. They have been exclusive in Edmonton at Johnstone Walkers for over 10 years.

Decide right now to give her a Russian Seal coat that she may look her loveliest this Christmas!

Sizes 12 to 42. Priced at 219.00

Sizes 44 and 46 ..... 235.00

Terms, for approved charge accounts, in accordance with W.P.T.B. regulations.

HER SECOND CHOICE WOULD PROBABLY BE A TWIN BEAVER!

(Dyed Rabbit)

Styled by Posluns

What a wonderful "make-up" job the modern furrier does today—amazing as the effect of cosmetics in bringing out the hidden beauty of femininity!

They commence with the finest dyed rabbit pelts and presto! the finished product is "twin beaver". A rich beaver brown.

Styled by Posluns in tuxedo and the more conventional modes with full sleeves and turned-back cuffs . . . with and without collars.

Sizes 14 to 20.

Priced at only 229.50

● Terms for approved charge accounts in accordance with W.P.T.B. regulations.

Colorful Seersucker Brunch Coats

Decidedly Gift Worthy

So cleverly styled, bright and cheerful she will be on parade from breakfast to lunch—and probably for the rest of the day for they rival a housecoat.

Wrap around style with tie-front and side pocket.

Fashioned from heavily crimped seersucker in gay floral and fruit designs and also candy stripes.

Sizes 14 to 20.

Priced 4.25

Slip your Christmas Greeting Card into a Bag

Fine Quality Leathers

4.75 to 12.95

She will ever be mindful of your Christmas cheer for she is never without a handbag.

Underarm . . . top-handle and shoulder bags of genuine leathers and plaides in black, brown, tan, navy and red. Priced at 4.75 to 12.95.

Men's Zipper Fastening Soft Sole Slippers

Easy to slip on or off!

A thoughtful gift for it is ample evidence that you were thinking of his home comfort.

They are of black and brown or black patent like plastic with red trim.

Warmly lined . . . soft padded soles and cushion heels. Zipper fastening. Sizes 6 to 11. Priced at—

2.95

Men's Comfortable and Durable Fabrickoid House Slippers

Another new line of men's fireside slippers—made for comfort and long service.

The illustration tells the style story, made from black and brown fabrickoid with kid finish. Interlaced front ensures toe comfort. Sizes 6 to 11. Priced 2.95

JOHNSTONE WALKER

Put today's NO. 1 BEST SELLER on your gift-book list!

Here is the uplifting story of a man who gambled everything on a desperate publicity stunt . . . then something happened! As the bells pealed through the night, events from forgotten "coal-town" electrified the country. Aircraft Due in City January 1

Set Date for Orient Survey Flight

D. J. King, Orient regional vice-president, Northwest Air Lines, Saturday announced that the first survey flight to the Orient will take off from Minneapolis shortly after noon Wednesday, Jan. 1, and is scheduled to arrive in Edmonton about 6 p.m. for a stop-over on its way to Anchorage and Manilla.

About 35 passengers, composed of company flight technicians and other personnel, including a crew of five, will make the trip in one of the company's big Douglas 434 type four-engined air-liners.

The plane will be specially-decorated for the occasion and will fly the flag of the United States.

Mr. King also made the announcement that Paul Benscoter, recently on the company's Chicago staff, has been appointed station manager for the company at Shanghai. This is the first appointment of a NWA station manager in the Orient.

Recently W. Lee Huston was appointed station manager at Edmonton.

Mr. Benscoter will take up his duties at Shanghai next month and the air line will begin service to Tokyo, Shanghai and Manilla, routed through Edmonton and Anchorage, early in 1947.

Appointments of men to similiar positions at Tokyo and Manilla will be made shortly, Mr. King said.

Mr. Benscoter will be among the personnel making the flight for survey purposes, scheduled to arrive here New Year's Day.

LEADERSHIP REWARDED: At a mess dinner of officers of The Loyal Edmonton Regiment in the Prince of Wales Armory Friday evening, **Lt.-Col. G. D. K. Kinnaird**, ED, officially relinquished command of the reserve battalion and handed over to the new commanding officer, **Lt.-Col. W. T. Cromb**, DSO, ED. In the above picture **Lt.-Col. Kinnaird** (right) is seen receiving a gift of a silver tray and glasses presented by his fellow officers from **Maj. Ronald Martland**. Seated at the left is **Lt.-Col. Cromb**, while at the right is **Brig. J. C. Jefferson**, CBE, DSO, ED, commander of the 18th Infantry Brigade (Reserve).

Photos by Garneau Studio

Leader of Loyal Edmontons Receives Special Honor

Noted Soldier's Sword Given Unit Commander

The sword of the late Maj.-Gen. W. A. Griesbach, QB, CMG, DSO, VD, who recruited, and commanded the original 49th Battalion, CEF, in France in the First Great War, and later became brigadier of the 1st Canadian Infantry Brigade, 1st Canadian Division, was presented to Lt.-Col. W. T. Cromb, DSO, ED, on the occasion of his taking over the command of The Loyal Edmonton Regiment Friday evening.

THE PRESENTATION was made by Lt.-Col. G. D. K. Kinnaird, ED, who is relinquishing command of the reserve battalion he has held for nearly two years.

Presentation of the sword, together with the sword of Maj. Justice Wilson, who commanded "D" company of the 49th Battalion in World War I, which was presented to Maj. Ted Day, ED, second-in-command of the reserve unit, took place at a mess dinner held in the Prince of Wales Armory.

Nearly 100 officers of the first and second battalions attended the dinner, the first since the second Great War broke out in 1939. Present officers of the reserve battalion acted as hosts to those who had served with both battalion's during the recent war.

TO MARK THEIR appreciation of the gallant leadership which Lt.-Col. Kinnaird has given them, Maj. Ronald Martland presented Colonel Kinnaird with a silver tray and set of glasses with silver stems. All were engraved with the crest of the regiment.

Appreciation for the work of Lt.-Col. Kinnaird was expressed by Brig. J. C. Jefferson, CBE, DSO, ED, commander of the 18th Infantry Brigade (Reserve), of which The Loyal Edmonton Regiment forms part. Brig Jefferson also paid high tribute to Lt.-Col. Cromb, the new commanding officer, who served under Brig. Jefferson in the 10th Infantry Brigade of the 4th Armored Division in Northwest Europe.

"We are fortunate to have a soldier with Col. Crombs' experience take over the command of this unit," the brigadier said.

IN PRESENTING Gen. Griesbach's sword to Col. Cromb, Col. Kinnaird explained that it had been presented to him by Mrs. Griesbach who expressed the wish that it should remain in possession of the commander of the Edmonton's in perpetuity.

"It was with pride that I accepted this sword, which to me represents the fine spirit of this regiment, from Mrs. Griesbach. It is with pride that I now pass it, with the command of the unit to you," Col. Kinnaird said.

Col. Cromb, in accepting the sword stated that it was his hope that the unit would continue to carry on the fine traditions which it had inherited and that he would do all in his power to see that this was done.

WHEN IT WAS time for him to turn over the command to someone else he would turn over the sword as well with an explanation of what it stood for, he stated.

Recommendation of Executive

Tories Likely to Shun Provincial Politics

The executive of the Alberta Progressive Conservative Association at a meeting held Friday at Red Deer, decided to recommend to an annual meeting of the organization to be held in Edmonton during the week of Jan. 20, that "the Progressive Conservative party not enter provincial politics at this time."

THE MOTION WAS proposed by A. L. Burrows, Edmonton, and was seconded by Ald. Fred J. Mitchell, also of Edmonton. On a vote only three dissented from the motion.

Considerable discussion took place on the non-participation motion, as executive members from all but two of the province's ridings debated the question. A total of 50 attended the meeting.

A special committee was instructed to make arrangements for the annual meeting here and to announce the date fixed, to be arranged for the week of Jan. 20 if possible.

A NUMBER of committees were established to draft resolutions for the annual meeting. H. L. Taggart, Olds, was named chairman of the agricultural committee. Other members of this committee are: Angus MacKinnon, Dunwood; Alfred Haarstad, Bentley; Norman MacEachern, Wetaskiwin; J. H. Williams, Castor; Emmott Mohler, Camrose.

The committee on irrigation will be headed by Phil Rogers, Chancellor. Also on this committee are Phil Baker, Lethbridge, and Ryder Davis, Macleod. This and all other committees have power to add to their numbers.

D. S. HARKNESS, Progressive Conservative MP for Calgary East, will be the chairman of a committee on taxation and Dominion-provincial relations. Other members will be W. C. Huckvale, Lethbridge; J. V. H. Milvain, KC, Hugh C. Farthing, KC, Fred Stappels and A. T. Godwin, all of Calgary.

A. L. Burrows, Edmonton, was named chairman of a committee on veterans' affairs. Acting with him on this committee will be Mr. Huckvale and Mr. Harkness, both veterans of World War Two.

City Homes Ransacked

Two homes were looted during Thursday, one a house under construction at 9936 80 street, and the other resided in by Mrs. E. A. Chaplin at 10915 83 avenue.

Harold W. Fletcher, 8739 92A avenue, owner of the house being constructed, said that about $50 damage was done to the interior of the building, light sockets were torn from the ceiling and light switches were pulled off the walls which caused considerable damage to the plaster and to the electric wiring.

Mrs. Chaplin said that $100 in cash was stolen from a drawer in the writing desk at her home sometime during daylight Thursday.

Record Campus Activity Seen

Hundreds of students crowded Convocation Hall on the University of Alberta campus this morning in attendance at the 1946-47 student's union budget meeting to hear that the campus will see more activity this session than ever before. Highest enroiment in history has increased union income to an all-time peak of $55,618.75, with expenditures totalling $24,608.02.

THE SUM OF $15,600 has been provided as this year's student contribution towards the proposed Students' Union building, construction of which will begin as soon as materials are available.

Varsity sports are at maximum activity with $20,422 as the estimated expenses for the universally athletic board, controlling body of alberta sports.

Protest Submission to Boards

Urges Labor Disputes Be Settled by Judge

The rule of law must be established in management-labor disputes, and the present "jungle method" of fighting with no holds barred has to stop, A. L. Smith, KC, Progressive Conservative MP for Calgary West, stated at a meeting Friday in Red Deer sponsored by the Red Deer Federal Progressive Conservative Association. W. C. Kirby, president of the association, was chairman.

MR. SMITH STATED also that Canadians must choose between centralization of government at Ottawa or the continuance of the present federation of provinces. He made this statement while dealing with the Dominion-provincial proposals of the Dominion government.

D. S. Harkness, Progressive Conservative MP for Calgary East, said the Liberal party was breaking up in Canada as it did in Great Britain after World War One, and there was steadily developing in the Dominion a division of political opinion into parties of the right and left.

MR. SMITH SAID that at present labor disputes were submitted to regional boards, and such boards in all cases resulted in two judgments. He suggested that this caused dissatisfaction, and was of the opinion that these disputes should be submitted to a judge of the supreme court with the result that one judgment would be rendered on disputes. Parties to the dispute, if not satisfied, would have the right of appeal. Mr. Smith made it clear he did not believe in compulsory arbitration.

Predicting that the Progressive Conservative party would form the next government, or would have the largest group in the Dominion Mr. Harkness said the party's organization was strong, and that it was gaining ground steadily.

Car and Truck Looted of Goods

Theft of goods from a parked car and a truck were reported to city police Friday.

Henry Oko, Twotinaw, stated that while his truck was parked opposite the New Empire cafe on 102A avenue on Thursday night it was ransacked. Missing is a box of spring shackels for an automobile, a pair of leather gloves and a pair of leather mitts.

Charles Cuthbert of Lloydminster had his automobile parked in front of 9936 102A avenue during Thursday night. The door on the vehicle was forced open and the following articles taken: one overcoat, a flashlight, pair of pliers and a wrench.

Kelly Heads Association

Val Kelly of Picardville was named president for the 1946-47 term of the Alberta Swine Breeders' Association at their annual meeting Friday afternoon in the Civic Block. He succeeds R. F. Byers of Clover Bar.

OTHERS named to the executive include Roy Marler, Bremner, L. M. Bye, North Edmonton and N. J. Shopland, Rochester. Frank Ash of North Edmonton was named Northern Alberta representative to the Canadian Swine Breeders' Association.

R. J. Ferguson, North Edmonton was named vice-president. Directors include F. H. Byers of Clover Bar; J. R. Thomlinson, Forsey; Roy Marler; Frank Ash, S. W. Sheppard, Edmonton and Harold Paul, Namao.

Fifteen dollars contributed to the International Student Service will keep a tubercular student for a week at the International Student Sanitorium at Leysin, Switzerland.

Rock Wool Insulation
(Loose fill type)
Here is an economical, fireproof insulating material that can be used wherever a loosefill insulation is required.,
In houses, the greatest heat loss is through the ceiling. It is a simple matter to insulate the average attic. Simply pour the insulation between the joists and level off to the required depth.
Rock Wool is widely used in the insulating of farm buildings, cold storage lockers, etc.
Tests have proven that 20 to 30% of heating costs are saved by insulating.
Rock Wool insulation is packed in bags containing 8 cu. ft. The approximate coverage per bag is .52 sq. ft. 3 inches thick, or 28 sq. ft. 3½ inches thick.
Price per 8 cu. ft. bag $2.95
M. D. Muttart LTD. LUMBER BUILDING SUPPLIES

Canada's Bacon Only Second to Denmark's

Denmark has achieved world supremacy in production of bacon and pork after 45 years of research and selective breeding and Canada, with just a few years of scientific swine breeding to her credit, has become her nearest rival. This is the opinion of M. Syratuck, Dominion department of agriculture, Edmonton, who spoke at the annual meeting of the Alberta Provincial Swine Breeders' Association in the Civic Block Friday afternoon.

MR. SYRATUK who spent six years away from Canada, during which time he inspected swine in the United Kingdom, Ireland, Germany, Denmark and other European countries, had high praise for the reputation Canadian bacon and pork is achieving abroad.

United Kingdom butchers had only good to say of Canadian pork and bacon, and thought it second only to Danish. They said it was "far superior to U. S. and Argentine" products.

"Canada's best in pork is as good as Denmark's best," he said, "but excess fat carcass, Denmark pork has achieved the highest rank."

"Reason for this is the uniformity of quality in all Danish pork," he said.

CANADA IS NOT far behind Denmark in the excellence of its pork and bacon, he continued, but might profit from the knowledge Denmark has made use of in producing pork.

Dr. R. C. Duthrie of the Veterinary Research Laboratories, Lethbridge spoke on "Rhinitis of Swine". He outlined the development of the disease, its effects and told of how breeders could cope with this type of disease.

The retiring president, R. F. Byers of Clover Bar, spoke briefly, saying the 1946 market of hogs was lower than that of 1945, and might probably be soon down to the 1939 level. "A few more breeders are keeping sows this year, which will have an "up" effect on the market for next year," he said.

RESOLUTIONS PASSED urged the Dominion Livestock branch to reinstitute the pre-war practice of grading boars offered for sale at yearly shows in the same manner as rams are now graded —in 2X, 3X and 3XA grades. Another requested the naming of a committee to suggest the change of regulations concerning advance registry of swine. This will be presented to the National Registry Board.

—Photo by Malcolm Jones

THE FIRST MEETING: Alberta's recently organized Industrial Development Board this week held its first meeting in the office of Hon. C. E. Gerhart, minister of trade and industry. In attendance were, left to right, standing; **D. B. McKenzie**, Calgary, president of the Alberta Federation of Labor; **K. A. Pugh**, board secretary; **C. A. Hyndman**, who represents, on the board, the industrial life of the province, and **David Mathieson**, labor representative. Seated, left to right, are, **Mrs. Winnifred Ross**, Millet, representing Alberta's women in labor and industry; **Clayton Adams**, chairman of the board; **W. D. King**, deputy minister of trade and industry, who recently resigned from the board; and **Mr. Gerhart**, under whose department the board functions.

3 Army Buildings For Housing Units

Three more of the Kingsway former Canadian Army buildings have been signed over to the city by Emergency Housing to be remodelled into suites, it was announced Friday by Mayor Harry Ainlay.

THIS BRINGS to 11 the number of former Canadian Army buildings now available to the city for relief of the housing shortage. A total of 55 suites are therefore available in all the mayor stated.

Six have been occupied by tenants for some time, two are undergoing remodelling and the three just obtained will be converted into dwellings as soon as possible.

THE CITY obtains the use of the buildings for two years at a normal rental of $1 per year.

Emergency Housing shares in the cost of doing the buildings over.

Mayor Ainlay also said the city was entering into negotiations with the Emergency Housing organization to obtain four or five additional buildings on the site of the former U. S. Army hospital. These also would be converted into suites of five to a building.

Rutherford School Will Reopen Soon

J. C. Macdonald, chairman of the Edmonton public school board will officiate at the opening ceremonies of the Rutherford school annex, to be held in mid-January, Mrs. F. C. Butterworth, another member of the school board, will also give a brief address.

Further highlights of the program will include addresses by members of the Rutherford Home and School Association and several musical selections by pupils of the school.

Told of Progressive Year

Motor Assn. Directors Hold Annual Meeting

Welcoming directors of the provincial board, Alberta Motor Association, to their annual meeting Saturday in the Macdonald hotel, James Cleave of Calgary, president, announced that the association had completed "one of the most progressive years our organization has ever experienced."

THE DAYLONG convention attended by 20 directors from Lethbridge, Calgary and Edmonton, reviewed activities of their year and made plans for the coming year.

Membership, said Mr. Cleave stands at a total of 21,205, being comprised of 12,899 regular and 8,306 associated members.

This year we have made the motoring public of Alberta aware of the need for better roads," he said, "We have shown that the money paid by the motorist in various forms of taxation is sufficient to carry out an extensive system of highway construction and general maintenance."

"We have," he said further, "continually brought to the attention of the Alberta government and the motoring public, the desirability and fairness of a policy which would prevent the diversion of gasoline and motor taxes to any other purpose than road-building and maintenance."

"FOR MANY YEARS, the AMA," he said, "has given traffic safety priority standing among its various activities. It is continuing to promote this safety campaign in the hope that we will see a decreasing instead of a mounting traffic toll.

I would recommend that an educational campaign be undertaken through the "Voice of Motordom" and newspapers as follows: "Take it Easy," "Drive Easy," and "Go Easy." I believe it would produce excellent results, he said.

"The occurrence of motor car accidents can be greatly reduced, but only by exercise of greater care and caution, both by pedestrians and motor vehicle operators. Safety is everybody's responsibility."

DURING the remainder of the day, annual reports were read, covering membership, finances, minutes of the last annual meeting, and reports submitted by the three main clubs in the association.

A. W. Meguire of Calgary reported on publicity; R. A. Godson on the news sheet of the association.

Overcast Skies Snow Forecast

Overcast skies and continuous snow will commence in the city late Sunday afternoon, according to the forecast given today by the weather bureau. Coupled with the snow will be a cold north wind with a velocity of 20 miles an hour.

TEMPERATURES will be slightly lower over the week-end. An estimated high of 20 degrees is expected Sunday, and the anticipated overnight low is 15 degrees. Highest temperature recorded Friday was 27 degrees at three p.m. and the low was 4 degrees at 6 a.m. Overnight low was 13 degrees at 9 a.m. Saturday.

Market Is Seen For Canada Toys

Canada has a good chance to "recapture" her domestic toy market as a result of Germany and Japan going out of the export business for many years to come, Clayton Greenlees, former Edmonton hockey and basketball star, now representing Steel Fabricators Ltd., toy manufacturers of Vancouver, said here Saturday.

ON A TOUR of prairie cities, visiting jobbers and department stores, Mr. Greenlees stated that Steel Fabricators Ltd., now have the largest toy manufacturing plant in Western Canada and are steadily expanding.

THE FIRM HAS been hard hit by successive strikes in steel plants, lumber mills and rubber plants. As a result it is impossible to supply as many toys as are required for the Christmas season.

Mr. Greenlees was formerly employed at the Edmonton office of TCA before going to the coast four years ago. At one time he played for Ira Stuart's Superiors senior

Premier To Speak At Kinsmen Club

CLUB CALENDAR

Monday .... Kiwanis
Tuesday ... Gyro, Cosmopolitan, Y's Men
Thursday . Rotary, Lions, Optimists
Friday ..... Kinsmen

Premier E. C. Manning will address members of the Kinsmen club at their regular meeting in the Macdonald hotel Friday evening. It is expected that Mr. Manning will speak on the Alberta Bill of Rights.

ALLAN McTAVISH will be the featured guest at the meeting of the Optimists club in the Macdonald hotel at noon Thursday. He will show a film entitled "Take a Letter," and give a brief address on the use of business English.

The Rev. Stewart Tritter is in charge of the program to be presented at the 6:15 p. m. meeting of the Y's Men's club in the YMCA. Five of the club members will give addresses on varied topics.

GYRO CLUB members will gather in the Macdonald hotel at 6:30 p.m. Tuesday for their monthly business meeting.

Vocational service committee under the chairmanship of J. E. Cranswick, is in charge of the program to be presented at the luncheon meeting of the Rotary club in the Macdonald hotel Thursday noon.

D. E. C. CAMPBELL, director of the publicity and travel bureau for the Alberta government, will be guest speaker at the noon meeting of the Kiwanis club in the Macdonald hotel, Monday. Mr. Campbell has chosen as his subject "Economic Aspects of Alberta's Tourist Industry."

Program arrangements have not been completed for the meeting of the Cosmopolitan club in the Corona hotel Tuesday noon.

Members of the Lions club will gather in the Macdonald hotel Thursday noon, for a business meeting.

School Holidays Present Problem

Christmas school holidays this year present authorities with something of a problem in that Monday, Dec. 23 and Friday Jan. 3 have returned in a seven-year cycle and each falls by itself in a school week.

THE STATUTORY school holiday period this year is from Dec. 24 to Jan. 2 inclusive, and as both weeks are broken by the falling of one school day action is being taken to see if both can be declared holidays.

A letter to school superintendents and other school officials from W. E. Frame, chief superintendent of schools, department of education, observes that many persons are of the opinion that one or both of these days should be holidays.

The attorney-general's department has given its opinion that no power resides in the Lieutenant-Governor in Council to declare a day to be a school holiday only.

HOPE IS SEEN in the School Act, however, and it is interpreted that it can possibly empower a board to declare each of these days to be a holiday since they come in different months and are not consecutive days.

R. S. Sheppard, superintendent of the Edmonton Public School Board, said Friday that the board had voted to close schools Dec. 23, at least, and was hoping for a further clarification so that the annual Christmas-New Year holidays might be uninterrupted.

A final ruling will be sought on the possibility of closing schools Jan. 3 in further conferences with the education department.

AN ANNOUNCEMENT is expected soon from Dr. W. H. Swift, deputy-minister of education, who, with his department officials, is endeavoring to expedite the decision in order to facilitate the making of holiday plans for teachers, parents and their children.

BROADEN FRANCHISE

PORT LOUIS, Mauritius (CP)—A committee comprising unofficial members of the present Legislative Council of Mauritius and 20 others will examine a new constitution proposed for this British island colony. Suggested changes are the broadening of franchise qualifications and expansion of electoral framework.

Charles E. Stockdill has retired as assistant to the vice-president of the Canadian Pacific Railway at Montreal. Formerly assistant to the vice-president and general manager, western lines, Mr. Stockdill was with the company for 50 years.

Govt. to Direct Housing Project

Supervision of the conversion work being carried out as a project involving American Army Air Base huts as housing for veterans attending the University of Alberta will be assumed Jan. 1 by provincial government, L. D. Byrne, deputy minister of economic affairs, said Friday.

AS ORIGINALLY planned the university was to have supervised the project once the huts had been transformed to living quarters. The university, however, has withdrawn from the administrative end. Management of the scheme will be taken over by the housing branch, department of economic affairs.

The action was taken in order to avert a possible collapse of the plan.

It is expected that by the first of the year there will be accommodation for 400 single and 135 married students. Mr. Byrne said, applications for accommodation will be received at an office of the housing branch which will be opened on the site of the project in the near future.

THE PUBLIC SERVICE OF CANADA

Debunker Eating POWDERED GLASS IS NOT POISONOUS!

Although a diet of powdered glass would hardly be recommended by physicians, the truth is that most of the ideas about its being a poison are pure bunk. The notion has been perpetuated by mystery stories in which people are murdered by someone putting powdered glass in their food. But in real life, it probably would not even make a person very ill. There are records of people having tried to commit suicide by swallowing quantities of broken or powdered glass, only to find that it produced a stomach ache and nothing more. Glass itself is not a poison, and its dangers are entirely mechanical.

a Christmas Gift that's new every month

A 12 months subscription to this famous English Journal

This luxury English magazine for women makes a gift that is refreshingly different. Superbly produced, it is packed with fiction by famous authors whilst top-flight writers cover every sphere of woman's interests, including fashions. If Marriage-Minded, a Diamond Is the Perfect Gift For Your Best Girl When Christmas Comes 'Round

A diamond engagement ring is the brilliant answer to the young man's problem of what to buy his best girl for Christmas.

That's if his footsteps are definitely altar-bound. And his girl friend is just waiting for him "to pop the question."

Under such conditions, his gift should be a sparkling success. For more and more girls like the idea of blending Christmas festivity with romance. They can think of no more welcome gift than the solitaire that banishes solitude.

With an eye to future budgets, too, the girls like this combining of the Christmas and engagement gifts. It means just that much more saved toward the furnishing of a new home.

And since the girls are the most enthusiastic rooters for this combination present, their young men need not feel they have stinted them at present-giving time.

The giving of the ring may come either as a complete or partial surprise. The young man may, without consulting his bride-to-be, buy whatever ring he chooses. Much the most practical system, though, is for him to go and have the jeweler put aside all the rings at the price he can afford and then bring his fiancee into the store and let her choose the one she likes best.

A solitaire diamond is the traditional emblem of "the singleness and durability of the one love in his life," and the stone is supposed to be "pure and flawless" as the bride herself and their future together.

Sentiment attaches also to the sapphire's "depth of true blue." Pearls are supposed to mean tears; emeralds, jealousy; opals, the essence of bad luck; but the ruby stands for warmth and ardor. All these definitions, of course, the reader can take with a grain of salt.

It is not customary for the girl to give the man an engagement present but she may do so, if she wishes. A pair of cuff links, a watch or key chain or a cigarette case would be suitable. Probably because the giving of an engagement ring is his particular province, she very rarely gives him a ring or, in fact, any present at all.

Mr. and Mrs. William C. Wagner are shown after their recent wedding which took place at the United church at Millet. The bride is the former Alice Ann Rogers, eldest daughter of Mr. and Mrs. W. J. Rogers of Millet, and the groom is the second son of Mr. and Mrs. J. C. Wagner, also of Millet. The couple will spend a short time in Edmonton.

Shown above are Mr. and Mrs. Howard Ernest Parker, who were married in a 6:00 p.m. ceremony in Holy Trinity church. The bride, who wore an heirloom gown of cream satin for her wedding, is the daughter of Mrs. J. H. Ridsdale, of Edmonton. The groom is the eldest son of Mr. and Mrs. H. E. Parker, also of this city. On return from a honeymoon trip to Calgary and Banff, the newlyweds will reside at 11128 81 ave.—Photograph by Housez Studios.

Mr. and Mrs. Craig Allison McLeod, who were married in Edson United church recently. Mrs. McLeod, the former Miss Shirley Anne Bacon, is the only daughter of Mr. and Mrs. Harold J. Bacon, of Edson. Mr. McLeod is the eldest son of Mr. and Mrs. Murdoch McLeod, of Edson.—Picture by Edson Photo Studio.

Mr. James Archie Kelly, and his bride, the former Miss Irene Florence Fisher, who were married in a recent afternoon ceremony at St. Stephen's College chapel. The bride is the eldest daughter of Mr. and Mrs. I. A. Fisher, of St. Albert, and the groom is the eldest son of Mr. and Mrs. A. Kelly, of Fort Coquitlam, B.C. The newlyweds are residing in Edmonton.—Photograph by Castor Studios.

Mr. Raymond Le Franchise and his bride, the former Miss Lucile Sevigny, who were married in St. Albert church. The bride is a daughter of Mr. and Mrs. Alfred Sevigny, of St. Albert, and the groom is a son of Mrs. J. P. Le Franchise, also of St. Albert. The newlyweds have taken up residence in the St. Albert district.—Photograph by McDermid Studios.

Mr. and Mrs. Andrew Skuba are pictured after their wedding which took place at the Ukrainian Greek Orthodox church in Edmonton. The bride is the former Miss Anne Leskiw, daughter of Mr. and Mrs. S. P. Leskiw of Spedden and the groom is the son of Mr. Efren Skuba, also of Spedden. The newlyweds have taken up residence in Aber, Alta.—Photograph by Housez Studio.

Mr. and Mrs. Morgan Bruce Carr are shown with their attendants after their wedding which took place at All Saints' Cathedral. The bride is the former Lillian Watson Holt, daughter of Mr. and Mrs. Joshua Holt of Fabyan, and the groom is the son of Mr. and Mrs. A. M. Carr of Edmonton. The couple left on a wedding trip to Calgary and will reside in Edmonton. Shown above, left to right, are: Mr. Irvine Davis, the best man; the groom and bride; and the bridesmaid, Miss Sarah Holt.—Photograph by Housez Studios.

City Brides Laugh at 'Jinxes' Prefer Saturday for Nuptials

When choosing their wedding day, Edmonton brides laugh at superstition.

Their favorite day is Saturday with Wednesday an indifferent choice. Yet marriage on a Saturday, according to the old rhyme, brings "no luck at all," while Wednesday is the "best day of all."

This preference for Saturday weddings is believed to have developed in metropolitan cities where brides prefer to get their pictures in the rotogravure sections of the Sunday papers.

The "forecasts" for the other days of the week are: Monday for health; Tuesday for wealth; Thursday for losses and Friday for crosses. Sunday gets the "brush-off". The rhyme gives no clues, either for or against.

Shown after their wedding which took place at Sacred Heart church are Mr. and Mrs. Edward Heidt. The bride is the former Miss Marjorie Heit, daughter of Mr. and Mrs. Philip Heit of Tramping Lake, Sask., and the groom is the son of Mr. and Mrs. Blocher Heidt, also of Tramping Lake. The couple left on a wedding trip to Calgary and will reside in Edmonton.—Picture by Foto-Craft.

Mr. and Mrs. Roy Josey, Jr., are shown after their wedding which took place at St. Andrew's church. The bride is the former Miss Terry Stanion, daughter of Mr. and Mrs. H. Stanion of Edmonton, and the groom is the son of Mr. and Mrs. R. Josey, Sr., also of this city. The newlyweds have taken up residence in Edmonton.—Photograph by Goerts Studio.

Mr. Edward Bruce Graham, and his bride, the former Miss Marion Jean Lane, are shown above signing the register immediately after their wedding in Erskine United church. The bride is a daughter of Mr. and Mrs. W. T. Lane, of Wainwright, and the groom is a son of Mrs. Edward Graham, of Fort Saskatchewan. Mr. Graham was a former flight-lieutenant in the R.C.A.F., and is holder of the D.F.C. and A.F.C. While overseas he was a member of the Ghost Squadron.

Mrs. and Mrs. William Fransen are shown after their wedding recently at Sunnyside, Alta. Mrs. Fransen, the former Miss Edna Beatrice Maxfield, is the daughter of Mr. H. Maxfield, of Sunnyside, and the late Mrs. Maxfield. Mr. Fransen is the son of the late Mr. and Mrs. F. Fransen, of Edmonton. The newlyweds are residing at 11606 82 st.

Mr. Allan G. Cheshire, D.C.M., of Edmonton, formerly of Ashmont, and his bride, the former Miss Jessie Allan Hodgson, who were married in a recent ceremony at Holy Trinity church. The bride is a daughter of Mr. and Mrs. E. C. Hodgson, of Edmonton. The bride served overseas with the C.W.A.C. pipe band and the groom served with the Loyal Edmonton Regiment and received the D.C.M. in Italy.—Photograph by Housez Studios.

Gains Success With Book

By J. D. HOLDSWORTH
Canadian Press Correspondent

SYDNEY, Australia, Dec. 7 — (CP)— Seventeen year old Catherine Gaskin of Sydney has achieved overnight success as an authoress with the publication in Britain of her first novel, "This Other Eden," which has gone into two editions in a few weeks. The publishers have taken an option on Catherine's next two books.

Her first effort runs to about 150,000 words and is set in England and the United States. It tells the adventures of an American girl. There has been some astonishment over the fact that the Australian authoress has never been away from her own country.

Catherine started the book two years ago and left school and gave up her musical studies to finish it. Most of her writing was done between 4 a.m. and eight o'clock breakfast. After breakfast she wrote as the mood prompted her.

Unlike her heroine, the Australian girl is no sophisticate. Her one ambition is to be a success as a writer and otherwise her interests are reading and orchestral concerts. She has fixed ideas about boys. She finds those of her own age boring.

She has started work on her second book and has picked its title "With Every Year." She says it's about a boy genius. The setting is Connemara, Ireland, from where her parents came. Mr. and Mrs. Gaskin are providing the information about Connemara.

The bat has been a flying animal for so long its forelimb has lost its early function as a leg.

New York Styles Personalized In Latest Fashion Parade

BY HELEN BANNERMAN
Canadian Press Staff Writer

NEW YORK, Dec. 7 -(CP)- The cream of New York's clothes designers have unveiled their fashion forecasts for 1947 and the result is good news for women . . . women in all parts of Canada and the United States, and in all income brackets.

HERE ARE a few impressions of the clothes presented by 100 couturiers and ready-to-wear designers at showe which made up Fashions of the Times, Fifth Edition, sponsored by The New York Times.

The new clothes are designed to be flattering to the wearer rather than ultra-fashionable; many silhouettes, fabrics and colors were featured and buyers are urged to pick what is exactly right for them rather than a variation of what fashion leaders may be wearing.

Women are women again — but the curves are gentle. No exaggeration of tiny waist and heavily padded hips. The clothes play themselves down and the wearer up.

BLACK as a basic color is taking second place to navy blue, brown, grey and a wide range of tans and beiges.

The shoe with the closed toe and heel is definitely on its way back, but anyone who likes them can be just as smart in shoes with either low or high heels and either open toes and heels or just open heels.

The much-publicized long skirt for daytime wear has failed to materialize but the street-length skirts shown all came to the fullest part of the calf with no danger of the ugly line at the back of the knee showing. This graceful length defies any rule in inches since it varies with the height of the wearer.

EVENING styles are opulent and beautiful, rich with brocades, lames, cloth of gold and pure silk. The few sequins in evidence were handled solidly instead of as incidental decoration, crystal and colored beads and rhrinestones and gilt nail heads were also embroidered solidly on many evening fashions.

The hair styles worn by the models were as varied as their clothes—ranging from short feather cuts to long page-boys, they included upswept locks, bangs, centre and side parts, braids and hair swirled sleekly to one side af the head.

JEWELS, embroideries, shoes and other accessories were designed for each costume in the best Parisian tradition of treating each outfit as a complete unit.

Hats show the face, fit the head and complement each costume rather than highlighting it. Forecasts for next summer show wide-brimmed straws for wear in the sun.

One of bronze brocade had deep flanges extending from the bodice into the sleeves giving the exaggerated shoulders a medieval look. Another of the cream pure silk brocade had shoulders encrusted with gold sequins and bullion.

Tiny Dwelling Changes Hands

LONDON, Dec. 7 -(CP)- The smallest house in the city — four feet wide, 30 feet long, number 10 Hyde Park Place, Bayswater — in the news again through a change of ownership.

Over 300 years old and said to be the original of the Darlings' home in "Peter Pan," the peewee property is being sold by Harley Street surgeon J. P. Lockhart-Mummery to the historic Tyburn Convent next door.

Number 10 has its own front door, complete with letter box, a window above and two rooms, set one above the other .To get from the ground floor to the first, you climb an outside staircase.

Biggest worry is trying to turn round inside the house without getting yourself jammed. There are no santitary arrangements and only one cold water faucet.

Sole tenant in recent years was an author, paying one pound ($4) a week. Now the nuns use the house as a lumber store, saying "Maybe we'll make it into a tradesman's entrance later."

No one seems to know exactly why the house was built so small in the first place, but there are various theories.

One is that it was erected by a wealthy family as a home for an aged (and presumably thin) servant another, that it was built by an eccentric who lived at No: 9 to prove his right of ownership to a passageway.

A third theory attributes it to a miser who, left a legacy on condition that he built himself a residence in London, put up the smallest house possible.

People should keep culling nonlaying and unprofitable hens all the time—not just once or twice a year, experts from the North Dakota Agriculture College say. Loafers waste feed and cut down poultry returns.

Wraith-Like Hose Almost Invisible

NEW YORK, -(CP)—Cobwebs look like burlap compared with the newest nylons to be dreamed up by those super-scientists who spend their days figuring out how sheer stockings may become without disappearing altogether. The new stockings which look like nothing more than a slight mist on the leg, were unveiled recently in plush surroundings at a New York roof garden.

These new 15-denier nylons (the usual present weight is 50 denier) are the sheerest ever made. Further, they come in metallic shades —gold, copper and bronze—to match the new gold and bronze kid evening shoes. No toe or heel reinforcements mar the sheerness of the foot, so that the stocking is almost invisible on the leg, except for a faint sheen.

Cow's Taste Expensive Her Owner's Complaint

BEATTYVILLE, Ky., Dec. 7-(CP)- It was give and take for Mrs. Mary Dunigan's cow. The cow was giving her milk, while it was taking $130 in currency she had in a tobacco sack — and chewing it.

So explained Mrs. Dungan in an affidavit when she brought a well-masticated bateh of bills to a Beattyville bank to have it exchanged for more usable notes. Mrs. Dunigan said the cow snitched the money bag from her pocket while she was busy with the milking.

Scots Fear Effect Of New Rationing

STRATHDON, Scotland, -(CP)- Residents of the remote glens who have enjoyed the traditional Scottish fare of oatmeal even if all else failed, now wonder how they are to manage under the new rationing regulations.

In districts like Strathdon and Corgarff some families are nine miles from the nearest shop and in winter roads are blocked with snow for weeks at a time. In the past, purchase of a boll (140 pounds) of oatmeal in the fall provided a safeguard against hunger in the winter. Under rationing this represents 280 points and each is allowed only 32 points a month.

Storekeeper Thomas Shand said he has known families to be snowbound for 13 weeks. Before the war a common order for a family in a remote district was a bag of oatmeal, a bag of flour, a bag of salt and 100 pounds of sugar.

Urges Higher Status For Domestic Worker

MELBOURNE, Australia, (CP)— An improved status for the domestic worker is the aim of a Melbourne woman, Miss Lilian Foster, who was for many years superintendent of welfare and employment for the New Settlers' League of Victoria.

She believes that more girls and women would choose domestic employment if they could take a course of training at a special hostel, and afterwards receive a diploma which would entitle them to good wages and smart uniforms.

Miss Foster also advocates the establishment of a hostel which would act as a training ground for domestic workers from overseas. During her work with the New Settlers' League, she arranged marriages, divorces, compensation for accidents, and practically every kind of welfare service, in addition to securing suitable jobs for the settlers.

During the First Great War, Miss Foster went to France as superintendent of nurses' homes for Allied hospitals. Invalided to England, she worked for the Australian Red Cross in First London General Hospital. She returned to France as commandant of a V.A.D. unit and was mentioned in despatches by Field Marshal Haig. Later worked among refugees in Constantinople, Lemnos and Tousla (Asia Minor).

Lutheran Group To Hold Bazaar

Women's Missionary Society of Christ Lutheran church, corner of 93 street and 116 avenue, will hold a sale of work and home cooking Wednesday at 7:30 p.m. in the basement of the church. The Rev. W. Heinzig will open the bazaar and Mrs. Alex Wagner will receive the guests.

The sale of work will be looked after by Mrs. T. Greening and Miss L. Strassburger and the home cooking by Mrs. A. H. Frederick and Mrs. W. Kruger. Refreshments and tea tables will be in charge of Mrs W. Heinzig, Mrs. A. Peters and Mrs. Mark Otto, assisted by the Misses Vera Peters and Glee Engle and Mrs. G. I Grimsseed, Mrs. C. Walters and Mrs. K. Nicholls.

Mr. and Mrs. Robert Slessor on Saturday announced the engagement of their daughter, Elsie Winnifred to George Paterson. Duncan, son of Mrs. I Duncan and the late J. D. Duncan of Winnipeg. The wedding will take place at Christ church Dec. 19 at 6 p.m.

Fashion Favors Leopard Skins

JOHANNESBURG, Dec. 7—(CP) —There is a bit of a boom in leopard skins according to a leading Johannesburg furrier, and natives who are fortunate enough to catch one of the animals in a trap are getting nearly 10 times the price they got before the war from traders and furriers.

Furriers say native trappers are making small fortunes and that "there are 10 buyers to every skin. There are plenty of leopards still at large that could be made into fur coats—but too many women are waiting for them."

BEFORE THE war a good leopard coat cost £120 ($480). To-day the same coat costs £300. The skins are used not only for coats, but widely for hats, bags, capes and so on. The best variety of leopard skin comes from Italian Somaliland, but the South African variety stands high on the list. From six to eight skins are needed for a full-sized coat.

South Africa makes her own coats from leopards trapped in Bechuanaland and Rhodesia, and also from the skins of the leapard-cat, a wild-cat whose markings are very similar to the larger animal. The leopard-cat makes a better, softer coat than the leopard itself.

SOUTH AFRICAN women are also wearing coats made from the skins of jackal—the South African fox. The skins are rather coarser than the European variety, but the silver jackal, attractively marked with black streaks, and with a broad silver stripe down the centre of the back, makes one of the most attractive coats.

Blouse Brief Latest Style

NEW YORK—(CP)—There's a new gadget on the market that should be a joy to suit-minded gals—the blouse brief, which is a sort of a glorified dickey, made to wear with suits.

What's different about the blouse brief is that it is made in just one size, yet fits all sizes from 10 to 44, through an ingenious biased-bra fit and the device of a row of adjustable snaps an tapes which fasten at the back.

They say it won't twist or ride up won't pull out of a skirt, and is designed to be worn with an open jacket with complete assurance. It even has shields built in to protect suit linings though it has no sleeves.

It comes in styles tailored or frou-frou, in fabrics ranging from rayon crepe to crisp organdie or starched ninon. Trimmings include delicate laces and dainty cut-out work. Best of all, it's easy to wash and iron, saves time for the busy working girl.

Lord Louis Mountbatten is the great-grandson of Queen Victoria.

TAKES PART IN PLAY—Mrs. **Glen Shortliffe**, the former Miss **Marjorie Aldwinkle**, who will play the part of Maggie Cutler, secretary to Sheridan Whiteside in "The Man Who Came To Dinner," the Edmonton Community theatre's hilarious comedy at the USO hall, the former American Red Cross hut, north of the Court House, 100 street, Dec. 10, 11 and 12.

The Greatest Gift Is "Convenience"

THE "QUEEN RANGE OIL BURNER

Installed in your present cook stove gives you the convenience of gas where there is no gas.

Uses winter grade diesel oil. Much more efficient at less cost.

Installation can be made by any qualified tinsmith, mechanic or handyman.

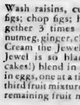
Merry Christmas ... everybody!

SUGAR-SAVING *Christmas Cake*

1½ lbs. raisins
1 lb. currants
¼ lb. candied cherries
6 ozs. chopped mixed peel
½ lb. blanched almonds
⅛ cup chopped figs
3 cups pastry flour
¾ tsp. salt
2 tsps. cinnamon
½ tsp. *each* nutmeg and ginger
¼ tsp. ground cloves
1 cup Jewel Shortening
¾ cup *each* sugar and corn syrup
6 Brookfield eggs
¼ cup grape juice

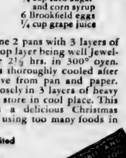
Wash raisins, currants, cherries, peel, figs; chop figs; halve almonds. Sift together 3 times flour, salt, cinnamon, nutmeg, ginger, cloves; add fruit and nuts. Cream the Jewel Shortening (Blended Jewel is so bland, it's ideal for fruit cakes!) blend in sugar, corn syrup; mix in eggs, one at a time. Combine well one-third fruit mixture, then grape juice, then remaining fruit mixture. Mix well with your hand. Line 2 pans with 3 layers of heavy paper, top layer being well Jewelled. Bake for 2½ hrs. in 300° oven. When cake is thoroughly cooled after baking, remove from pan and paper. Wrap cake closely in 3 layers of heavy waxed paper, store in cool place. This recipe makes a delicious Christmas cake, without using too many foods in short supply.

Swift Canadian Co. Limited



"When you bake with blended Jewel Shortening, you know you're using the shortening that's perfectly digestible! There's extra nutritional value in Jewel too! Now, with a world fat shortage, there's not always enough Jewel to go around. But, when you're lucky enough to find it, you can be sure it's as fine and pure as always."

Martha Logan
Swift's Home Economist



THE *Blended* SHORTENING THAT *Blends* BETTER

Home-Mixed Syrup Relieves Coughs Quickly

Saves Big Dollars. So Easy! No Cooking.

A pleasing surprise is waiting for you, in your own kitchen, when it comes to the relief of coughs due to colds. In just a moment, you can mix a cough syrup that gives you about four times as much for your money, and is splendid for quick results.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. (Or you can use corn syrup or liquid honey, instead of sugar syrup.) No cooking needed—it's no trouble at all. Then put 2½ ounces of Pinex (obtained from any druggist, into a 16 oz. bottle. Fill up with your syrup, and you have 16 ounces of real effective cough medicine. It never spoils, lasts a long time, and children love it.

This home mixture takes right hold of a cough. It loosens the phlegm, soothes the irritated membranes, and quickly eases soreness and difficult breathing. You'll say it's very satisfying in its action.

Pinex is a special compound of proven ingredients, in concentrated form, well known for quick action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

"MY! BUT CITY FOLKS ARE FUSSY"

Perhaps Woodland producers pamper their cows. Yet when it comes to milk, it is better to err on the side of safety.

Through sanitary sunlit barns, careful grooming of cows and the constant testing of herds, Woodland producers maintain top standards in modern dairy cow management.

Thus, even as a raw product, you know that Woodland milk is the purest that skilled attention can make it. Then pasteurization makes assurance doubly sure. You may depend on the purity of Woodland milk products.

6 STEPS TO WOODLAND PURITY...

1. Herds and farm buildings are regularly inspected.
2. The raw product is regularly analyzed for bacteria count.
3. Every can is inspected by an expert milk grader.
4. Milk is pasteurized by latest methods.
5. Cans are sterilized before returning to farm.
6. Bottles are thoroughly washed and sterilized.

Woodland MILK

Children Love Scraps

WASHINGTON, Ga. -(CP) — Machinist Zeno Young is a scrapmaster with a sense of fun. Out of odds and ends—an oil drum, a length of stove pipe, a few nuts and bolts—he has installed in his back yard such children's delights as a miniature train that hauls passengers around a wooden track, a small ferris wheel and airplane swings.

WED AT ST. ANDREW'S CHURCH: Mr. and Mrs. John McCreath Laurie, whose marriage took place Friday evening in St. Andrew's Presbyterian Church. Mrs. Laurie is the former Miss Catherine (Rena) Fisher Clark, daughter of Mrs. Catherine Clark of Edmonton and the late Mr. Clark. Mr. Laurie is the son of Mr. and Mrs. W. P. Laurie of Edmonton.

Rena Clark Becomes Bride Of John McCreath Laurie

St. Andrew's Presbyterian church was the scene of a wedding, Friday at 7 p.m., when Miss Catherine (Rena) Fisher Clark, daughter of Mrs. Catherine Clark of Edmonton and the late Mr. Clark, became the bride of John McCreath Laurie, son of Mr. and Mrs. W. P. Laurie, also of Edmonton.

The Rev. J. Herbison officiated. Mrs. Miller played the wedding music and C. J. Hall sang. Through the Years, during the signing of the register.

GIVEN IN marriage by her brother, James Clark, the bride wore a turquoise blue dressmaker suit with a black velvet hat trimmed with veiling. At her shoulder, she wore a corsage of gardenias and American beauty roses. Her only jewelry was a pearl necklace.

Mrs. Frank Betts was matron-of-honor. She wore a chocolate brown suit with accessories to match and a corsage of yellow baby chrysanthemums and Tallsman roses.

James Laurie was best man and ushers were Archie Dobie and Alex McGillivray.

AFTER THE ceremony, a reception to 50 guests was held at the Masonic Temple. Mother of the bride, receiving with the bridal couple, wore a gray afternoon frock with black accessories and a corsage of pink carnations. Mother of the bridegroom was frocked in black with accessories to tone and a corsage of deep pink carnations.

The bride's table was centred with a three-tier wedding cake, flanked by tall white tapers. William Malcolm proposed the bridal toast.

For their honeymoon, the couple is motoring to Calgary and for travelling, the bride added a black seal topcoat trimmed with squirrel, to her wedding ensemble. Later, Mr. and Mrs. Laurie will take up residence in Edmonton.

Hungarian Pianist Likes New Zealand

AUKLAND, N. Z. -(CP)—The internationally known Hungarian woman pianist, Lili Kraus, and her husband, Dr. Otto Mandl, have decided to settle permanently in New Zealand Lili Kraus, whose records have a wide sale throughout the world has decided to take music to the small towns and villages throughout New Zealand, many of them too small ever to have had a visit from a noted musician.

By her marriage to Dr. Mandl, Lili Kraus became a Czechoslovakian citizen, but they lived in England before the war and for some years have been "stateless people". They intend to apply for naturalization in New Zealand.

During the war they and their children were interned by the Japanese in Java. After their release Lili Kraus made a triumphal tour of Australia and New Zealand, playing to packed houses in the large cities.

New Role For Woman M P

LONDON -(CP)—Parliamentary history has been made by Mrs. Florence Paton, Labor member for Rusheliffe, first woman to appear on the Commons panel of chairmen. She may preside over the house during the budget debate when the Commons goes into committee.

Otto von Guericke, German physicist, invented the first machine to generate electricity about 1663.

Louise Beard Wed in South

PASADENA, Calif., Dec. 7—St. Mark church in Pasadena, Calif., was the scene of the wedding Nov. 25 at 4 p.m. of Miss Louise Beard, daughter of Mrs. W. H. MacEwen of Edmonton, and William E. Galbraith, son of Mr. and Mrs. R. H. Galbraith, also of Edmonton. The Rev. S. C. Clark performed the ceremony and chrysanthemums and ferns decorated the church.

The bride wore a blush pink wool suit with brown accessories and a corsage of gardenias and roses.

After the ceremony a reception was held at the home of the bridegroom's aunt, Mrs. E. Leamy, where the bride's table was set with a lace cloth and centred with a wedding cake, flanked with candles.

They are residing in Pasadena.

Cyclist Suffers Injuries, Shock

A cyclist suffered injuries and shock Friday night when struck by a taxi driven by William Bezovia, 10304 96 street. L. G. Marshall, 11918 57 street, was taken to the Royal Alexandra hospital for treatment and Saturday morning the extent of his injuries were still not known.

THE ACCIDENT occurred at the intersection of 60 street and 112 avenue about 5.30 p.m. Friday. Bezovia told police he was driving east on 112 avenue and the cyclist was going in the same direction. When approaching the intersection he said the cyclist turned left in front of the automobile. He applied his brakes but skidded and struck the bicycle.

Western Air Lines Is Award Winner

Western Air Lines has been awarded the tenth annual award for good maintenance, awarded by Aviation and Air Transport magazines to air lines flying less than 10,000,00 commercial air miles per year, it was announced Saturday by D. Williams, representative of the company in Edmonton.

THE AWARD WAS established as a tribute to maintenance employees for outstanding performance and development work. It was presented to the company at a recent aviation industry banquet sponsored by the Los Angeles Chamber of Commerce.

High maintenance standards of the company were reflected in a citation previously by the National Safety Council for flying a total of 118,474,913 passenger miles in 1945 without a mishap.

It was pointed out by Mr. Williams that Western Air Lines was the first air line to establish a 10-year record of no-passenger fatalities.

DURING THE WAR the company's planes attached to the Alaskan Division of the Air Transport Command flew more than 67,000,000 miles without loss of a single plane or pilot.

Western Air Lines now has an application pending before aviation authorities to extend its Canadian service from the west coast direct to Edmonton from Lethbridge.

Scholarships Open For Newspapermen

Opportunities are now open for Canadian newspapermen to win journalistic scholarships that will allow them one year's training and experience at Kemsley newspaper offices throughout Britain.

THE CANADIAN section of the Empire Press Union, has been requested by Lord Kemsley, to take steps to select a candidate for the first Kemsley scholarship to be awarded in Canada.

The scholarship entitles the successful candidate to passage to and from England as well as train. ing in Kemsley papers in London, Manchester, Sheffield, Newcastle, Glasgow, Aberdeen and Cardiff. Union rules will be paid together with subsistence allowance to cover cost-of-living.

THE FOLLOWING qualifications are required: the candidate must be a permanent member of the staff of a Canadian newspaper; he must be under 30 years of age; he should have had at least five years' experience in newspaper work, although a lesser period would be considered in the case of applicants who have served in the war; he must definitely undertake to return to his paper in Canada following his year in Britain.

PLAN WHIST DRIVE

MARRIED IN TOFIELD: The Rev. and **Mrs. H. Arnholt Strand** of Valhalla Centre, who were married in Bardo Lutheran Church Dec. 1 with Rev. G. Ostrum and Rev. A. Vingi officiating. The bride is the former Miss Irene Marion Rude, youngest daughter of Mr. and Mrs. C. J. Rude of Tofield.

Mrs. R. McElroy Thompson Holds Tea for Daughter

Mrs. R. McElroy Thompson received Friday afternoon and evening in honor of her youngest daughter Bernice, whose marriage will take place on Dec. 14. About 60 guests called in the afternoon and 40 in the evening. Mrs. Thompson was assisted by Mrs. R. J. Gibb, mother of Miss Thompson's fiancee.

USHERING to the tea room were Mrs. A. G. Andrews and Mrs. A. Inkpen. Mrs. W. G. Heath and Mrs. L. C. Arnold were in charge of the dining room. Mrs. J. W. Fry, Mrs. C. W. Huribuet and Mrs. E. J. Thompson poured tea and those serving were: Mrs. D. McElroy, Mrs. A. E. Hartwig and Mrs. Norman Allin. In the evening Mrs. L. C. Arnold poured, assisted by Miss Margeret Gibb, Miss Jean Farley, Mrs. Robert Gibb, Miss Phyllis Gordon and Miss Betty O'Neill.

MRS. THOMPSON wore a two-piece dress of rosewood crepe with a corsage of roses and baby chrysanthemums. Miss Thompson was gowned in a white wool dress with gold buttons, and a corsage of pink roses and baby chrysanthemums.

The tea table was laid with a lace and cutwork cloth centred by a cut glass bowl of white baby chrysanthemums and pink carnations flanked with ivory tapers.

The 435 Heavy Transport Squadron, Northwest Air Command, will hold an annual dinner in the Jasper room of the Macdonald hotel, Saturday evening. Forty couples are expected to attend and the squadron commanding officer, Wing Cmdr. Patrick J. Grant, will preside.

Send your order to The Edmonton Bulletin, Pattern Department, 60 Front St., W., Toronto, 1-A, Ont.

Please allow a week or ten days for delivery.

Irene Marion Rude Bride Of the Rev. H. A. Strand

TOFIELD, Dec. 7 — Bardo Lutheran church in Tofield was the scene of the wedding Dec. 1 at 3 p.m. noon of Miss Irene Marion Rude, youngest daughter of Mr and Mrs. C. J. Rude of Tofield, and the Rev. Arnholt Strand of Valhalla Centre. The church was decorated with white, pink, blue, yellow and green. The double ring ceremony was performed by the Rev. G. Ostrum and the Rev. A. Vingi. During the signing of the register Malcolm Finseth sang O Perfect Love, accompanied by Mrs I. Moen.

GIVEN IN MARRIAGE by her father, the bride wore a gown of white silk marquisette over satin. A crown of roses held her veil of English lace in place and she carried a bouquet of American Beauty roses with baby chrysanthemums. She wore a strand of pearls gift of the bridegroom.

Maid of honor was Miss Muriel Finseth, who wore a pink taffeta gown with matching chapel veil and carried a bouquet of chrysanthemums. Bridesmaids were the Misses Alice Broughton, Wyonne Rude and Iris Bjornson, who wore gowns alike in blue, yellow and turquoise with chapel veils to match and carried chrysanthemums.

BEST MAN was the Rev. Osborne Olson and ushers were Arthur Hallin, Leroy Finseth and Charles Rude.

The bride was followed by a flower girl, Joanne Finseth ,dressed in yellow taffeta and a ring bearer, Dale Bjornson.

After the ceremony a reception was held in the church hall.

The couple will reside in Valhalla Centre, where the bridegroom is pastor of the Lutheran church.

Medical science has declared a victory over small-pox, yellow fever and typhoid. If everyone would help, a similar victory could be declared over tuberculosis. One way of helping is to buy and use Christmas seals.

IN THE SUPREME COURT OF BRITISH COLUMBIA,
IN DIVORCE AND MATRIMONIAL CAUSES.
Between:
Norman Peterson-Allen, Petitioner
and
Alberta Rose Peterson-Allen, Respondent
To: Alberta Rose Peterson-Allen, Edmonton, Alberta
Take notice that you are required within twenty-one days after service hereof upon you, inclusive of the day of such service to enter an appearance either in person or by your solicitor at the office of the District Registrar of the Supreme Court in the City of Vancouver, in the Province of British Columbia, should you think fit so to do, and thereafter to make answer to the charges in this Petition, and that in default of your so doing, the Court will proceed to hear the said charges proved and pronounce judgment, your absence notwithstanding
This petition is filed and this Notice to Appear is issued by Henry Richmond, Solicitor for the petitioner, whose place of business and address for service is at 1516 Standard Bank Building, 510 Hastings Street West, Vancouver, British Columbia.
Dated at the City of Vancouver, in the Province of British Columbia, this 13th day of November, A.D. 1946.
"A. L. RODWAY"
Dep. District Registrar
NOTE: Any person entering an appearance must at the same time furnish an address for service within three miles of the said Registry.
AMENDED this 22nd day of Nov., 1946, pursuant to the Order of The Hon. Mr. Justice Wilson, dated the 15 day of Nov., 1946.

NOTICE

THE DIRECTOR, THE VETERANS' LAND ACT has acquired an extensive area of good farm land adjacent to the City of Edmonton for the purpose of establishing interested Veterans, five to ten acre Small Holdings will be made available and a few larger units—50 acres and upwards.

This land is situated on the high-way between the City Limits and the Village of St. Albert, known as part of the Ryan Brothers' Farm Holding. The property is considered to be well adapted for subdivision into the small units, as mentioned, for Veterans who are employed on seasonal work or self-employed and who are interested in supplementing their income from the growing of small crops and raising a few head of livestock.

The larger acreages would be for Veterans interested in full time farming on an intensive or specialized basis. Assistance will be available within the limits of the Veterans' Land Act, to assist qualified Veterans to erect homes and effect other improvements.

If sufficient Veterans become interested in this proposition the Director is prepared, in 1947, to subdivide the property along the lines suggested above and help the Veterans who are interested get settled to become established on the property.

For further information and more details, inquire at:

THE REGIONAL OFFICE
THE VETERANS' LAND ACT
Williamson Building,
Edmonton, Alberta.

Excavate, crush and stockpile approximately 30,000 tons of One Inch Base Course Gravel.

The cover of each tender will be marked "TENDER FOR HIGHWAY CONSTRUCTION" and each tender will be accompanied by a certified cheque in the amount of Five Hundred Dollars ($500.00) as provided for in the tender form.

Contract and Specifications may be seen at the Highway Engineer's and Commissioner, Parliament Buildings, Edmonton, and the office of the District Engineer, Old Court House Building, Calgary, and will be available only to Contractors registered and operating in the Province of Alberta, and who own equipment necessary to undertake the work. Contractors will be required to deposit the sum of Five Dollars ($5.00) for each copy of the Contract and Specifications taken, which will be refunded upon the return of the Contract and Specifications in good condition.

The lowest or any tender not necessarily accepted.

G. H. N. MONKMAN,
Deputy Minister of Public Works

Britain Hits Blow At 'Closed Shop'

By Basil Dean

LONDON.—Trade unionists were sharp wrist-slappings for over-enthusiastic trade unions and labor-dominated municipalities for their attempts to impose "closed shop" agreements.

The Willesden (London) borough council was publicly and severely rebuked by Health Minister Aneurin Bevan for threatening to dismiss nurses and midwives in the hospital staff who had neglected to join a union as specified by council authorities.

Mr. Bevan, bluntly told Willesden council—and every other council in Britain—that it is their duty to maintain health services and that all other considerations are secondary.

Raps "Messing About"

Willesden council was the target of a blast delivered by deputy prime minister Herbert Morrison in a public speech Mr. Morrison said he could not understand why "one or two foolish local authorities should be messing about with such a problem." His words were almost drowned by applause.

The trade unions got their chastisement from Labor Minister George Isaacs in the commons. Mr. Isaacs was concerned with recent strike threats among employees of the London passenger transport board which has recently agreed on the closed shop principle.

One or two employees are members of the Plymouth Brethren, and their beliefs prohibit them from joining a union. Should employers demanded they should join the union or quit. Mr. Isaacs warned unions to "respect religious opinions conscientiously held."

Expect Easing of Rules

The powerful National Union of Railwaymen issued an official statement backing up his colleague and it is probable union rules will be changed to allow exemption from the closed shop ruling on conscientious grounds.

Although some opposition newspapers claim their opposition is directed to the closed shop don't go far enough, there is no doubt the government's firmer stand has brought unions up short.

The immediate effect of the labor minister's stand has been to avert a strike threatened for Monday, which would have closed down all most the entire London subway system. This strike, according to the railway union, will not take place.

In Willesden, the council already had withdrawn dismissal notices served on non-union doctors and nurses.

Shot Bridegroom, Given 3-Year Term

ST. CATHARINES, Ont., (CP)—Outcome of a shooting affray involving a St. Catharines bridegroom, 26-year-old Joseph Sutherland, was sentenced to three years and five months in penitentiary on a charge of shooting with intent to maim. He pleaded guilty.

Evidence was that Sutherland shot and wounded Stanley K. Dodd at the home of Sutherland's parents three hours before Good was to marry Sutherland's sister, Viola.

The couple were married the following day at the General hospital.

Barbados to Peg Price of Flour

BRIDGETOWN, Barbados, (CP) —The government Thursday announced it has decided to peg the price of flour at seven cents a pound at a subsidy cost of $100,000 ($400,000), subject to the provision of funds by the legislature.

The cost of flour has risen to such an extent that if it were not subsidized the price would be 10 cents a pound and price of the present two-cent loaf of bread would be three cents.

FAVORS EAST COAST SITE

LAKE SUCCESS, N.Y., (AP)—The United States announced Friday it would support a site on the east coast as headquarters for the United Nations.

THE GOVERNMENT LIQUOR CONTROL BOARD OF ALBERTA
APPLICATION FOR BEER LICENSE

Public notice is hereby given that the undersigned intends to apply to The Alberta Liquor Control Board for a License to sell Beer by the glass or open bottle for consumption on the licensed portion of the premises, and also to sell Beer by the unopened bottle for consumption elsewhere than upon the licensed premises, in conformity with the provisions of The Government Liquor Control Act of Alberta and the Regulations made thereunder, with respect to the following described premises:

Beer Saloon on the west side of the ground floor of the Yale Hotel, situated on Plan "F", Lot 6, Block 3, River Lot 6, Plan "F", Edmonton, Alberta.

Dated at Edmonton, Alberta, this 7th day of December, A.D. 1946.

Robert McDonald,
Applicant

Any person desirous of protesting against the issuance of a Beer License to the applicant should notify the Alberta Liquor Control Board, Edmonton, in writing, within thirty days of the date shown at the foot of this advertisement.

The Changing of the Guard, Permanently

An American soldier, left, is photographed as he explains the duties of his post to a German guard at a displaced persons camp in Darmstadt, Germany. Administration of D. P. camps has been assumed by the Germans themselves. The German is wearing a new-type uniform.

600 Chinese Leave Canada On Long Trip to Homeland

VANCOUVER, (CP)—Long-held dreams of a return to the war-torn land of their birth became a reality Friday for more than 600 Chinese residents of Canada as they embarked on the first leg of their long journey, home to seek families scattered by long years of strife, others going home to die.

They came from far-flung regions of the dominion to join this biggest exodus since 1939 when war restrictions put a clamp on travel. Most were men and most were aged, going home to stay. But about 40 percent will return when their business in China is done.

As they boarded a train here for San Francisco, immigration authorities saw in the movement possibilities of a definite decrease in Canada's Chinese population. One official saw a drop of as much as 50 percent in a 10-year period if the movement continues, for more than 800 others are on reservation lists awaiting passage. And still other hundreds are waiting to get on the lists, now closed because of a shortage of ocean liner shipping.

Even while the 600 entrained for Prince from where they sail Dec. 9 aboard the Canadian Pacific liner Gordon, movements were afoot in Victoria and Ottawa for repeal of the 1923 Chinese Immigration Act.

The Hoyaun Ningyung Benevolent Association wrote Prime Minister King and commons Speaker Gaspard Fauteux urging Chinese be admitted to Canada under the general quota system. At Ottawa a delegation of citizens, interviewing resource Minister Glen, described as "archaic" the act placing limitations on Chinese allowed to enter Canada, terming it a blot on Canada's the next session of parliament.

Frank S. Mah, Chinese steamship passenger expert here who organized this latest movement of 600—the fifth since the end of the First Great War—said an urge to see families they left years ago motivated most to return. They are taking this first opportunity since the end of the Second Great War.

Show Truman Has Veto Power To Control U. S. Legislation

By Clyde Blackburn

WASHINGTON, (CP)—An analysis of the voting strength in the 80th congress elected in the Nov. 5 elections indicates President Truman should be able to make his vetoes stick any time he chooses to reject congressional enactments.

For the next two years the president, heading a democratic administration, must get along with a congress controlled by Republicans.

He has vetoed much legislation enacted when his own party held control and may do the same when an opposition party is in power. It might reasonably be expected that he will be tempted to make wider use of the veto. But that does not necessarily follow.

A presidential veto can be defeated by the vote of two-thirds of the membership in each house against it. In the house of representatives the president must rally at least 146 votes to sustain him if a veto is challenged. In the senate he must be supported by 34 votes, one more than the necessary one-third.

Majority Too Small

Assuming that all Democrats in both houses voted with the president it would be impossible ever to muster a veto because the Republican majority is too small in both chambers.

Bue even assuming that those Democrats who have often voted against the president continue to oppose him, he still will have enough supporters to make up the necessary two-third plus one to sustain his vetoes.

There will be 197 Democrats in the new house and of these 24 are members of the present congress who habitually voted against the president.

Even if all of them continue their opposition to the administration there would still be 163 who might be expected to remain loyal on a veto issue.

Senate More Difficult

Added to them are six Republicans who in the dying congress, voted more than half the time against their party leadership.

There might be more trouble in the senate where the 45 Democratic members include 11 who voted against their party more than half the time in the last congress.

That leaves only 34 fairly sure votes, the minimum necessary to sustain a veto. But there are two Republicans who often voted against their party and might be depended upon to help out.

However, there is the possibility if not the likelihood that in the next two years the Democrats in congress will close their ranks to a great degree in preparation for the 1948 fight to win back control of congress.

If that solidifying movement takes real and decisive form the president's ability to make his vetoes stand up would not be challenged.

Plan to Prospect With Helicopter

BUFFALO, N.Y., (CP)—Swedish geophysicist Hans Lundberg and his 25-year-old son, Sten of Toronto, and R.C.A.F. veteran, will leave shortly for the Canadian north to search for precious minerals from the window of a specially-equipped helicopter.

Tiny plane will carry magnetic instruments which can locate both gold and uranium ore.

Dr. Lundberg points out that the usual ground exploration methods would take months to complete over the vast Canadian hinterland north, while the helicopter can do the same work within a week. The lower vibration of the helicopter permits readings of instruments, while its ability to hover over one spot and move about vertically makes it an ideal aerial prospector.

U. S. to Give 37½ % Of U. N. '47 Budget

LAKE SUCCESS, N.Y. (AP)—The United States has agreed to continue 37½ percent of the United Nation, $23,000,000 administrative budget for 1947 in a compromise move realigning assessments against the 54 member states, it was reported authoritatively.

The United States has refused flatly to pay the half share originally assessed.

Viking Discusses Joining District

VIKING.—Dr. W. H. Swift, deputy minister of education, spoke to a large number of ratepayers in the community hall when the question of the Viking school district joining the Holden school division was thoroughly aired.

The ratepayers passed a motion asking the school board enter an agreement with the Holden school division and submit same to the electors at some future date. Dr. Swift was a teacher in the Viking schools 25 years ago.

Fund Is Started Aid Hanna Family

HANNA. — Board of trade executive held a meeting recently to discuss the offering of a helping hand to the Hanna family.

It was decided to canvass the town, and Ernest Gratton, who has treased family in an effort to make up a sizeable purse to present to them.

Several hundred dollars have already been collected. The fund has been handed to the Board of Trade Miller Distress Fund.

Mrs. George Boggs Head of Auxiliary

DAYSLAND.—Mrs. George Boggs has been elected president of the United Church Women's Auxiliary, elections taking place at a recent annual meeting of the auxiliary. Rev. E. Brundage was in charge of the meeting.

Others chosen were: honorary president, Mrs. S. Rongen; first vice-president, Mrs. N. A. Houghton; second vice-president, Mrs. Fred Hilsby; secretary, Mrs. J. Grant; and treasurer, Mrs. Gordon McCarrol.

Central and North Alberta News

Gas Connections Made at Lacombe

LACOMBE. — More than 125 service connections have been made from the natural gas mains here to consumers, it was learned this week from Northwestern Utilities Ltd. officials here, and more are being turned in a few homes and businesses in town, but it will be some time before all the service connections now made are installed with meters and appliances are ready for gas available for fuel.

A meter crew started work here Monday, and meters are being installed as quickly as possible. Following the crew installing meters is another band of workmen who will install furnace burners. Irking shortages of necessary valves and fittings are slowing up the work but crews are making fairly rapid progress.

Five Teams Enter Gas Line League

VIKING.—Gas Line Hockey league has been organized with teams from Irma, Viking, Bruce, Holden, and Ryley and the first league games will be played Dec. 15. J. J. Blake, Holden, is president, and E. Brown, of Ryley, vice-president. The executive to be chosen from league members.

The Viking Curling club expects to swing into action next week with an ice, 25 inch sheet and another Imperial oil crew working in the district.

Answering the meeting curlers enjoyed a smoker. The new four-sheet rink is now a reality, and will soon take the place of the two-sheet rink that collapsed last March. The Elks' side and the Viking curlers have joined in putting up the new structure.

JINXED BY INJURIES

HANNA. — Oscar W. Fischer, C.N. R. brakeman who was injured the latter part of September in a railway accident at Drumheller while firing, returned to work after many weeks. One week later he was again laid off with a broken ankle hospital, this time with two bones broken in one of his feet which happened while at work on the railroad.

Mrs. A. Campbell Dies at Vancouver

LACOMBE — Funeral services were held recently from the St. Andrew's United church, Lacombe for Mrs. A. M. Campbell, 68, and a long time resident of Lacombe, who died at her home in Vancouver.

Mrs. Campbell, who came to Lacombe in 1902, was the widow of the late A. M. Campbell, who operated one of the largest department stores in Lacombe for many years. She was very well known throughout the town and district.

She is survived by one son, Lawrence of Lacombe; and two daughters, Mrs. Mathew Halton of London, England and Mrs. Herbert Schmidt of Rochester, Minnesota.

Wars on Coyotes With Cub Plane

PROVOST. — Ronald Fleming, Provost, formerly a pilot in the R.C.A.F., has found a new and unique method for hunting down coyotes.

Fleming recently purchased a Piper Cub airplane, equipped it with skis and went hunting. He locates the animals from the plane, manoeuvres them into position and then lands his small aircraft. Armed with a rifle he goes in for the kill.

It's just a little sport relaxation for the former airman but he has won the gratitude of many district residents.

His best bag to date is three coyotes in one day.

Doctors' Meeting Held at Vegreville

VEGREVILLE.—Second regular meeting of medical district nine was held here recently with Dr. P. H. Sprague and Dr. W. Bramley-Moore, Edmonton; Dr. H. C. Wallace, Dr. J. E. Bell, Dr. Lorne Bennett; Dr. Gerald Islay; Dr. Hasinoff, Mannville; Dr. Caldwell, Viking; Dr. Winnitoy, Two Hills; Dr. Reid, Dr. Couillard, Dr. Ross, Dr. Svarich, Dr. Kunyk and Dr. Yoneda of Vegreville in attendance.

Following dinner a business meeting was held in the nurse's lecture room at the Vegreville hospital. Dr. Couillard, president, opened the meeting and introduced the speakers. Two interesting papers were by Dr. Young, Dr. Kunyk and Dr. Bradley.

Dr. Sprague and Dr. Bramley-Moore were called on to speak on the recent meeting of the board of directors and the council.

Dr. Young spoke briefly on the recent associated hospital convention.

LACOMBE IS POPULAR

LACOMBE. — Proof of the popularity of Lacombe and the fact that it is known from coast to coast of the globe is shown in a letter received this week by Arnold Gray, of the Royal Bank staff. This letter was from the Raja Toys, Central Series, India and requested that Mr. Gray to forward names of business places in Lacombe that may be interested in their merchandise. In return Mr. Gray was promised a toy motor car and airplane set.

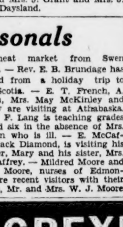
Dayland Society Presents Program

DAYSLAND. — Sixteen entrants competed in the Young People's society amateur program held recently. An enjoyable highlight were the stunts by persons called from the crowd.

Arthur Boggs and Lorraine Cashman took first and second places in the singing class while the instrument class was led by Dick Guntrop, Bawlf, with a violin solo and second place went to Edith Pryke with a piano solo.

Readings were given by Harris Cashman and Jean Pedorvich. The judges were Mrs. Freeman, Camrose and Mrs. J. Grant and Mrs. J. Miller, Dayland.

"MEET THE MAYOR"



Mayor Ainlay resumes his popular "Meet the Mayor" audience over CFRN. "Meet The Mayor" features informal chats by prominent citizens on behalf of those attending. You'll want to hear this in this series at 5:45 p.m. Sunday, over CFRN.

—Advt.

District Personals

FERINTOSH. — Mr. and Mrs. Elmer Coen, who have purchased the Grandma Sigalet house and moved into town, have moved in and are permanent residents. — Recent visitors with their parents. — Mr. and Mrs. Sven Nielson, Central Valley, recently celebrated their 15th wedding anniversary. Mrs. Nielson's friends gathered for a real surprise. Prank Moore, Mrs. Moore's father-in-law, were recent visitors with their parents, Mr. and Mrs. W. J. Moore.

VEGREVILLE. — Mr. and Mrs. Stuart Crawford, Grande Prairie, spent a few days renewing acquaintances here. Mrs. Kerr went to Edmonton to spend a few days with her daughter, Miss Frances Hacker, nurse in training. Sinsella, has returned to her home after visiting friends here. — Members of the Masonic lodge went to Wetaskiwin to attend a lodge meeting there.

VIKING. — Viking Fish and Game Association is holding a turkey-key shoot at the Viking gas camp. Dec. 8. Frank Ploc has sold his meat market at Edgerton and purchased a farm in the Viking district.—The Viking Ladies' Hospital Auxiliary report another successful bazaar and tea held Nov. 30.—Wedding of Miss Georgina Overton, matron of the Viking hospital to Mr. Stanly Sorenson, was an event of wide interest on Nov. 27. — Miss Minnie Ross, daughter of Mr. and Mrs. Fred Ross died Nov. 29 at the age of 36 years. She was born in Viking and attend schools here.

DAYSLAND. — Frank Graham has gone to Vancouver for the winter. — W. Laidlaw, Jr., left recently and broke a bone in his right hand. — Mr. and Mrs. O. Little have gone to the Pacific coast to spend the winter. — Mr. and Mrs. J. A. Thompson, Mrs. Rowland and Wendelin Hendricks, Bodo, Sask., attended the funeral of Mrs. A. Hendricks, a former resident living slowly from an operation at the Royal Alexandra hospital. — Joe Micka has gone to Rowland and to Mrs. J. Gerow of Edmonton. — Mr. and Mrs. H. Cornell of Mayerthorpe were recent visitors to Calgary. — Mr. and Mrs. Allan Pryor are on a business trip to Calgary. — Archie Parsons has gone to Grande Prairie to work for the winter. — Mr. and Mrs. Berry and Mrs. R. Court were hostesses recently at the home of Mrs. Berry. About 35 persons gathered to shower Miss Spiller, bride-elect with many lovely gifts. — Mr. and Mrs. Jerry Maloney and sons have left to make their home at Burnaby, B. C. They intended to motor all the way stopping at Calgary and Lethbridge and at points in the United States. — Gordon Mohler has purchased the

Father Harrison Leaving Lacombe

LACOMBE. — Father G. J. Harrison, Roman Catholic priest in charge here for the past 2½ years, will leave in the near future to reside in Edmonton, it was announced, retired army chaplain, will fill the vacancy here, and is expected to take over duties the latter part of this month.

Father Harrison, a well known figure here, was ordained in Toronto, where he was ordained at St. Augustan's seminary.

Stiles President Of Viking Board

VIKING.—At the annual meeting of the Viking and District Board of Trade the following officers were elected: E. N. Stiles, president; Magnus Hansen, vice-president; C. R. Smith, secretary-treasurer.

Herb Purdy, western representative of the Canadian Chamber of Commerce, and R. MacPherson, of the Edmonton Board of Trade addressed the meeting. Educational films were shown.

Heavy Milk Record Set by Holstein

B. E. Hosford, South Edmonton, breeder, has just had one of his herd of purbred Holsteins qualify for a red seal certificate of longtime production awarded by the Holstein-Friesian association of Canada. The animal is Dinah Schuiling Pietetje with a seven-lactation lifetime production to date of 117,821 lbs. milk containing 3,483 lbs. fat. All of her records were made on record-of-performance test conducted by the dominion department of agriculture and in each lactation she was milked twice daily.

"Dinah" is not only a good producer but a good individual as well. She has been classified as "gold medal" in selective registration for type. Her latest record was 574 lbs. fat from 19,087 lbs. milk made as an 11-year-old. This is her largest production to date. She was not started on test until she was a four-year-old and in each lactation since then has produced more than 15,000 lbs. of milk.

Marketings of coarse grains also were reduced during the week ended Nov. 21, oats, 2,011,291 bushls; barley, 1,003,107; rye, 97,339.

SHEEP SHEARER CHAMP

CHICAGO, (AP) — Lane R. Potter, 34, of Sidney, Montana, was declared world champion sheep shearer at the International livestock exposition. He sheared one of his three contest sheep in one minute and 49 seconds.

Exposition officials said Potter's average on the three sheep was two minutes and nine seconds which broke the exposition record of two minutes and 40 seconds.

VALUE OF TRANSACTIONS

MONTREAL.—The dollar value of all shares traded on the Montreal stock exchange and curb market during the month of November was the lowest for the year to date. The current value $24,081,058 compares with total for the previous month of $26,754,664, and a figure of $38,924,047 for November 1945. The high was recorded in January when the value was $64,174,093.

Route of 'Big' and 'Little Inch' Pipelines in U.S.

The above map shows the routes of the "Big Inch" and "Little Inch" pipelines which were built in the U.S. to speed delivery of oil to the east coast during the war. Use of the pipelines for the transmission of natural gas has been proposed to ease the disastrous fuel shortage caused by the strike of soft coal miners.

Livestock

EDMONTON LIVESTOCK

Stockyard receipts for the week: cattle 3094, calves 508, hogs 3017, sheep 907.

Trading was brisk on the cattle market the past week, with prices 25 to 30c per cwt. higher, under lenient grading. Receipts were normal consisting largely of plain and in-between kinds, with insufficient top quality butchers to meet requirements. Under a good demand all offerings were readily cleared. The high for the week was 12.75 per cwt. paid for one load of choice weighty steers. The bulk of the good to choice steers on offer traded from 12.00 to 12.50 per cwt. Good to choice heifers were mostly from 10.75 to 11.25 per cwt. with a few small lots at 11.50 per cwt. The cow market firmed with good light cows selling from 8.50 to 9.50 per cwt. and good heavy cows 7.50 to 8.75 per cwt. Bulls sold from 8.00 to 9.00 per cwt.

Stockers and feeders of suitable quality in fair demand. Choice steers 10.00 to 10.50, a few short keeps at 11.00 per cwt., good steers 9.00 to 10.00, common to fair steers 8.00 to 8.75. Stock heifers 7.50 to 9.50. Stock cows 6.50 to 8.00 per cwt.

Veal calves firmer. Good to choice handyweights 11.50 to 12.50, choice lights topping 13.00 per cwt, heavy and common kinds 10.50 down to a low of 7.00 per cwt.

Hogs unchanged, grade A for shipment 19.00 per cwt., at plants 18.25 per cwt. Sows liveweight on yards 13.25 per cwt., dressed 15.25 to 15.75. Feeders 14.50 to 16.50 according to weight and quality. A few choice lights topping 17.00 per cwt.

Lambs steady. Good handyweight locals 12.75 per cwt., off cars 13.25 per cwt., medium 9.50 to 11.00, yearlings 6.00 to 8.00. Light ewes 5.00 to 6.00, medium ewes 3.50 to 5.00. Feeders in limited demand from 6.50 to 9.50 per cwt.

LIVESTOCK REVIEW

OTTAWA, (CP) — Cattle receipts were down slightly this week and buyers are competing for all good quality offerings, the agriculture department reported in its weekly review.

At Toronto, some choice weighty steers sold at 13.50 — 13.85, with two loads at 14, and butcher steers and heifers brought 10.50 - 12.50 and stockers 9.25 - 11.75. At Montreal the best of the steers were at 12 - 12.50 and an odd 13, and good cows 9.50 - 10 and 10.50.

Some weighty steers at Winnipeg brought 13 - 13.50, with medium to good slaughter kinds 11 - 12.50, while feeders were in demand at 10.00 - 11.00. At Calgary good to choice butcher steers rated 11.75 - 12.50; Edmonton was up 25 cents, with a good clearance and the practical top on steers 12.50, one load at 12.75, and another small lot 12.65; and Vancouver 10.50 - 11.50.

Exports of dairy cattle to the United States during the week totalled 1,043 head, compared with 755 in the same week last year.

Some good advances were made in calf prices. Toronto continued at 16-17 for choice veals but Winnipeg advanced around $1, moving good to choice vealers at 14 - 16. Calgary reported 10.75 - 11.25 for best veals; Edmonton firmer at 11.50 - 12.50 and an odd 13; Saskatoon 12.00 - 12.50 and a few 13.

Hog prices on eastern markets moved up, Toronto closing at 21 for grade A, while Montreal was on a basis of 21 - 21.50. Western centres were generally unchanged, grade A at Winnipeg selling at 18.70; Calgary 18.60; Edmonton 19 for shipment and 18.25 at plants; Vancouver 19 - 19.50. Moncton paid 21.

The above prices do not include the dominion government premium of $2 a head on grade A and $1 per head on grade B-1 hogs.

Lambs at Toronto closed at 15.50 for good quality; Montreal 15, with a couple of loads at 15.50; Winnipeg 13.75; Calgary 12.50 - 12.85; Edmonton 13.25; Saskatoon 12.50 but mostly 11 - 12 and the Maritimes 12.50.

FOREIGN EXCHANGE

NEW YORK, (CP)—The Canadian dollar was down 3/16 at a discount of 4¼ percent in terms of United States funds in closing foreign exchange dealings. The pound sterling was down ¼ at $4.02⅞.

Grain Prices

WINNIPEG GRAIN

WINNIPEG, (CP) — Rye futures prices moved in a relatively narrow range Saturday in trading on the Winnipeg grain exchange. Trade was on the selling side.

At the close prices were 2¼-1¾ lower with Dec. 2.81B; May 2.60⅝-⅞ and July 2.40⅞A. Cash rye 2.81.

CHICAGO GRAINS

CHICAGO.—Wheat strengthened Saturday while corn and oats weakened on the grain exchange here. Jan. wheat closed at 2.09, up 2¼. Jan. corn was down 2¾ at 1.31 and oats down 1¼ at 80⅛.

SAYS SHOW HIGH QUALITY

CHICAGO. — A. C. Douglas of Chippewe, Ont., new world field pea king, who won with registered No. 1 Chancellor variety attended the parade of champions at the International Grain Exposition. "I like the spirit of the show and the exposition is of very high quality all the way through," he said.

CARLOADING RECORD

OTTAWA, (CP)—Carloadings for the week ended Nov. 30 totalled 78,037 cars, a decline of 674 from the previous week but 4,741 cars higher than in the corresponding week last year, the dominion bureau of statistics announced.

The adjusted index for the 48th week was 157.3 against 151.3 the previous week and 148.2 in 1945.

Auto Production At Post-War High

DETROIT, (AP) — Passenger car and truck production in Canada and the United States this week reached a new post-war high at 96,519 units, Ward's automotive reports said.

The previous high mark was 96,461 in the week ended Nov. 23. Ward's said a revised estimate of November output placed the total at 260,609 passenger cars and 100,237 trucks from United States plants, plus 9,566 cars and 8,493 trucks in Canada.

BRALORNE'S GOLD

VANCOUVER, (CP)—Gold worth approximately $1,200,000 was produced by Bralorne mines in the first half of 1946 prior to the recently-settled gold miners strike, it was shown by the company in a report to shareholders.

Recovery for the six months was 31,151 ounces from 59,711 tons of ore, an average of .52 ounces per ton.

The report said it was hoped enough suitable miners would become available so that reasonable costs and higher production could be reached soon.

NEW YORK STOCKS

NEW YORK, (AP)—Rail stocks Saturday responded to the freight rate boost with a jump of one to more than four points in the liveliest Saturday market since last May but extreme gains eventually were cut by profit cashing and many industrials still were handicapped by the coal crisis.

Canadian issues were slightly higher at midday. Canadian Pacific was up ⅝, Hiram Walker up ⅜, Distillers Seagram up ¼. Dome Mines slipped ¼ and Lake Shore slipped ⅛.

Commodities were steady.

The Dow index was up .62 for industrials while rails advanced 1.65 Saturday.

EXPORTS FIRST TEA

SHIMIZU, Japan, (AP)—The first post-war shipment of Japanese tea to Africa and Europe—3,500 cases—is scheduled to leave aboard the transport Vanderbilt Victory.

Britain to Continue Campaign For Verifying Troop Census

LAKE SUCCESS, N.Y., (AP)—Britain may take right to the general assembly floor her fight to establish an inspection board to verify the number of armed troops in the world, an authoritative source said Saturday.

This possible move was disclosed as the assembly prepared to meet in plenary session Saturday night at Flushing Meadows to receive a committee-approved plan calling for all members of the United Nations to report the number of their troops at home and abroad by Jan. 1, 1947.

Meanwhile, the U.N. security council scheduled a meeting for Tuesday to consider a new Greek complaint that Yugoslavia, Albania and Bulgaria had supported guerilla warfare within Greece and to take up Siam's resubmitted membership application.

The Iranian question, which the security council has been watching for months, was revived Friday with Iran's informative statement that Russia through her Teheran ambassador had given "friendly admonition" that movement of Iranian troops into Azerbaijan to police elections starting Saturday might "result in disturbances."

Sources in touch with British views on the troop census said Britain had given "serious thought" to raising the issue of verification when the troop census plan comes before the assembly. Britain failed last week in the 54-member U.N. political committee to get her plan approved.

British delegates argue that unless the troop figures are verified by a U.N. commission they will mean very little. There was a feeling in the British delegation that Russia would not now object to the verification system.

Meanwhile, sub-committees of the powerful political committee scheduled three meetings Saturday to discuss world disarmament and Spain.

Continue Controls, Asks Labor Body

OTTAWA, (CP) — Continuance of price controls was urged by the executive council of the Canadian Congress of labor, which termed them a means of protecting the living standards of Canadian workers.

The council, at a regular meeting, also discussed possible effects of the Nov. 30 removal of wage ceiling, also discussed possible effects of study of wages, both from an immediate and long-term standpoint, through a special committee. The committee will report at the next meeting of the council in Montreal in January.

OIL PRODUCTION

OTTAWA, (CP)—Canadian production of crude petroleum and natural gasoline in September totalled 624,954 barrels compared with 623,287 in the previous month, the bureau of statistics announced Total for the nine months ending September, was 5,753,347 barrels compared with 6,560,803 in the same period of 1945.

During the elapsed portion of the present crop year, wheat deliveries rose to 211,117,734 bushels from 151,084,477 in the similar period of 1944-45.

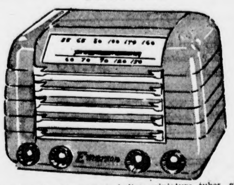
The Emerson Farm Radio
A Fine Five-Tube Set in a Beautiful Walnut Colored Bakelite Cabinet



New wartime developments, including miniature tubes, give this radio great sensitivity and efficiency. It is equipped with an extra long battery cable so that the battery pack may be placed on the floor, while the receiver is on the table. The set employs a 4x6 inch high efficiency speaker, making for unusually good tonal qualities. The tone control is continuously variant. A very important feature is the incorporation of a noise reducing R.S. stage. Battery pack life under normal conditions is 650 hours.
